TOWN OF BROOKLINE.

CLERK'S DEPARTMENT.

THE TOWN RECORDS

OF

BROOKLINE,

MASSACHUSETTS,

FOR THE

MUNICIPAL YEAR ENDING JANUARY 31, 1908.

BROOKLINE:

THE RIVERDALE PRESS: C. A. W. SPENCER.

1908.

BROOKLINE TOWN RECORDS

FOR THE MUNICIPAL YEAR 1907-08.

ANNUAL MEETING, MARCH 14, 1907.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To any Constable of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Thursday, the fourteenth day of March, 1907, at six o'clock in the forenoon, for the following purposes, to wit:—

First, To choose a Moderator.

Second, to choose by ballot the following Town Officers: One Town Clerk, for one year; five Selectmen, for one year; one Collector of Taxes, for one year; one Treasurer, for one year; three Assessors, for one year; three members of the School Committee, for three years; one member of the School Committee, for one year; four Trustees of the Public Library, for three years; two trustees of Walnut Hills Cemetery, for three years; one Trustee of Walnut Hills Cemetery, for one year; one Park Commissioner, for three years; one member of the Water Board, for three years; three Auditors, for one year; three members of a Committee on Planting Trees, for one year; two Fence Viewers, for one year; five Constables, for one year; also, upon the same ballot, to vote "Yes" or "No" upon the question, "Shall licenses be granted for the sale of intoxicating liquors in this town?" For these purposes the polls will be opened at a quarter after six o'clock in the forenoon and may be closed at a quarter after five in the afternoon. Also to choose or appoint all the other usual town officers in such manner as the town may determine.

Third, To accept the list of Jurors, as revised by the Selectmen and posted according to law.

Fourth, To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of taxes.

Fifth, To act upon the appropriations asked for or proposed in the annual town reports by the Selectmen or by any town officers or committees.

Sixth, To vote that on all taxes and sewer assessments remaining unpaid after a certain time, interest shall be paid at a specified rate not exceeding six per cent per annum.

Seventh, To appropriate eight hundred and fifty dollars (\$850.00) for interior renovation of the Devotion Primary School.

Eighth, To appropriate one thousand dollars (\$1,000.00) for constructing a wall at Walnut Hills Cemetery.

Ninth, To appropriate one thousand dollars (\$1,000.00) for repairing school grounds.

Tenth, To appropriate seven thousand dollars (\$7,000.00) for the improvement of the Lowell Playground.

Eleventh, To appropriate one thousand dollars (\$1,000.00) for the erection of a fence along the Parkway.

Twelfth, To appropriate one thousand dollars (\$1,000.00) for the improvement of the Coolidge Playground.

Thirteenth, To make an additional appropriation of five hundred dollars (\$500.00) for the improvement of the Cypress Street Playground.

Fourteenth, To appropriate forty-six thousand five hundred dollars (\$46,500.00) for constructing the widening of Hammond street.

Fifteenth, To make an additional appropriation of nine thousand one hundred dollars (\$9,100.00) for additions to the Town Stable.

Sixteenth, To appropriate eight hundred dollars (\$800.00) for plumbing and the installation of a heater in the old Scarlet Fever Hospital building.

Seventeenth, To appropriate fifteen hundred dollars (\$1500.00) for interior repairs and alterations at the Bath House.

Eighteenth, To appropriate five hundred and forty-five dollars (\$545.00) for repairs of boilers at the Heating and Lighting Plant.

Nineteenth, To appropriate six thousand five hundred dollars (\$6,500.00) for automobiles for the Fire and Police departments.

Twentieth, To appropriate four thousand dollars (\$4,000.00) for removing deposit in Leverett Pond.

Twenty-first, To amend Article XIV, Section 1, of the Town By-Laws so as to include the Municipal Gymnasium in the care of the Bath House Committee and to make any other changes in the same article.

Twenty-second, To authorize the Water Board to purchase land for a site for a stable and workshop, and to appropriate fifteen thousand dollars (\$15,000.00) therefor.

Twenty-third, To appoint a Committee to consider the question of establishing a Municipal Lighting Plant and department.

Twenty-fourth, To see if the town will appropriate the sum of three hundred dollars (\$300.00) to be expended for the purchase of law books to be placed in the library of the Court House in Brookline provided an equal amount should be contributed by private subscriptions for that purpose.

Twenty-fifth, To see if the town will accept an Act of the General Court authorizing towns to pay a pension to the widow or children of a policeman or fireman who has died or may die as a result of injuries received in the performance of his duty.

Twenty-sixth, To see if the town will authorize and instruct the Selectmen to petition the Legislature for authority for the town to pay the widow of the late Patrolman Joseph McMurray four hundred dollars (\$400.00) annually.

Twenty-seventh, To appropriate ten thousand dollars (\$10,000.00) for suppressing gypsy and browntail moths, and to designate the public officers or boards to destroy the same.

Twenty-eighth, To authorize the Selectmen to contract with the California State Commission of Horticulture for the destruction of gypsy and browntail moths in Brookline, for the sum of twenty-five thousand dollars, if the work is successful.

Twenty-ninth, To hear and act upon reports of town officers and committees.

Thirtieth, To appropriate and raise by borrowing or otherwise such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Selectmen, seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twenty-fifth day of February, in the year of our Lord one thousand nine hundred and seven.

WILLIAM CRAIG,
JOHN A. CURTIN,
HORACE JAMES,
NATHANIEL CONANT,
PHILIP S. PARKER,
Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, MASS., March 4th, 1907.

By virtue of this warrant, I have notified and warned the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at their last and usual place of abode, and also by posting attested copies of said warrant in three or more public places in said Brookline, all of which was done seven days at least before said day of meeting.

WILLARD Y. GROSS, *Constable.*

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline qualified to vote in elections met at the Town Hall in said town on Thursday, the fourteenth day of March, in the year of our Lord one thousand nine hundred and seven, and were called to order at six o'clock in the morning by the Town Clerk, who read the warrant calling the meeting, and the return thereon of the constable who served the same upon the inhabitants.

First Article,—"To choose a Moderator."

On motion of Willard Y. Gross,—

Voted, That the meeting proceed to ballot for Moderator, and that the polls be kept open one minute.

Frederic M. Bond and Francis F. Muldowney, who had been appointed Ballot Clerks by the Selectmen, were sworn by the Town Clerk and put in charge of the check-list and ballot-box used in the election of Moderator.

The Town Clerk, at eight minutes after six o'clock declared the polls open for the reception of votes for Moderator. At nine minutes after six o'clock the polls were declared closed. The votes cast were sorted and counted, and declaration made by the Town Clerk as follows:—

Whole number of votes, four (4). Leslie C. Wead had four (4), and was declared elected Moderator.

The meeting was called to order by the Moderator, and prayer was offered by Rev. Daniel Dulany Addison.

The Assistant Ballot Clerks and Tellers who had been appointed by the Selectmen were sworn and assigned to their duties as follows:—

ASSISTANT BALLOT CLERKS.

Robert A. Smiley,	Felix R. King,
Clarence E. Fuller,	Michael J. McGrath,
Murray T. Edgar,	Denis T. Harrington,
Edwin A. Robart,	Francis E. Muldowney,
D. Edward Beede,	James J. Lynch,
Oliver H. Delano,	John J. Harrington,
George W. Pree,	William O'Hearn.

TELLERS.

Alfred E. Kenrick,	John W. Shields,
C. A. W. Spencer,	Edward A. Cahill,
Gabriel C. Morison,	William J. Love,
Alfred H. Cornell,	Martin J. Cochrane,
Anson B. Norton,	James M. Driscoll,
George I. Rogers,	Thomas B. McCaffery,
A. Noble Creelman,	William F. Foley.

On motion of Edward W. Baker,—

Voted, That the third and fourth articles in the warrant be taken up for consideration immediately after the conclusion of business under the second article.

On motion of Edward W. Baker,—

Voted, That all the articles in the warrant after the fourth article be referred to a committee, consisting of the Moderator of this meeting as chairman, the Town Clerk as secretary, the Selectmen, and thirty citizens to be appointed by the Moderator, to consider and report upon in print, with appropriate forms of votes, at the adjournment of this meeting. If the committee recommends any changes in the annual appropriations as recommended by the Selectmen and other town officers and committees, such changes shall be stated in the report of the committee with the reasons therefor. The report of the committee shall be distributed as the warrants for town meetings are usually distributed.

Under this vote the Moderator appointed the Committee to consist of the following:—

THOMAS ASPINWALL.
GEORGE S. BALDWIN.
EVERETT M. BOWKER.
RUFUS G. F. CANDAGE.
ALFRED D. CHANDLER.
WALTER CHANNING.
JAMES M. CODMAN, JR.
NATHANIEL CONANT.
WILLIAM CRAIG.
PRENTISS CUMMINGS.
HARRY W. CUMNER.
JOHN A. CURTIN.
DANIEL J. DALEY.
JAMES R. DUNBAR.
DESMOND FITZGERALD.
EMERY B. GIBBS.
MORRIS A. HALL.
FRANKLIN W. HOBBS.

CHARLES W. HOLTZER.
WILLIAM F. HUMPHREY.
HORACE JAMES.
THOMAS J. KELLY.
ALFRED E. KENRICK.
WILLIAM H. McMANUS.
JAMES P. MACKEY.
FRANK H. MONKS.
OSCAR B. MOWRY.
BURTON W. NEAL.
MICHAEL J. O'HEARN
PATRICK O'LOUGHLIN.
PHILIP S. PARKER.
CHARLES H. PEARSON.
ISIDOR PHILLIPS.
JOSEPH WALKER.
FRED H. WILLIAMS.

Second Article,—"To choose by ballot the following Town Officers: One Town Clerk, for one year; five Selectmen, for one year; one Collector of Taxes, for one year; one Treasurer, for one year; three Assessors, for one year; three members of the School Committee, for three years; one member of the School Committee, for one year; four Trustees of the Public Library, for three years; two Trustees of Walnut Hills Cemetery, for three years; one Trustee of Walnut Hills Cemetery, for one year; one Park Commissioner, for three years; one member of the Water Board, for three years; three Auditors, for one year; three members of a Committee on Planting Trees, for one year; two Fence Viewers, for one year; five Constables, for one year; also, upon the same ballot, to vote 'Yes' or 'No' upon the question, 'Shall licenses be granted for the sale of intoxicating liquors in this town?' For these purposes the polls will be opened at a quarter after six o'clock in the forenoon and

may be closed at a quarter after five in the afternoon. Also to choose or appoint all the other usual town officers in such manner as the town may determine."

The Town Hall had been fitted up as a polling place, a space railed off, and eighty compartments or shelves provided for the convenience of voters in examining and marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities. Cards of instruction and specimen ballots were also posted in different parts of the building outside of the rail; all in accordance with the laws of the Commonwealth of Massachusetts governing elections.

The arrangement of the railing was such that four entrances were provided for voters to enter the space inside the rail for the purpose of marking their ballots, with four ballot-boxes to correspond, one for each entrance. The Ballot Clerks were provided with duplicate sets of the lists of registered voters of the town, one for men voters and one for women voters, as prepared by the Registrars of Voters for use at this election. These alphabetical lists of voters were divided to correspond with the four entrances and four ballot-boxes as follows:—

Entrance No. 1—A to D inclusive.

Entrance No. 3—L to P inclusive.

Entrance No. 2—E to K inclusive.

Entrance No. 4—Q to Z inclusive.

The Moderator appointed Constable Willard Y. Gross to have charge of the ballot-boxes and the space inside of the railing.

The Town Clerk delivered to the Moderator three sealed packages of ballots to be used at this election, and took his receipt therefor in writing, as follows: One package marked "2,600 Official Ballots, Brookline, March 14, 1907"; one package marked "2,594 Official Ballots, Brookline, March 14, 1907"; one package marked "750 Official Ballots, for School Committee Only, Brookline, March 14, 1907."

The election officers stationed at the four entrances were supplied with the lists of voters, and with the official ballots taken from the packages received from the Town Clerk, with instructions to deliver such ballots only to voters whose names were found and checked on the lists.

The four ballot-boxes — as inspected and approved by the Secretary of the Commonwealth to be used at elections — were then opened in public meeting, examined by the Moderator and other election officers, and found to be empty. The register of each box was set at zero (0), the boxes locked, and the keys

delivered to Willard Y. Gross, who had been appointed constable in charge of the ballot-boxes and the space inside the rail.

At eighteen minutes after six o'clock the polls were declared open for the reception of votes for town officers, and were kept open until fifteen minutes after five o'clock in the afternoon, when, after due notice, they were declared closed.

By consent of the Moderator and Town Clerk, the ballot-boxes were opened several times during the day for the purpose of removing the ballots to be counted.

At the close of the polls the registers of the ballot-boxes read as follows: ballot-box No. 1, the "Ideal," registered 360; ballot-box No. 2, the "Ideal," registered 339; ballot-box No. 3, the "Ideal," registered 373; ballot-box No. 4, the "United States," registered 317.

The total number of ballots deposited was thus indicated to be one thousand, three hundred and eighty-nine (1,389), as follows:—

Ballot-box No. 1	360
Ballot-box No. 2	339
Ballot-box No. 3	373
Ballot-box No. 4	317
Total	1,389

The names checked on the voting lists by the Ballot Clerks at the entrances to the polling place, and by the checkers at the ballot-boxes, were counted up, compared, and found to agree, and the total number of names so checked was one thousand three hundred and eighty-nine (1,389) of which eighty-three (83) were the names of women, and one thousand three hundred and six (1,306) were the names of men, as follows:—

Entrance No. 1.	A to D.	Men	341	
		Women	19	360
Entrance No. 2.	E to K.	Men	322	
		Women	17	339
Entrance No. 3.	L to P.	Men	355	
		Women	18	373
Entrance No. 4.	Q to Z	Men	288	
		Women	29	317
Total names checked				1,389

The number of names checked agreed with the number previously stated as registered by the ballot-boxes.

The Ballot Clerks reported that the number of ballots unused at the close of the polls deducted from the number received in the three packages showed that one thousand three hundred and six (1,306) ballots had been delivered to men voters, and eighty-three (83) ballots "For School Committee Only" had been delivered to women voters.

The Moderator, Town Clerk, and Tellers then canvassed the ballots, and the whole number was one thousand three hundred and eighty-nine (1,389), eighty-three (83) of which were votes of women for School Committee only, which were sorted, counted, and declaration thereof made in open town meeting, at thirteen minutes before six o'clock in the evening, as follows:—

Town Clerk:

Edward W. Baker had seven hundred and thirty-four (734), and was declared elected. (Sworn by the Moderator.)

Blanks, five hundred and seventy-two (572).

Selectmen:

Nathaniel Conant had nine hundred and thirty-two (932). (Sworn by the Town Clerk.)

William Craig had ten hundred and thirty-five (1035).

John A. Curtin had ten hundred and ninety-two (1092). (Sworn by the Town Clerk.)

Horace James had nine hundred and sixty-nine (969). (Sworn by the Town Clerk.)

Philip S. Parker had nine hundred and seventy-five (975). (Sworn by the Town Clerk.)

And they were declared elected.

Blanks, fifteen hundred and twenty-seven (1527).

Treasurer:

George H. Worthley had nine hundred and eighty (980), and was declared elected.

Scattering, three (3).

Blanks, three hundred and twenty-three (323).

Collector:

George H. Worthley had eight hundred and three (803), and was declared elected.

Warren C. Merrill had four hundred and sixteen (416).

Scattering, one (1).

Blanks, eighty-six (86).

Auditors:

Gardner C. Brooks had eight hundred and forty-eight (848).

Charles F. Read had eight hundred and fifty-six (856).

George Rogers had eight hundred and fifty-five (855).

And they were declared elected.

Blanks, thirteen hundred and fifty-nine (1359).

Assessors:

Charles A. Bowditch had nine hundred and thirty-two (932).

Daniel J. Daley had ten hundred and sixty-eight (1068).

Charles H. Stearns had nine hundred and fourteen (914).

And they were declared elected.

Blanks, ten hundred and four (1004).

Trustees of Public Library, Three Years:

Rufus G. F. Candage had eight hundred and nine (809).

Desmond FitzGerald had eight hundred and forty-five (845).

Carleton S. Francis had eight hundred and seventy-three (873).

Moses Williams had eight hundred and eighty-seven (887).

And they were declared elected.

Scattering, one (1).

Blanks, eighteen hundred and nine (1809).

Member of Water Board, Three Years:

Timothy J. Burke had eight hundred and forty-six (846).

And he was declared elected.

Blanks, four hundred and sixty (460).

School Committee, Three Years:

Everett M. Bowker had nine hundred and forty-five (945).

Michael Driscoll had ten hundred and twenty-seven (1027).

Ruth C. Paine had nine hundred and fifty-six (956).

And they were declared elected.

Blanks, twelve hundred and thirty-nine (1239).

School Committee, One Year:

(To fill a vacancy.)

Edward C. Mills had nine hundred and forty-one (941).

And he was declared elected.

Scattering, one (1).

Blanks, four hundred and forty-seven (447).

Park Commissioner, Three Years:

Charles S. Sargent had eight hundred and twenty-eight (828).

And he was declared elected.

Blanks, four hundred and seventy-eight (478).

Trustees of Walnut Hills Cemetery, Three Years:

Harvey H. Baker had eight hundred and fifty-six (856).

Charles H. Stearns had eight hundred and fifty-eight (858).

And they were declared elected.

Blanks, eight hundred and ninety-eight (898).

Trustee of Walnut Hills Cemetery, One Year:
(To fill a vacancy.)

Ernest B. Dane had eight hundred and twenty-six (826).

And he was declared elected.

Blanks, four hundred and eighty (480).

Committee on Planting Trees:

James H. Bowditch had eight hundred and forty-three (843).

Emma G. Cummings had eight hundred and eighteen (818).

Ernest B. Dane had seven hundred and thirty-five (735).

And they were declared elected.

Scattering, three (3).

Blanks, fourteen hundred and nineteen (1419).

Fence Viewers:

George H. Delano had nine hundred and twenty-one (921).

Willard Y. Gross had eight hundred and seventy-three (873).

And they were declared elected.

Scattering, one (1.)

Blanks, eight hundred and seventeen (817.)

Constables:

Frank M. Fay had nine hundred and thirty-six (936).

John E. Griffin had eight hundred and sixty-eight (868).

Willard Y. Gross had eight hundred and eighty-one (881).

Albert S. Paige had nine hundred and six (906).

Edward D. Tucker had six hundred and seventy-six (676).

And they were declared elected.

Scattering, eight (8).

Blanks, twenty-two hundred and forty-five (2245).

On the Question, "Shall Licenses be Granted for the Sale of Intoxicating Liquors in this Town?"

"Yes," four hundred and fifty-eight (458).

"No," six hundred and seventy-five (675).

Blanks, one hundred and seventy-three (173).

And declaration was made that the town had voted not to grant licenses for the sale of intoxicating liquors.

In counting the ballots the blank forms approved by the Secretary of the Commonwealth were used by the Tellers.

After the declaration of the result of the balloting the meeting came to order and the following business was transacted:—

Voted, That when this meeting adjourns it be to meet in this place on Wednesday, the twenty-eighth day of March, 1907, at half-past seven o'clock in the evening.

Voted, That the Board of Selectmen elected, with Miss Martha W. Edgerly and Miss Sarah B. Train, be the Overseers of the Poor for the ensuing year.

The following town officers were nominated and elected by the meeting:—

Field Drivers:

Jerry Bond, Henry Lyman.

Pound Keeper:

Jerry Bond.

Voted, That the number of Measurers of Wood and Bark be one, to be appointed by the Selectmen.

Third Article,—“To accept the list of Jurors, as revised by the Selectmen and posted according to law.”

On motion of James M. Codman, Jr.,—

Voted, That the following names be removed from the list as submitted by the Selectmen: Edwin P. Bowker, Clarence E. Fuller, Fred C. Garmon, Frederic Higginson, Frank A. Stearns.

Voted, That the Jury list prepared by the Selectmen and posted according to law be accepted as revised.

TOWN OF BROOKLINE.

List of Jurors for the Year 1907.

Fourth Article,—“To see if the town will authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of taxes.”

On motion of Philip S. Parker,—

Voted, That for the purpose of procuring a temporary loan to and for the use of the town of Brookline, in anticipation of the taxes of the present municipal year, the Town Treasurer is hereby authorized and directed to borrow, from time to time, with the approval of the Board of Selectmen, a sum or sums in the aggregate amounting to six hundred thousand dollars, and to execute and deliver the note or notes of the town therefor, payable within one year from the time the loan is made, with interest thereon at a rate not exceeding six and one half per cent per annum. Any debt or debts incurred by a loan or loans to the town under this vote shall be paid from the taxes of the present municipal year.

The check-lists used at the entrances to the polling place and at the ballot-boxes, together with the ballots cast and the tally-sheets used by the Tellers, were sealed up in open town meeting and the package endorsed by the Moderator and Town Clerk. The ballots unused were also sealed up in a separate package and endorsed in the same way, and both packages were delivered into the custody of the Town Clerk.

The meeting was then declared adjourned at twelve minutes after six o'clock.

Attest: EDWARD W. BAKER, *Town Clerk.*

In conformity with the laws of this Commonwealth, the Town Clerk, under date of March 15, 1907, made out his warrant and delivered it to Constable Willard Y. Gross, requiring him, within three days from the date thereof, to summon all officers elected and not qualified, to appear before the Town

Clerk within seven days after the service of such summons upon such officers to be qualified for their several offices ; to be sworn where an oath is required, or to signify in writing their refusal of the same ; also, to signify in writing their acceptance or refusal of the office to which they had been elected, where an oath is not required.

Attest: EDWARD W. BAKER, *Town Clerk.*

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

Then personally appeared the persons below named, and were sworn to the faithful discharge of the duties of their office, at the dates set against their names, or signified in writing their acceptance of the office to which they had been chosen, viz. :—

ADJOURNED ANNUAL MEETING, MARCH 28, 1907.

Pursuant to adjournment, the inhabitants of the town of Brookline, qualified to vote in elections, met at the Town Hall in said town on Thursday, the twenty-eighth day of March, in the year of our Lord one thousand nine hundred and seven, and were called to order at half past seven o'clock in the evening, by the Moderator, Leslie C. Wead.

Fifth Article,—“To act upon the appropriations asked for or proposed in the annual town reports by the Selectmen or by any town officers or committees.”

The regular annual appropriations asked for or proposed in the annual report of the Selectmen, or by other town officers or committees, were taken up and considered separately, voted upon in detail for the purposes specified, and then voted upon and passed as a whole, amounting to \$1,356,221.44, according to the following annual appropriation vote:—

ANNUAL APPROPRIATION VOTE.

Voted, That the sum of \$1,356,221.44 is hereby appropriated for the current annual expenses, for the purposes and subject to the limitations specified in detail as follows:—

A. (\$215,732.)

For maintaining the] Public Schools, \$215,732.00, specifically appropriated as follows:—

1. High School	\$42,370.00
2. Grammar and Primary Schools	\$109,328.00
3. Kindergartens	\$16,144.00
4. Manual Training and Domestic Arts	\$23,530.00
5. General School Expenses	\$20,360.00
6. Evening Schools	\$2,000.00
7. Vacation Schools	\$2,000.00

To be paid from the Treasury upon the orders of the School Committee. ————— \$215,732.00

All money received for tuition fees or otherwise shall be paid into the Treasury and is not appropriated for school purposes.

B. (\$20,500.)

For maintaining the Public Library, \$20,500.00:—

8. Public Library	\$20,500.00
-----------------------------	-------------

To be paid from the Treasury upon the orders of the Trustees of the Public Library. ————— \$20,500.00

C. (\$53,300.)

For the maintenance of the Water Works and for the ordinary extensions of the same, including the construction of street-mains, \$53,300.00, specifically appropriated as follows:—

9. Maintenance of Water Works	\$28,000.00	
9a. Salary of Water Board	\$1,500.00	
9b. Salary of Water Registrar	\$1,800.00	
9c. Salary of Superintendent of Water Works	\$3,000.00	
10. Extension of Water Works	\$19,000.00	
To be paid from the Treasury upon the orders of the Water Board.		\$53,300.00

Expenditures for work done and materials furnished under the direction of the Water Board, the ultimate cost of which is not intended to be borne by the town, shall be deemed to be a part of the cost of the extension of the water works until the town is reimbursed therefor, and whenever the town is reimbursed for any such expenditure the amount of such reimbursement shall forthwith be credited to and deducted from the cost of extension of water works.

D. (\$18,200.)

For the Care and Maintenance of Parks and Public Grounds, for planting and preserving Trees, and for the improvement and care of Cemeteries, \$18,200.00, specifically appropriated as follows:—

11. Parkway, parks and grounds	\$14,000.00	
To be paid from the Treasury upon the orders of the Park Commissioners.		
12. Planting and preserving trees	\$4,000.00	
To be paid from the Treasury upon the orders of the Selectmen upon the recommendation of the Committee on Planting Trees.		
1. Care of Brookline Cemetery, Walnut street	\$200.00	
To be paid from the Treasury upon the orders of the Trustees of Walnut Hills Cemetery.		\$18,200.00

E. (\$189,000.)

For maintaining and watering highways, constructing and repairing sidewalks, and lighting streets and ways, \$189,000.00, specifically appropriated as follows:—

14. Highways	\$90,000.00	
The salary of the Superintendent of Streets shall be at the rate of \$3000 per annum.		
15. Sidewalks	\$17,000.00	
16. Watering streets	\$25,000.00	
17. Lighting streets	\$57,000.00	
To be paid from the Treasury upon the orders of the Selectmen.		\$189,000.00

F. (\$231,178.)

For maintaining the public safety and health,
\$231,178.00, specifically appropriated as follows:—

18. Police Department \$78,835.00
19. Police and fire alarm systems \$7,523.00

The salary of the Superintendent shall be at the rate of \$2,000 per annum in addition to the salary of \$300 per annum paid him as Superintendent of Gas Inspection.

20. Fire Department \$91,955.00
21. Public Health \$37,335.00
22. Bath House \$5,025.00
23. Gymnasium \$2,970.00
24. Building Department \$7,000.00

The salary of the Building Commissioner shall be at the rate of \$2,100 per annum.

25. Department of Weights and Measures . . . \$535.00

To be paid from the Treasury upon the orders of the Selectmen. ————— \$231,178.00

G. (\$50,000.)

For constructing, maintaining and repairing sewers and surface-water drains, \$50,000.00, specifically appropriated as follows:—

26. Construction of sewers \$20,000.00
27. Construction of surface-water drains . . . \$25,000.00
28. Maintaining and repairing sewers and surface-water drains \$5,000.00

To be paid from the Treasury upon the orders of the Selectmen. ————— \$50,000.00

H. (\$9,300.)

For support of the Poor and relief of Soldiers, \$9,300.00, specifically appropriated as follows:—

29. Support of the Poor \$8,300.00

The salaries of the two Overseers of the Poor who are not also Selectmen shall be at the rate of \$250 each per annum.

30. Relief of Soldiers \$1,000.00

To be paid from the Treasury upon the orders of the Selectmen. ————— \$9,300.00

I. (\$289,238.61.)

For State, County and Metropolitan Taxes, \$289,238.61, or such sums as may be assessed:—

31. State tax \$98,595.00
32. County tax \$65,790.00
33. Metropolitan Sewer tax \$76,400.00
34. Metropolitan Park tax \$48,453.61

To be paid from the Treasury upon the orders of the Selectmen. ————— \$289,238.61

J. (\$144,861.)

For so much of the Principal of the Town Debt as matures during the current fiscal year :—

35. Payment of maturing funded debt	\$144,861.00
	\$144,861.00

K. (\$52,511.83.)

For Interest on the Town Debt and temporary loans, \$52,511.83, specifically appropriated as follows :—

36. Interest on funded debt	\$45,511.83
37. Interest on temporary loans	\$7,000.00
To be paid from the Treasury upon the orders of the Selectmen.	\$52,511.83

The repayment of any money borrowed in anticipation of taxes during the current financial year is hereby authorized, such repayments to be made upon the orders of the Selectmen, but a separate account of such borrowing and repayments shall be kept.

L. (\$82,400.)

For general expenses of administration, and certain miscellaneous purposes, \$82,400.00, specifically appropriated as follows :—

38. Selectmen's Department	\$10,000.00
--------------------------------------	-------------

The salaries of the Selectmen as Selectmen, Overseers of the Poor and Board of Health, shall be at the rate of \$1,500 per annum for the chairman and at the rate of \$1,000 per annum for each of the other four.

39. Assessors' Department	\$9,000.00
-------------------------------------	------------

The salaries of the Assessors shall be at the rate of \$1,500 each per annum.

40. Town Clerk's Department (including \$750 for printing Vital Records previous to 1850)	\$7,300.00
---	------------

The salary of the Town Clerk as Town Clerk, Registrar of Voters and Clerk of Walnut Hills Cemetery Trustees, should he be chosen to that position, shall be at the rate of \$3,000 per annum, provided that all fees received by him by virtue of his office, shall be paid into the Treasury for the use of the town.

41. Treasury Department	\$8,500.00
-----------------------------------	------------

The salary of the Treasurer and Collector shall be at the rate of \$4,000 per annum.

42. Auditing and Accounting	\$4,100.00
---------------------------------------	------------

The salary of the Board of Auditors shall be \$300 for auditing the accounts for the financial year ending January 31st, 1907.

43.	Engineering Department	\$13,000.00	
	The salary of the Town Engineer shall be at the rate of \$3,000 per annum.		
44.	Maintenance of Town Hall	\$5,500.00	
45.	Heating and Lighting Plant	\$10,000.00	
	For the current year, the Heating and Lighting Plant shall be under the joint control and management of the School Com- mittee and the Bath House Committee.		
46.	Interior Repairs of Town Buildings	\$3,000.00	
47.	Observance of Decoration Day	\$500.00	
48.	Celebration of Fourth of July	\$1,200.00	
49.	Legal Expenses	\$5,000.00	
50.	Printing Warrants and Reports	\$4,300.00	
51.	Miscellaneous Expenses and Contingencies	\$1,000.00	
	To be paid from the Treasury upon the orders of the Selectmen.		\$82,400.00

The rates of salaries fixed in this vote are fixed for the twelve months from and after May 1st, 1907.

In determining the amount expended for any of the purposes authorized, all reimbursements and credits shall be deducted from the amount actually expended; but this provision shall not be construed to apply to actual cash received from taxes, assessments, water rates, rents, fines, interest, or bath-house, school tuition and other fees.

Whenever work is done or materials furnished by one department for another department, the cost of which is charged in the first instance to the appropriation of the former department, credit shall forthwith be given to the former department upon the books of the Accountant, upon the approval of the latter department and the officers authorized to draw orders against the appropriations therefor.

Sixth Article,—“To vote that on all taxes and sewer assessments remaining unpaid after a certain time, interest shall be paid at a specified rate not exceeding six per cent per annum.”

On motion of Philip S. Parker,—

Voted, That on all taxes of the current year remaining unpaid after November 1st, interest shall be charged at the rate of six per cent per annum.

Voted, That sewer assessments shall bear interest at the rate of six per cent per annum from the thirtieth day after such assessments become due until paid.

Seventh Article,—“To appropriate eight hundred and fifty dollars (\$850.00) for interior renovation of the Devotion Primary School.”

On motion of Philip S. Parker,—

Voted, That eight hundred and fifty dollars (\$850.00) be appropriated for the interior renovation of the Devotion Primary School.

Eighth Article,—“To appropriate one thousand dollars (\$1,000.00) for constructing a wall at Walnut Hills Cemetery.”

On motion of Philip S. Parker,—

Voted, That the eighth article be indefinitely postponed.

Ninth Article,—“To appropriate one thousand dollars (\$1,000.00) for repairing school grounds.”

On motion of Desmond FitzGerald,—

Voted, That one thousand dollars (\$1,000.00) be appropriated for repairing school grounds.

Tenth Article,—“To appropriate seven thousand dollars (\$7,000.00) for the improvement of the Lowell Playground.”

On motion of Desmond FitzGerald,—

Voted, That seven thousand dollars (\$7,000.00) be appropriated for the improvement of the Lowell Playground.

Eleventh Article,—“To appropriate one thousand dollars (\$1,000.00) for the erection of a fence along the Parkway.”

On motion of Philip S. Parker,—

Voted, That the eleventh article be indefinitely postponed.

Twelfth Article,—“To appropriate one thousand dollars (\$1,000.00) for the improvement of the Coolidge Playground.”

On motion of Desmond FitzGerald,—

Voted, That one thousand dollars (\$1,000.00) be appropriated for the improvement of the Coolidge Playground.

Thirteenth Article,—“To make an additional appropriation of five hundred dollars (\$500.00) for the improvement of the Cypress Street Playground.”

On motion of Desmond FitzGerald,—

Voted, That five hundred dollars (\$500.00) additional be appropriated for the improvement of the Cypress Street Playground.

Fourteenth Article,—“To appropriate forty-six thousand five hundred dollars (\$46,500.00) for constructing the widening of Hammond street.”

On motion of Desmond FitzGerald,—

Voted, That the fourteenth article be referred to the Selectmen to consider the advisability of relocating and widening Hammond street, between Boylston and Newton streets, to a minimum width of seventy-five feet, and report at the next town meeting.

Fifteenth Article,—“To make an additional appropriation of nine thousand one hundred dollars (\$9,100.00) for additions to the Town Stable.”

On motion of Philip S. Parker,—

Voted, That nine thousand one hundred dollars (\$9,100.00) additional be appropriated for additions to the town stable.

Sixteenth Article,—"To appropriate eight hundred dollars (\$800.00) for plumbing and the installation of a heater in the old Scarlet Fever Hospital building."

On motion of Philip S. Parker,—

Voted, That eight hundred dollars (\$800.00) be appropriated for plumbing and the installation of a heater in the old Scarlet Fever Hospital building.

Seventeenth Article,—"To appropriate fifteen hundred dollars (\$1500.00) for interior repairs and alterations at the Bath House."

On motion of Walter Channing,—

Voted, That fifteen hundred dollars (\$1,500.00) be appropriated for interior repairs and alterations at the Bath House.

Eighteenth Article,—"To appropriate five hundred and forty-five dollars (\$545.00) for repairs of boilers at the Heating and Lighting Plant."

On motion of Walter Channing,—

Voted, That five hundred and forty-five dollars (\$545.00) be appropriated for repairs of boilers at the Heating and Lighting Plant.

Nineteenth Article,—"To appropriate six thousand five hundred dollars (\$6,500.00) for automobiles for the Fire and Police departments."

On motion of Horace James,—

Voted, That the nineteenth article be indefinitely postponed.

Twentieth Article,—"To appropriate four thousand dollars (\$4,000.00) for removing deposit in Leverett Pond."

On motion of Desmond Fitzgerald,—

Voted, That four thousand dollars (\$4,000.00) be appropriated for removing the deposit in Leverett Pond.

Twenty-First Article,—"To amend Article XIV, Section 1, of the Town By-Laws so as to include the Municipal Gymnasium in the care of the Bath House Committee and to make any other changes in the same article."

On motion of Philip S. Parker,—

* *Voted*, To amend Article XIV, Section 1, of the Town By-Laws by substituting the following for said Section 1:—

SECTION 1. The Selectmen shall appoint annually in April a committee of nine citizens who shall have the care and management of the Public Baths and the Public Gymnasium. They shall hold office from the first

* This amendment was approved by the Attorney-General, April 11, 1907, and advertised as required by Chap. 344, Acts of 1904.

of May following for the term of one year and until others are appointed in their places, and shall serve without pay. The said committee shall establish such rules and rates for the regulation and use of the Public Baths and Gymnasium as they deem best, and shall appoint such officers and assistants for the care and conduct of the same as are necessary, and shall fix the terms of their compensation. The Selectmen shall have power to fill any vacancy in the committee.

Twenty-Second Article,—"To authorize the Water Board to purchase land for a site for a stable and workshop, and to appropriate fifteen thousand dollars (\$15,000.00) therefor.

On motion of Oscar B. Mowry,—

Voted, That the Water Board be authorized to purchase land for a site for a stable and workshop and that fifteen thousand dollars (\$15,000.00) be appropriated therefor.

Twenty-Third Article,—"To appoint a Committee to consider the question of establishing a Municipal Lighting Plant and department."

On motion of Desmond FitzGerald,—

* *Voted*, That the Board of Selectmen be authorized to appoint a committee of five citizens, including one or more members of their own Board, to consider the subject-matter of the twenty-third article and report at a future town meeting.

Twenty-Fourth Article,—"To see if the town will appropriate the sum of three hundred dollars (\$300.00) to be expended for the purchase of law books to be placed in the library of the Court House in Brookline, provided an equal amount should be contributed by private subscriptions for that purpose."

On motion of Desmond FitzGerald,—

Voted, That the sum of three hundred dollars (\$300.00) be appropriated and placed in the hands of the Trustees of the Public Library, to be expended by them for the purchase of law books, provided a donation of an equal sum be made to the town by private subscription, for the same purpose, the law books so purchased to be located in the Library Room in the Court House in Brookline, in the care and custody and under regulations to be established by the Trustees of the Public Library.

Twenty-Fifth Article,—"To see if the town will accept an Act of the General Court authorizing towns to pay a pension to the widow or children of a policeman or fireman who has died or may die as a result of injuries received in the performance of his duty."

* Under the authority of this vote the Selectmen appointed Henry Howard, William F. Humphrey, Philip S. Parker, Nathaniel Conant, John A. Curtin.

Philip S. Parker offered the following:—

Voted, That Chapter 186 of the Acts of the General Court for the year 1907, entitled, “An Act to authorize the payment of pensions to widows or children of members of Police or Fire departments in towns,” be accepted.

The Act referred to is given below.

Commonwealth of Massachusetts.

[CHAPTER 186 OF THE ACTS OF 1907.]

AN ACT

To Authorize the Payment of Pensions to Widows or Children of Members of Police and Fire Departments in Towns.

Be it enacted, etc., as follows:—

SECTION 1. Towns accepting the provisions of this act are hereby authorized to appropriate money to provide for the payment of pensions as hereinafter provided.

SECTION 2. The selectmen of any town which accepts this act may pay to the widow of any permanent member of the police department or of any person aiding a police officer in the discharge of his duty by the order or request of such officer or any of the authorities of the town, or to the widow of a fireman in the regularly organized fire department of the town, or of a person doing fire duty at the request or by the order of the authorities of the town, if it has no organized fire department, or of a person performing the duties of a fireman in such town, who has heretofore died or who may hereafter die from injuries received through no fault of his own in the actual performance of his duty, a pension not exceeding three hundred dollars a year so long as such widow remains unmarried, or if there is no widow a pension not exceeding said sum for the benefit of any of the children under sixteen years of age of such deceased person, so long as any such child is under the age of sixteen years, and the selectmen of such town may from time to time determine the amount of such pension within said limits.

SECTION 3. This act shall take effect upon its passage so far as to allow any town to vote upon the question of its acceptance, but it shall not take full effect in any town until it has been accepted by a vote of two-thirds of the voters of such town present and voting thereon at an annual town meeting.

[Approved, March 12, 1907.]

The vote on the Acceptance of Chapter 186, Acts of 1907, was taken by count. Henry Ware and Leonard C. Wason were appointed Tellers, and they were sworn to the faithful discharge of their duties by the Town Clerk.

The Tellers reported the whole number voting to be two hundred and sixty-two (262), as follows: “Yes,” two hundred

and sixty-two (262); "No," none (0); and Chapter 186 of the Acts of 1907 was declared accepted by the town by a vote of more than two-thirds of those present and voting thereon.

Twenty-Sixth Article,—"To see if the town will authorize and instruct the Selectmen to petition the Legislature for authority for the town to pay the widow of the late Patrolman Joseph McMurray four hundred dollars (\$400.00) annually."

Under this article no action was taken, the town having accepted the provisions of the general law as recommended under the twenty-fifth article.

Twenty-Seventh Article,—"To appropriate ten thousand dollars (\$10,000.00) for suppressing gypsy and browntail moths, and to designate the public officers or boards to destroy the same."

On motion of Walter Channing,—

Voted, That ten thousand dollars (\$10,000.00) be appropriated for suppressing gypsy and browntail moths, and that the Committee on Planting Trees be designated as the board to destroy the same,—work to be done on private grounds as heretofore.

Twenty-Eighth Article,—"To authorize the Selectmen to contract with the California State Commission of Horticulture for the destruction of gypsy and browntail moths in Brookline, for the the sum of twenty-five thousand dollars (\$25,000.00), if the work is successful."

On motion of Walter Channing, amended by Alfred D. Chandler,—

Voted, That no action be taken at present under the twenty-eighth article; the town, however, recognizes California's merit in promoting the economic science of using beneficial insects to check insect pests, and approves of cordial coöperation between Massachusetts and California in suppressing the gypsy and browntail moths.

Twenty-Ninth Article,—"To hear and act upon reports of town officers and committees."

Thirtieth Article,—"To appropriate and raise by borrowing or otherwise such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles."

No action was taken under the twenty-ninth or thirtieth articles.

At fifty minutes past nine o'clock,—

Voted, That this meeting be dissolved.

In accordance with the provisions of chapter 201 of the Acts of 1901, accepted by the town at the annual meeting held March

19, 1902, and the vote passed by the town at the same meeting, registering turnstiles were used at the entrances to the hall to determine the number of registered voters admitted.

The Selectmen appointed police officers Emery E. Allen and Charles C. Watterson in charge of the two turnstiles, who made a return in writing at the adjournment of the meeting that turnstile No. 1643 had registered three hundred and eight (308), and turnstile No. 1670 had registered three hundred and sixty-two (362), showing that a total of six hundred and seventy (670) registered voters had been admitted to the meeting.

Dissolved.

Attest:

EDWARD W. BAKER, *Town Clerk.*

SPECIAL MEETING, MAY 28, 1907.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To any Constable of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Tuesday, the twenty-eighth day of May, 1907, at half-past seven o'clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To accept and allow High street from Washington street to Walnut street, and Washington and Walnut streets from High street a short distance easterly, as laid out, altered and widened by the Selectmen and reported to the town at this meeting; and to authorize the Selectmen to make an entry for the purpose of construction before all claims for damages are finally adjusted or determined.

Third, To appropriate fifty thousand dollars (\$50,000.00) for the construction of the alteration and widening of Washington, Walnut and High streets and improvements in Village Square, and to pay land damages; and to authorize the Treasurer to borrow the same.

Fourth, To see if the town will vote to take in fee the land in Village Square bounded by Washington street on the north, High street on the west, Walnut street on the south, (all as laid out and accepted at this meeting,) and land of the town of Brookline on the east, to be used together with the said land of the town of Brookline for the purpose of erecting an engine house thereon.

Fifth, To appropriate thirty thousand dollars (\$30,000.00) for the purpose of enabling the Selectmen to settle and pay compensation for the land voted to be taken under the fourth article.

Sixth, To appropriate the sum of sixty-one thousand dollars (\$61,000.00) for the purpose of building an engine house in Village Square on the easterly side of High street, between Washington and Walnut streets, and to provide temporarily for the apparatus now maintained in the present building; and to authorize the Treasurer to borrow the same.

Seventh, To appropriate the sum of six thousand dollars (\$6,000.00) to provide a Sanitary or Sanitaries in Village Square.

Eighth, To accept and allow Atherton road, as laid out by the Selectmen and reported to the town at this meeting, and to appropriate twenty-six hundred dollars (\$2600.00) for the construction thereof.

Ninth, To accept and allow the alteration and widening of Hammond street, from Newton street to the boundary line between the city of Newton and the town of Brookline, as laid out by the Selectmen and

reported to the town at this meeting, together with any changes of grade or discontinuance of any portion of said Hammond street made therein; to appropriate eighty-six thousand dollars (\$86,000.00) to pay for land damages and the cost of construction, and to authorize the Treasurer to borrow the same; and to authorize the Selectmen to make entry for the purpose of construction before all claims for damages are finally adjusted or determined.

Tenth, To appropriate fourteen thousand dollars (\$14,000.00) to be expended by the Water Board for laying a water main in Hammond street, from Newton street to Boylston street.

Eleventh, To appropriate four hundred dollars (\$400.00) to be expended under the direction of the School Committee, to defray the expense of using shower baths in the Lincoln school and Heath school during July and August.

Twelfth, To see if the town will amend Section 5, Article XIX of the Building Law to permit of the placing, under certain conditions, of a one-story wooden building nearer than five feet to adjoining lot line.

Thirteenth, To authorize the Water Board to contract for the erection of a stable and workshop, and to appropriate thirty thousand dollars (\$30,000.00) therefor; and to authorize the Treasurer to borrow the same.

Fourteenth, To authorize the Trustees of the Public Library to make contracts for the erection of a new Public Library on land of the town on Washington street, between School street and the Municipal Court; to appropriate four hundred thousand dollars (\$400,000.00) for this purpose, and for any expenses incidental thereto; and to authorize the Treasurer to borrow the same.

Fifteenth, To hear and act upon reports of town officers and committees.

Sixteenth, To appropriate and raise, by borrowing or otherwise, such sums as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all or any of the appropriations asked for or proposed by the Selectmen or by any town officers or committees.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Selectmen, seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this seventeenth day of May, in the year of our Lord one thousand nine hundred and seven.

WILLIAM CRAIG,
HORACE JAMES,
JOHN A. CURTIN,
PHILIP S. PARKER,
Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, MASS., May 23d, 1907.

By virtue of the within warrant, I have notified and warned the inhabitants of the town of Brookline qualified to vote in elections, to meet at the time and place, and for the purposes herein named, by causing an

attested copy of said warrant to be left at their last and usual place of abode, and by posting attested copies of the same in three public places in said Brookline, all of which was done four days at least before the said day of meeting.

WILLARD Y. GROSS, *Constable*.

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline qualified to vote in elections met at the Town Hall in said town on Tuesday, the twenty-eighth day of May, in the year of our Lord one thousand nine hundred and seven, and were called to order at thirty minutes past seven o'clock in the evening by the Town Clerk, who read the warrant calling the meeting, and the return thereon of the constable who served the same upon the inhabitants.

First Article,—"To choose a Moderator."

The meeting nominated and chose for Moderator Charles A. Williams.

Second Article,—"To accept and allow High street from Washington street to Walnut street, and Washington and Walnut streets from High street a short distance easterly, as laid out, altered and widened by the Selectmen and reported to the town at this meeting; and to authorize the Selectmen to make an entry for the purpose of construction before all claims for damages are finally adjusted or determined."

On motion of Philip S. Parker,—

Voted, That High street from Washington street to Walnut street, and Washington and Walnut streets from High street a short distance easterly, as laid out, altered and widened by the Selectmen and reported to the town at this meeting, be accepted and allowed as townways.

Voted, That an entry for the purpose of constructing the location, alteration and widening is hereby authorized to be made before all claims for damages by reason thereof shall be finally adjusted or determined.

The Selectmen reported in print the laying out of the alteration and widening of High, Washington and Walnut streets, of which the following is a true copy:—

High, Washington and Walnut Streets.

We, the undersigned, Selectmen of Brookline, gave written notice of our intention to lay out, alter and widen High street from Walnut street to Washington street, and Washington and Walnut streets from High street a short distance easterly, such notice requiring all persons interested to appear before us at our room in the Town Hall, on Tuesday, April 30, 1907, at 8 o'clock p. m., and caused such notice to be

actually served according to law by a constable of this town at least seven days before the day so appointed for the hearing, upon Michael W. Quinlan, Nathaniel Conant, executor Clarissa P. Woodward estate, being all the parties known to us from whom land is taken, or who may be interested in the subject-matter, and gave notice to them and all other persons and corporations, if any, who may be interested in the subject-matter, whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the streets as hereinafter described, we do adjudge that common convenience and necessity require that said streets should be laid out, altered and widened as hereinafter described, and we do hereby so lay out, alter and widen the said streets so that they shall be bounded by a line described as follows: Beginning at a point on the boundary line between land of the town of Brookline and land formerly of Curtis, situated 26.38 feet southerly from the southerly line of Washington street; thence running westerly by a curve to the left having a radius of 250 feet for a distance of 41.44 feet; thence running westerly by a tangent 32 feet; thence curving to the left with a radius of 25 feet for a distance of 32.74 feet; thence running southerly by a tangent 22.86 feet; thence curving to the left with a radius of 25 feet for a distance of 42.52 feet; thence running southeasterly by a tangent 57.09 feet; thence curving to the left with a radius of 116.24 feet for a distance of 33.70 feet to land already taken from said Curtis for the purpose of widening Walnut street.

For a further identification of this description and location reference is hereby made to a plan made by Alexis H. French, Town Engineer, dated April 8th, 1907, approved by us, verified by our signatures and adopted as a part of this record. Said street is to be constructed in accordance with said plan.

The foregoing description has been compared with the plan and is correct.

ALEXIS H. FRENCH, *Town Engineer.*

May 6, 1907.

We take land as follows, and we have estimated the damages sustained by the owners of land, rights and interests caused by the laying out, alteration and widening of said streets and the construction thereof, whether by taking land or by injuring property in any manner whatsoever, and do estimate and determine the amount to be paid to the said parties respectively, as follows:—

Name.	Sq. ft. taken.	Award.
Michael W. Quinlan	1,107.87	\$5,000.00
Nathaniel Conant, tr. Clarissa P. Woodward estate .	1,019.48	\$5,600.00

We give the owners of land taken for the laying out, alteration and widening of said streets ninety days from the date of its acceptance

by the town, in which to take off their trees, fences and other property which may obstruct the building of the ways.

The estimated cost of constructing the streets is \$5,000.00, and the awards for land and other damages amount to \$10,600.00.

Said streets so laid out, altered and widened are hereby reported to the town for acceptance.

The said plan and this record are this day filed by us in the office of the Town Clerk.

WILLIAM CRAIG,
HORACE JAMES,
PHILIP S. PARKER,
JOHN A. CURTIN,
Selectmen of Brookline.

BROOKLINE, May 13, 1907.

Received and filed with plan and profile as stated.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., May 13, 1907.

Third Article,—"To appropriate fifty thousand dollars (\$50,000.00) for the construction of the alteration and widening of Washington, Walnut and High streets and improvements in Village Square, and to pay land damages; and to authorize the Treasurer to borrow the same."

On motion of Philip S. Parker,—

Voted, That the sum of fifty thousand dollars (\$50,000) be appropriated for the construction of Washington, Walnut, and High streets and for improvements in Village Square, and to pay land damages.

Philip S. Parker offered the following vote,—

Voted, That the Treasurer be authorized, when so directed by the Selectmen, to borrow fifty thousand dollars (\$50,000) appropriated at this meeting, to pay for the construction of Washington, Walnut, and High streets, and for improvements in Village Square and land damages. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum (4%) per annum; such bonds or notes shall be dated January 1st, 1907, and shall be made payable in such annual proportionate payments as will extinguish the same in ten (10) years from their date.

The Moderator appointed Henry Ware and Leonard C. Wason to serve as Tellers, and they were sworn to the faithful discharge of their duties by the Town Clerk.

The vote was taken by count, and the Tellers reported the whole number voting to be one hundred and seventy-five (175), as follows: "Yes," one hundred and seventy-five (175); "No," none (0); and the vote was declared passed by more than two-thirds of the voters present and voting thereon.

Fourth Article,—"To see if the town will vote to take in fee the land in Village Square bounded by Washington street on the north, High street on the west, Walnut street on the south, (all as laid out and accepted at this meeting,) and land of the town of Brookline on the east, to be used together with the said land of the town of Brookline for the purpose of erecting an engine house thereon."

On motion of Philip S. Parker,—

Voted, That the land in Village Square bounded by Washington street on the north, High street on the west, Walnut street on the south, (all as laid out and accepted at this meeting,) and land of the town of Brookline on the east, be taken in fee to be used together with the said land of the town of Brookline for the purpose of erecting an engine house thereon.

Fifth Article,—"To appropriate thirty thousand dollars (\$30,000.00) for the purpose of enabling the Selectmen to settle and pay compensation for the land voted to be taken under the fourth article."

On motion of Philip S. Parker,—

Voted, That the sum of thirty thousand dollars (\$30,000) be appropriated for the purpose of enabling the Selectmen to settle and pay compensation for the land voted to be taken under the fourth article hereof.

Philip S. Parker offered the following vote,—

Voted, That the Treasurer be authorized, when so directed by the Selectmen, to borrow thirty thousand dollars (\$30,000) appropriated at this meeting, to settle and pay compensation for the land voted at this meeting to be taken for the purpose of erecting an engine house thereon. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum (4%) per annum; such bonds or notes shall be dated January 1st, 1907, and shall be made payable in such annual proportionate payments as will extinguish the same in ten (10) years from their date.

The vote was taken by count, Henry Ware and Leonard C. Wason, who had previously been appointed and sworn, acting as Tellers.

The Tellers reported the whole number voting to be two hundred and nine (209), as follows: "Yes," two hundred and nine (209); "No," none (0); and the vote was declared passed by more than two-thirds of the voters present and voting thereon.

Sixth Article,—"To appropriate the sum of sixty-one thousand dollars (\$61,000.00) for the purpose of building an engine house in Village Square on the easterly side of High street, between Washington and Walnut streets, and to provide temporarily for the apparatus now maintained in the present building; and to authorize the Treasurer to borrow the same."

On motion of Philip S. Parker,—

Voted, That the sum of sixty-one thousand dollars (\$61,000) be appropriated for the purpose of building an engine house in Village Square, on the easterly side of High street, between Washington and Walnut streets, to be erected under the direction of the Board of Selectmen and the Fire Commissioner, and to provide temporarily for the apparatus now maintained in the present building.

[An amendment offered by Emery B. Gibbs to fix the amount of the appropriation at \$50,000 was rejected. An amendment offered by George S. Nyhen, fixing the amount of the appropriation at \$40,000, was rejected by a rising vote, one hundred and sixty-two (162) to one hundred and thirty-two (132).]

Philip S. Parker offered the following,—

Voted, That the Treasurer be authorized, when so directed by the Selectmen, to borrow sixty-one thousand dollars (\$61,000) for the purpose of erecting an engine house and to provide temporarily for the apparatus now maintained in the present building. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum (4%) per annum; such bonds or notes shall be dated January 1st, 1907, and shall be made payable in such annual proportionate payments as will extinguish the same in ten (10) years from their date.

The vote was taken by count, Henry Ware and Leonard C. Wason, who had previously been appointed and sworn, acting as Tellers.

The Tellers reported the whole number voting to be two hundred and thirty-three (233), as follows: "Yes," two hundred and thirty (230); "No," three (3); and the vote was declared passed by more than two-thirds of the voters present and voting thereon.

Seventh Article,—"To appropriate the sum of six thousand dollars (\$6,000.00) to provide a sanitary or sanitariums in Village Square."

On motion of Philip S. Parker,—

Voted, That the sum of six thousand dollars (\$6,000) be appropriated to provide a sanitary or sanitariums in Village Square.

Eighth Article,—"To accept and allow Atherton road, as laid out by the Selectmen and reported to the town at this meeting, and to appropriate twenty-six hundred dollars (\$2600.00) for the construction thereof."

On motion of Philip S. Parker,—

Voted, That Atherton road, as laid out by the Selectmen and reported to the town at this meeting, be accepted and allowed as a townway and that twenty-six hundred dollars (\$2600) be appropriated for the construction thereof.

The Selectmen reported in print the laying out of Atherton road, of which the following is a true copy.

Atherton Road.

We, the undersigned, Selectmen of Brookline, gave written notice of our intention to lay out a street substantially on the line of a private way known as Atherton road, from Summit avenue to Winchester street, such notice requiring all persons interested to appear before us at our room in the Town Hall, on Monday, May 6, 1907, at four o'clock p. m., and caused such notice to be actually served according to law by a constable of this town at least seven days before the day so appointed for the hearing, upon Myron E. Barnes, Max Lewis, Charles S. Skinner, Eugene O'Brien, Mabel A. Pitman, Alice M. Harriman, Harriet L. Jewett (tax-title), Margaret G. Toye, Jennie Rosenfield, Jennie Thorpe, Lillian A. Masters, Annie E. Gately, trustee, George A. Burns, Griggs Land Trust, Margaret Sweeney, Thomas B. Griggs, Bradbury Co., John M. Orrock, Sadie E. Sundell, Mary L. Loveless, Elizabeth McNeilly, being all the parties known to us from whom land is taken or who may be interested in the subject-matter, and gave notice to them, and all other persons and corporations, if any, who may be in-

terested in the subject-matter whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the street as hereinafter described, we do adjudge that common convenience and necessity require that said street should be laid out as a town way and it is hereby so laid out.

The land over which said street is laid out is bounded by a line beginning at a point on the northerly line of Summit avenue situated 183.40 feet westerly from its intersection with the northerly line of Beacon street; thence running westerly by said northerly line of Summit avenue 64.79 feet; thence running northeasterly by a curve to the left having a radius of 12 feet for a distance of 19.34 feet; thence curving to the left with a radius of 119.81 feet for a distance of 105.51 feet; thence curving to the left with a radius of 373.34 feet for a distance of 94.42 feet; thence running northwesterly by a tangent 225.43 feet; thence curving to the right with a radius of 1577.13 feet for a distance of 535.65 feet; thence curving to the right with a radius of 325.78 feet for a distance of 72.15 feet; thence curving to the right with a radius of 107.23 feet for a distance of 62.90 feet; thence running northerly by a tangent 19.75 feet; thence curving to the left with a radius of 20 feet for a distance of 23.37 feet to a point on the southwesterly line of Winchester street; thence running southeasterly by said southwesterly line of Winchester street 74.89 feet; thence running westerly and curving to the left with a radius of 12 feet for a distance of 24.15 feet; thence curving to the left with a radius of 67.23 feet for a distance of 36.77 feet; thence curving to the left with a radius of 285.78 feet for a distance of 63.29 feet; thence curving to the left with a radius of 1537.13 feet for a distance of 522.07 feet; thence running southeasterly by a tangent for a distance of 225.43 feet; thence curving to the right with a radius of 413.34 feet for a distance of 104.52 feet; thence curving to the right with a radius of 159.81 feet for a distance of 128.25 feet; thence running southerly by a tangent 16.10 feet; thence curving to the left with a radius of 12 feet for a distance of 17.42 feet to the point of beginning.

For a further identification of this description and location reference is hereby made to a plan and profile made by Alexis H. French, Town Engineer, dated July 14, 1906, approved by us, verified by our signatures and adopted as a part of this record.

The foregoing description has been compared with the plan and is correct.

ALEXIS H. FRENCH, *Town Engineer.*

May 11, 1907.

The street having been constructed by the owners of the fee is open to the public for travel.

No awards are made. The owners of the land abutting upon said street and of the fee of the land over which said street is laid out, in consideration of the laying out and its acceptance by the town, waive

all claims to land, grade or other damages, and have contributed \$920.00 towards the cost of construction.

We take land as follows:—

Name.	Sq. ft. taken.
From owners of the fee	45,675

We give the owners of land taken for the laying out of said street ten days from the date of its acceptance by the town, in which to take off their trees, fences and other property which may obstruct the building of the way.

The estimated cost of constructing the street is \$3,700.00. Said street so laid out is hereby reported to the town for acceptance, and when so accepted, allowed and recorded, is to be called Atherton road.

The said plan, profile, and this record are this day filed by us in the office of the Town Clerk.

WILLIAM CRAIG,
NATHANIEL CONANT,
PHILIP S. PARKER,
JOHN A. CURTIN,
HORACE JAMES,
Selectmen of Brookline.

BROOKLINE, May 13, 1907.

Received and filed with plan and profile as stated.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., May 13, 1907.

Ninth Article,—"To accept and allow the alteration and widening of Hammond street, from Newton street to the boundary line between the city of Newton and the town of Brookline, as laid out by the Selectmen and reported to the town at this meeting, together with any changes of grade or discontinuance of any portion of said Hammond street made therein; to appropriate eighty-six thousand dollars (\$86,000.00) to pay for land damages and the cost of construction, and to authorize the Treasurer to borrow the same; and to authorize the Selectmen to make entry for the purpose of construction before all claims for damages are finally adjusted or determined."

On motion of Philip S. Parker,—

Voted, To accept and allow the alteration and widening of Hammond street, from Newton street to the boundary line between the city of Newton and the town of Brookline, as laid out by the Selectmen and reported to the town at this meeting, together with any changes of grade or discontinuance of any portion of said Hammond street made therein; and to appropriate eighty thousand dollars (\$80,000) to pay for land damages and the cost of construction.

On motion of Philip S. Parker,—

Voted, That an entry for the purpose of constructing such laying out, alteration and widening is hereby authorized to be made before all claims for damages by reason thereof shall be finally adjusted or determined.

Philip S. Parker offered the following vote,—

Voted, That the Treasurer be authorized, when so directed by the Selectmen, to borrow eighty thousand dollars (\$80,000) appropriated at this meeting, to pay for the construction of Hammond street and land damages. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum (4%) per annum; such bonds or notes shall be dated January 1st, 1907, and shall be made payable in such annual proportionate payments as will extinguish the same in twenty (20) years from their date.

The vote was taken by count, Henry Ware and Leonard C. Wason, who had previously been appointed and sworn, acting as Tellers.

The Tellers reported the whole number voting to be two hundred and twenty-seven (227), as follows: "Yes," two hundred and twenty-five (225); "No," two (2); and the vote was declared passed by more than two-thirds of the voters present and voting thereon.

The Selectmen reported in print the laying out of the alteration and widening of Hammond street, of which the following is a true copy.

Hammond Street.

We, the undersigned, Selectmen of Brookline, gave written notice of our intention to lay out, alter and widen Hammond street, from Newton street to the boundary line between the city of Newton and the town of Brookline, under the provisions of law authorizing the assessments of betterments, such notice requiring all persons interested to appear before us at our room in the Town Hall, on Monday, the 6th day of May, 1907, at five o'clock p. m., and caused such notice to be actually served according to law by a constable of this town at least seven days before the day so appointed for the hearing, upon Heirs John Lowell, Arthur Finnegan, Annie Connolly, James F. Gleason, Patrick J. Goode, Thomas Cunneen, Charles R. Dow, John J. Howard, Mary E. C. Coleman, Heirs William Holloran, Heirs Patrick Cummings, Heirs John

Mahoney, Ellen Healey, John G. Wright and heirs William E. Cox, Elizabeth Quimby, Henry G. Dorr, agent, Arthur E. Marks, John J. Lynch and Mary Mealey, William Fegan, John Healey, Heirs D. J. Carroll, John G. Wright, Grace Howes, Heirs J. L. Gardner, Heirs Osborne Howes, Helen P. Dane, and Town of Brookline, being all the parties known to us from whom land is taken, or who may be interested in the subject-matter, and gave notice to them and all other persons and corporations, if any, who may be interested in the subject-matter, whose names are not known to us, by posting up true and attested copies of such notice in three public places in the town seven days at least before the day appointed for the hearing.

Pursuant to such notice, we met at the time and place appointed for the hearing, and heard the remarks and objections of all persons, if any, who desired to be heard, and having viewed and examined the route of the street as hereinafter described, we do adjudge that common convenience and necessity require that said street should be laid out, altered and widened under the provision of law authorizing the assessments of betterments, and it is hereby so laid out, altered and widened so that said street within the town of Brookline shall hereafter be described by its centre line, as follows:—

Beginning at a point on the boundary line between Newton and Brookline situated 40.26 feet northeasterly from the stone monument marking said boundary situated on the westerly side of Hammond street; thence running southerly by a curve to the right having a radius of 357.50 feet for a distance of 101.34 feet; thence running southerly by a tangent 34.61 feet; thence curving to the left with a radius of 682.50 feet for a distance of 347.74 feet; thence running southeasterly by a tangent for a distance of 282.96 feet; thence curving to the right with a radius of 488.25 feet for a distance of 498.26 feet; thence running southerly by a tangent 27.34 feet; thence curving to the left with a radius of 560 feet for a distance of 296.95 feet; thence running southerly by a tangent 50.71 feet; thence curving to the right with a radius of 890 feet for a distance of 198.97 feet; thence running southerly by a tangent 566.99 feet; thence curving to the left with a radius of 1000 feet for a distance of 349.48 feet; thence running southerly by a tangent 50.91 feet; thence curving to the right with a radius of 703.50 feet for a distance of 249.35 feet; thence running southerly by a tangent 499.03 feet; thence curving to the right with a radius of 942.50 feet for a distance of 219.12 feet; thence running southeasterly by a tangent 433.57 feet; thence curving to the left with a radius of 1209.71 feet for a distance of 592.37 feet; thence curving to the left with a radius of 560.50 feet for a distance of 240.86 feet; thence running southeasterly by a tangent 118.18 feet; thence curving to the right with a radius of 585.50 feet for a distance of 167.09 feet; thence running southerly by a tangent 113.87 feet to the proposed northerly line of Newton street and including a parallel width of 37.50 feet on both sides of said centre line throughout its entire length.

At the intersections of the easterly and westerly lines of said Hammond street as altered and widened, with the side lines of the streets herein-

after named, the corners are to be rounded with curves and the necessary land is hereby taken therefor as follows, to wit:—

At Boylston street, the northeasterly corner with a curve having a radius of 30 feet; the northwesterly corner with a curve having a radius of 20 feet and a tangent having a length of 9.07 feet connecting the northerly end of said curve with the westerly line of said Hammond street as above described; the southeasterly corner with a curve having a radius of 20 feet; at Woodward road, the northeasterly corner with a curve having a radius of 25 feet; the northwesterly corner with a curve having a radius of 35 feet and the southwesterly corner with a curve having a radius of 30 feet; at Newton street, the northeasterly corner with a curve having a radius of 196 feet and with a tangent having a length of 40.26 feet, connecting the northerly end of said curve with the easterly line of said Hammond street as above described.

Such portions of the present location of Hammond street as are not included within the limits of said street as hereby altered and widened are hereby discontinued.

For a further identification of this description and location reference is hereby made to a plan and profile made by Alexis H. French, Town Engineer, dated May 6, 1907, approved by us, verified by our signatures and adopted as a part of this record. Said street is to be constructed in accordance with said plan and profile.

The foregoing description has been compared with the plan and is correct.

ALEXIS H. FRENCH, *Town Engineer.*

May 17, 1907.

We take land as follows, and we have estimated the damages sustained by the owners of land, rights and interests caused by the laying out, alteration and widening of said street and the construction thereof, whether by taking land or by injuring property in any manner whatsoever, and do estimate and determine the amount to be paid to the said parties respectively, as follows:—

Name.	Sq. ft. taken.	Total award
From Heirs of John Lowell	19,500	\$3,900.00
James J. Lynch and Mary Mealy	2,570	2,178.00
William Fegan	800	280.00
John Healey	1,515	3,030.00
John G. Wright	22,489	1,575.00
Grace Howes	1,064	54.00
Heirs John L. Gardner	3,060	62.00
Heirs Osborne Howes	12,600	378.00
Town of Brookline	30,000	
Patrick J. Goode	5,340	1,602.00
Thomas Cunneen	1,570	216.00
Charles R. Dow	25	2.00
Heirs of John Mahoney	125	9.00
Ellen Healey	250	18.00
John G. Wright and heirs of W.E. Cox	22,350	1,118.00
Elizabeth Quimby	1,271	38.00
H. G. Dorr, agent	3,800	114.00
A. E. Marks	10,850	217.00

Wherever the said Hammond street as constructed in accordance with the plans and profiles accompanying this laying out is to be built

in embankment, the Selectmen take the right to support said embankment by means of side slopes upon the adjoining land, the upper surface of the said side slopes having a rate of slope of one and one-half ($1\frac{1}{2}$) feet measured horizontally to one (1) foot measuring vertically, measuring down to the level of said adjoining land, from the grade of the side lines of the street, as shown on said plans and profiles; but we expressly reserve to the owners of the land taken for said slopes and their heirs and assigns the right to use said slopes and the land taken therefor up to the side lines of said way, as hereinbefore defined and shown on said plans and profiles, for building or for any other purpose or use whatsoever incident to the ownership of the fee in the land taken for said slopes, which will not impair the securing of the roadbed of said way.

We give the owners of land taken for the laying out, alteration and widening of said street thirty days from the date of its acceptance by the town, in which to take off their trees, fences and other property which may obstruct the building of the way.

The estimated cost of constructing the street is \$71,000.00, and the awards for land and other damages amount to \$85,790.00. Said street so laid out, altered and widened is hereby reported to the town for acceptance.

The said plan, profile and this record are this day filed by us in the office of the Town Clerk.

Received and filed with plan and profile as stated.

EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., May 17, 1907.

Tenth Article,—"To appropriate fourteen thousand dollars (\$14,000.00) to be expended by the Water Board for laying a water main in Hammond street, from Newton street to Boylston street."

On motion of Oscar B. Mowry,—

Voted, To appropriate fourteen thousand dollars (\$14,000) to be expended by the Water department for laying a water main in Hammond street.

Eleventh Article,—"To appropriate four hundred dollars (\$400.00) to be expended under the direction of the School Committee, to defray the expense of using shower baths in the Lincoln school and Heath school during July and August."

On motion of Philip S. Parker,—

Voted, To appropriate four hundred dollars (\$400) to be expended under the direction of the School Committee to defray the expense of using shower baths in the Lincoln school and Heath school during July and August.

[An amendment offered by George S. Nyhen to the effect that the above described baths be kept open during the month of September was rejected.]

Twelfth Article,—"To see if the town will amend Section 5, Article XIX of the Building Law, to permit of the placing, under certain conditions, of a one-story wooden building nearer than five feet to adjoining lot line."

On motion of Charles H. Pearson,—

Voted, That the subject-matter of the twelfth article be indefinitely postponed.

Thirteenth Article,—"To authorize the Water Board to contract for the erection of a stable and workshop, and to appropriate thirty thousand dollars (\$30,000.00) therefor; and to authorize the Treasurer to borrow the same."

On motion of Oscar B. Mowry, amended by Harvey H. Baker,—

Voted, To authorize the Water Board to contract for the erection of a stable and work-shop, and to appropriate fifteen thousand dollars (\$15,000) therefor, and that the Water Board be instructed not to proceed with the construction of any building that will cost to exceed that amount.

Fourteenth Article,—"To authorize the Trustees of the Public Library to make contracts for the erection of a new Public Library on land of the town on Washington street, between School street and the Municipal Court; to appropriate four hundred thousand dollars (\$400,000.00) for this purpose, and for any expenses incidental thereto; and to authorize the Treasurer to borrow the same."

On motion of Moses Williams, amended by Emery B. Gibbs,—

Voted, That the subject-matter of the fourteenth article be referred to a Committee of seven citizens to be appointed by the Moderator, to report to the town at the next annual town meeting.

The Moderator appointed the Committee to consist of James R. Dunbar, William H. Lincoln, Jerome Jones, James H. Boody, Henry B. Cabot, Frank B. Connor and Henry W. Lamb.

Fifteenth Article,—"To hear and act upon reports of town officers and committees."

Sixteenth Article,—"To appropriate and raise, by borrowing or otherwise, such sums as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all or any of the appropriations asked for or proposed by the Selectmen or by any town officers or committees."

No action was taken under the fifteenth and sixteenth articles in the warrant.

At five minutes before eleven o'clock,—

Voted, That this meeting be dissolved.

In accordance with the provisions of chapter 201 of the Acts of 1901, accepted by the town at the annual meeting held March 19th, 1902, and the vote passed by the town at the same meeting, registering turnstiles were used at the two entrances to the hall to determine the number of registered voters admitted to the meeting.

The Selectmen appointed police officers Emery E. Allen and Charles C. Watterson in charge of the two turnstiles, who made a return in writing under oath at the adjournment of the meeting that turnstile No. 1643 had registered two hundred and eighty-one (281), and turnstile No. 1670 had registered one hundred and fifty-seven (157), showing that a total of four hundred and thirty-eight (438) registered voters had been admitted to the meeting.

Dissolved.

Attest:

EDWARD W. BAKER, *Town Clerk.*

SPECIAL MEETING, SEPTEMBER 19, 1907.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To any Constable of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Thursday, the nineteenth day of September, 1907, at half-past seven o'clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To ratify and confirm the agreement made the fifth day of August, 1907, by the Board of Selectmen with the Welsbach Street Lighting Company of America for street lighting.

Third, To appropriate three hundred dollars (\$300.00) for an additional feed pump at the combined Heating, Lighting and Power Plant on Tappan street.

Fourth, To see if the town will appoint a committee of seven to study the problems of municipal improvements made necessary by the growth of the town and report their recommendations at a future meeting; the committee to serve without pay and to be empowered to employ professional assistance at an expense not exceeding one thousand dollars (\$1,000.00).

Fifth, To authorize the Water Board to expend six thousand dollars (\$6,000.00) for the erection of a stable and workshop in addition to the amount authorized at a special meeting May 28, 1907, and to appropriate six thousand dollars (\$6,000.00) therefor.

Sixth, To hear and act upon reports of town officers and committees.

Seventh, To appropriate and raise, by borrowing or otherwise, such sums as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all or any of the appropriations asked for or proposed by the Selectmen or by any town officers or committees.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Selectmen, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this ninth day of September, in the year of our Lord one thousand nine hundred and seven.

WILLIAM CRAIG,
HORACE JAMES,
NATHANIEL CONANT,
PHILIP S. PARKER,
JOHN A. CURTIN,
Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, MASS., September 13, 1907.

By virtue of the within warrant, I have notified and warned the inhabitants of the town of Brookline qualified to vote in elections to meet at the time and place, and for the purposes herein named, by causing an attested copy of said warrant to be left at their last and usual place of abode, and by posting attested copies of the same in three or more public places in said Brookline, all of which was done four days at least before said day of meeting.

WILLARD Y. GROSS, *Constable*.

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline qualified to vote in elections met at the Town Hall in said town on Thursday, the nineteenth day of September, in the year of our Lord one thousand nine hundred and seven, and were called to order at thirty minutes past seven o'clock in the evening by the Town Clerk, who read the warrant calling the meeting, and the return thereon of the Constable who served the same upon the inhabitants.

First Article,— “To choose a Moderator.”

The meeting nominated and chose for Moderator Leslie C. Wead.

Second Article,— “To ratify and confirm the agreement made the fifth day of August, 1907, by the Board of Selectmen with the Welsbach Street Lighting Company of America for street lighting.”

On motion of William Craig,—

Voted, That the agreement made the fifth day of August, 1907, by the Board of Selectmen, between the town of Brookline and the Welsbach Street Lighting Company of America for street lighting, be ratified and confirmed.

Third Article,— “To appropriate three hundred dollars (\$300.00) for an additional feed pump at the combined Heating, Lighting and Power Plant on Tappan street.”

On motion of William Craig,—

Voted, To appropriate three hundred dollars (\$300.00) to pay for installing an additional feed pump in the combined Heating, Lighting and Power Plant on Tappan street, to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Fourth Article,— “To see if the town will appoint a committee of seven to study the problems of municipal improvements made necessary

by the growth of the town and report their recommendations at a future meeting; the committee to serve without pay and to be empowered to employ professional assistance at an expense not exceeding one thousand dollars (\$1,000.00)."

On motion of William Craig,—

Voted, That the fourth article be postponed for consideration at the next annual town meeting.

Fifth Article,— "To authorize the Water Board to expend six thousand dollars (\$6,000.00) for the erection of a stable and workshop in addition to the amount authorized at a special meeting May 28, 1907, and to appropriate six thousand dollars (\$6,000.00) therefor."

On motion of Oscar B. Mowry,—

Voted, To authorize the Water Board to expend six thousand dollars (\$6,000.00) for the erection of a stable and workshop in addition to the amount authorized at a special meeting May 28, 1907, and to appropriate six thousand dollars therefor, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Sixth Article,— "To hear and act upon reports of town officers and committees."

Seventh Article,— "To appropriate and raise, by borrowing or otherwise, such sums as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all or any of the appropriations asked for or proposed by the Selectmen or by any town officers or committees."

No action was taken under the sixth and seventh articles in the warrant.

At thirteen minutes before eight o'clock,—

Voted, That this meeting be dissolved.

In accordance with the provisions of chapter 201 of the Acts of 1901, accepted by the town at the annual meeting held March 19th, 1902, and the vote passed by the town at the same meeting, registered turnstiles were used at the two entrances to the hall to determine the number of registered voters admitted to the meeting.

The Selectmen appointed police officers Emery E. Allen and George W. Piper in charge of the two turnstiles, who made

a return in writing under oath at the adjournment of the meeting that turnstile No. 1643 had registered fifty-two (52), and turnstile No. 1670 had registered twenty-four (24), showing that a total of seventy-six (76) registered voters had been admitted to the meeting.

Dissolved.

Attest: EDWARD W. BAKER, *Town Clerk.*

STATE ELECTION, NOVEMBER 5, 1907.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To any Constable of the town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Tuesday, the fifth day of November, 1907, it being the Tuesday next after the first Monday in said month, at six o'clock in the forenoon, to give in their votes for the following State and County Officers, to wit:—

Governor of the Commonwealth; Lieutenant-Governor; Secretary of the Commonwealth; Treasurer and Receiver-General; Auditor of Accounts; Attorney-General; Councillor for the Second Councillor District; Senator for the Second Norfolk Senatorial District; two Representatives to the General Court for the Second Norfolk Representative District; one District Attorney for the Southeastern District; one County Commissioner for the County of Norfolk for three years; two Associate Commissioners for the County of Norfolk for three years; one Sheriff for the County of Norfolk for three years; also for the purpose of giving in their votes, "Yes" or "No", on the Article of Amendment to the Constitution of this Commonwealth, to wit: "Shall the proposed Amendment to the Constitution authorizing the Governor, with the consent of the Council, to remove Justices of the Peace and Notaries Public be approved and ratified?"

All to be voted for on one ticket.

For these purposes the polls will be opened at fifteen minutes after six o'clock in the forenoon, and may be closed at thirty minutes after four o'clock in the afternoon.

Hereof fail not, and make due return of this warrant, to the Selectmen, with your doings thereon, seven days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this twenty-first day of October, in the year of our Lord one thousand nine hundred and seven.

WILLIAM CRAIG,
HORACE JAMES,
NATHANIEL CONANT,
PHILIP S. PARKER,
JOHN A. CURTIN,
Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, MASS., October 24, 1907.

By virtue of this warrant, I have notified and warned the inhabitants of the town of Brookline qualified to vote in elections, to meet at the time and place, and for the purpose herein named, by causing a printed attested copy of this warrant to be left at their last and usual place of abode; and I have also posted true copies of said warrant in three public places in Brookline, all of which was done seven days at least before the day of said meeting.

WILLARD Y. GROSS, *Constable*.

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline, qualified to vote in elections, met at the Town Hall in said town on Tuesday, the fifth day of November, in the year of our Lord one thousand nine hundred and seven, and were called to order at six o'clock in the morning by Horace James, Esq., the senior member present of the Board of Selectmen. The Town Clerk read the warrant calling the meeting, and the return thereon of the constable who served the same upon the inhabitants.

Horace James, Esq., senior member present of the Board of Selectmen, took charge of the meeting after the reading of the warrant, and acted as presiding election officer.

The Town Hall had been fitted up as a polling place, a space railed off, in which were compartments or shelves for the convenience of voters in examining and marking their ballots, and each compartment was supplied with cards of instruction and other necessary facilities. Cards of instruction and specimen ballots were also posted in different parts of the building outside of the rail; all in accordance with the laws of the Commonwealth of Massachusetts governing elections.

The arrangement of the railing was such that four entrances were provided for voters to enter the space inside the rail for the purpose of marking their ballots, with four ballot-boxes to correspond, one for each entrance. The Ballot Clerks were provided with duplicate sets of the list of registered male voters of the town, as prepared by the Registrars of Voters for use at this election. These alphabetical lists of voters were divided to correspond with the four entrances and four ballot-boxes as follows:—

Entrance No. 1—A to D inclusive.

Entrance No. 3—L to P inclusive.

Entrance No. 2—E to K inclusive.

Entrance No. 4—Q to Z inclusive.

The Ballot Clerks and Tellers appointed by the Selectmen, and representing equally the two leading political parties, were sworn and assigned to their duties respectively as follows:—

BALLOT CLERKS.

Frederic M. Bond,

Francis F. Muldowney.

ASSISTANT BALLOT CLERKS.

Murray T. Edgar,

Felix R. King,

Edwin A. Robart,

William F. Foley,

George W. Pree,

Denis T. Harrington,

John W. Shields,

Michael J. McGrath,

Clarence E. Fuller,

James J. Lynch,

D. Edward Beede,

John J. Harrington,

Frank A. Daggett.

CHECKERS AND COUNTERS.

Alfred E. Kenrick, ...

William J. Love,

Charles A. W. Spencer,

Francis T. Donahue,

Anson B. Norton,

Edward A. Cahill,

Oliver H. Delano,

Thomas B. McCaffery,

Gabriel C. Morison,

Martin J. Cochrane,

Frederick W. Wead,

William J. Harkness, Jr.,

Alfred H. Cornell,

Louis H. McKenna,

A. Noble Creelman,

James M. Driscoll,

George B. Hastings,

Arthur L. Furfey,

Grant Wm. Nowell.

The Town Clerk delivered to the presiding election officer a sealed package as received by him from the Secretary of the Commonwealth marked "First set of Ballots, 5400, Town of Brookline," together with specimen ballots and cards of instruction, and took his receipt therefor in conformity with law. The presiding election officer publicly broke the seal on the package of ballots and delivered the ballots to Frederic M. Bond and Francis F. Muldowney, the ballot clerks who had been duly appointed by the Selectmen.

The election officers stationed at the four entrances and four ballot-boxes were supplied with the lists of voters, and with the official ballots, with instructions to deliver such ballots only to voters whose names were found and checked on the lists at the entrances, and to allow no voter to deposit his ballot until his name was found and checked on the lists at the ballot-boxes.

The four ballot-boxes, as inspected and approved by the Secretary of the Commonwealth to be used at elections, were then opened in public meeting, examined by the election officers, and found to be empty. The register of each box was set at zero (0), the boxes locked, and the keys were retained by James Gleason, the Sergeant of Police at the polling place.

At twelve minutes past six o'clock in the forenoon the polls were declared open for the reception of votes, and were kept open until thirty minutes past four o'clock in the afternoon, when, after due notice, they were declared closed.

By unanimous consent of the election officers, the ballot-boxes were opened several times during the day for the purpose of removing the ballots to be counted.

At the close of the polls the registers of the ballot-boxes read as follows:—

Box No. 1, "Ideal"	873
Box No. 2, "Ideal"	846
Box No. 3, "Ideal"	836
Box No. 4, "U. S."	339

The register of Box No. 1 failed to work properly, but the names checked at said box indicated that the number of ballots should be eight hundred and seventy (870).

The ballots taken from the different boxes were counted separately and were found to be as follows:—

From Ballot Box No. 1, A-D	870
Ballot Box No. 2, E-K	846
Ballot Box No. 3, L-P	836
Ballot Box No. 4, Q-Z	339

The Ballot Clerks reported the names checked at the entrances to be three thousand three hundred and ninety-one (3391).

The Ballot Clerks also reported that the number of spoiled and unused ballots deducted from the total number found in the package received from the presiding election officer indicated that three thousand three hundred and ninety-one (3391) ballots had been cast.

The election officers canvassed the ballots deposited in the ballot-boxes, and the whole number was three thousand three hundred and ninety-one (3391), which were sorted, counted, and recorded, and declaration thereof made in open town meeting, as required by law.

In counting the ballots the blank forms approved by the Secretary of the Commonwealth were used by the election officers.

The votes for State and County officers were declared at five minutes after five o'clock, as follows:—

Governor.

Charles W. Bartlett, of Newton, Anti-Merger, had seventeen (17).

Thomas F. Brennan, of Salem, Socialist Labor, had one (1).

John W. Brown, of Worcester, Socialist, had nine (9).

Daniel F. Doherty, of Westfield, Democratic Citizens' Nom. Paper, Democratic, had six hundred and two (602).

Charles C. Hitchcock, of Ware, Socialist, had fifteen (15).

Edward Kendall, of Cambridge, Prohibition, had twenty-three (23).

Blanks, two hundred and eighty-five (285).

Auditor.

Joao Claudino, of New Bedford, Socialist Labor, had nine (9).

Joseph A. Conry, of Boston, Democratic Citizens' Nom. Paper, Democratic, had six hundred and forty-nine (649).

Thomas E. Finnerty, of Clinton, Independence League, had one hundred and twenty-three (123).

George G. Hall, of Boston, Socialist, had twenty (20).

James F. Pease, of Merrimac, Prohibition, had twenty-four (24).

Henry E. Turner of Malden, Republican, had twenty-two hundred and thirty-four (2234).

Blanks, three hundred and thirty-two (332).

Attorney-General.

Allen Coffin, of Nantucket, Prohibition, had forty-one (41).

Dana Malone, of Greenfield, Republican, had twenty-two hundred and four (2204).

John McCarty, of Abington, Socialist, had forty-one (41).

James E. McConnell, of Boston, Democratic, had six hundred and twenty-six (626).

William N. Osgood, of Lowell, Independence League, had one hundred and sixty-eight (168).

Harvey H. Pratt, of Scituate, Anti-Merger, had twenty-eight (28).

Gilbert G. Smith, of Lawrence, Socialist Labor, had fourteen (14).

Blanks, two hundred and sixty-nine (269).

Councillor — Second District.

Albion F. Bemis, of Brookline, Republican, had twenty-three hundred and four (2304).

William A. Bunton, of Boston, Democratic, had five hundred and ninety-four (594).

John M. Fisher, of Attleborough, Prohibition, had twenty-six (26).

Charles G. Kidder, of Taunton, Independence League, had one hundred and twenty-one (121).

Irwin S. Newcomb, of Weymouth, Socialist, had fifteen (15).

Blanks, three hundred and thirty-one (331).

Senator — Second Norfolk District.

William O. Faxon, of Stoughton, Republican, had twenty-two hundred and sixty-five (2265).

James M. Lynch, of Avon, Democratic, had seven hundred and thirty-five (735).

Blanks, three hundred and ninety-one (391).

Representatives in General Court — Second Norfolk District.

Walter J. Cusick, of Brookline, Democratic, had nine hundred and forty (940).

Andrew A. Highlands, of Brookline, Democratic, had eight hundred and seventy-five (875).

Joseph Walker, of Brookline, Republican, had twenty-one hundred and seventy-three (2173).

Norman H. White, of Brookline, Republican, had twenty hundred and thirty-three (2033).

Blanks, seven hundred and sixty-one (761).

County Commissioner — Norfolk.

Albert Hess, of Randolph, Socialist, had thirty-six (36).

Michael F. McCarthy, of Walpole, Democratic, had seven hundred and sixty-eight (768).

Silas A. Stone, of Sharon, Republican, had twenty-two hundred and sixty-nine (2269).

Blanks, three hundred and eighteen (318).

Associate Commissioners — Norfolk.

John Everett, of Canton, Republican, had twenty-one hundred and fifty (2150).

Scattering, two (2).

Blanks, twenty-two hundred and thirty-one (2231).

District Attorney — Southeastern District.

Thomas E. Grover, of Canton, Democratic, Republican, had twenty six hundred and eighty-six (2686).

Blanks, seven hundred and five (705).

Sheriff — Norfolk County.

Edward F. Brault, of Quincy, Socialist, had one hundred and eight (108).

Samuel H. Capen, of Dedham, Democratic, Republican, had twenty-six hundred and ninety-two (2692).

Blanks, five hundred and ninety-one (591).

Amendment to the Constitution:— Shall the proposed amendment to the constitution authorizing the governor, with the consent of the council, to remove justices of the peace and notaries public be approved and ratified?

“Yes,” twenty-one hundred and six (2106).

“No,” two hundred and sixty-four (264).

Blanks, ten hundred and twenty-one (1021).

The business of the meeting having been completed, the ballots cast, together with the check lists used at the entrances and at the ballot-boxes, sealed up and endorsed by the Ballot Clerks, were enclosed in a box which was sealed and endorsed by the Selectmen and Town Clerk and delivered to Police Sergeant James Gleason, who delivered the same to the Town Clerk at his office as required by law.

The returns of the election, for recording which blank forms had been received by the Town Clerk from the Secretary of the Commonwealth, and the Clerk of Courts of Norfolk County, were filled up, signed by the Selectmen and Town Clerk, sealed up in open meeting and delivered to the Town Clerk to be forwarded to their respective places of destination.

The meeting was then declared dissolved at fourteen minutes before six o'clock in the evening by Horace James, the presiding election officer.

Dissolved.

Attest: EDWARD W. BAKER, *Town Clerk.*

BROOKLINE, MASS., November 7, 1907.

This is to certify that I have delivered in hand to Joseph Walker of Brookline and Norman H. White of Brookline, certificates of their election as Representatives in the General Court, Second Norfolk District.

Attest: EDWARD W. BAKER, *Town Clerk.*

SPECIAL MEETING, JANUARY 22, 1908.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To any Constable of the Town of Brookline, Greeting:—

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Brookline, qualified to vote in elections, to meet at the Town Hall, in said town, on Wednesday, the twenty-second day of January, 1908, at half past seven o'clock in the evening, for the following purposes, to wit:—

First, To choose a Moderator.

Second, To make an additional appropriation of twelve hundred dollars (\$1200.00) for the High School, to make an additional appropriation of two hundred dollars (\$200.00) for Kindergartens, and to make an additional appropriation of two hundred dollars (\$200.00) for Evening Schools.

Third, To make an additional appropriation of twenty-five hundred dollars (\$2500.00) for the Health Department.

Fourth, To make an additional appropriation of sixty dollars (\$60.00) for the Building Department.

Fifth, To make an additional appropriation of four hundred dollars (\$400.00) for the Department of Weights and Measures.

Sixth, To make an additional appropriation of one hundred dollars (\$100.00) for the Treasury Department.

Seventh, To make an additional appropriation of five hundred dollars (\$500.00) for the Engineering Department.

Eighth, To make an additional appropriation of three hundred and fifty dollars (\$350.00) for the maintenance of the Town Hall.

Ninth, To make an additional appropriation of twelve hundred dollars (\$1200.00) for exterior repairs of town buildings.

Tenth, To make an additional appropriation of seven hundred dollars (\$700.00) for contingencies.

Eleventh, To authorize the Selectmen to procure legislation for authority to maintain or allow to be maintained in Village Square one or more islands or reservations with suitable structures thereon for the use of pedestrians or persons taking or leaving cars.

Twelfth, To authorize the Committee on Municipal Lighting Plant to obtain expert assistance to be used in completing its investigation and to appropriate two thousand dollars (\$2,000.00) to pay for the same; and also to authorize the Selectmen, if they deem it expedient, to appear with or without counsel before the Board of Gas and Electric Light Commissioners for the purpose of obtaining reduction in prices for electricity furnished in the town by the Boston Consolidated Gas Company.

Thirteenth, To see if the town will vote that in the employment of laborers, workmen and mechanics by the town of Brookline, whether directly or on contract work, preference shall be given to citizens and voters of the town of Brookline when same can be procured; and that it shall be the duty of town officials when drawing and awarding contracts for work to be performed within the town to specify in said contracts that preference of employment shall be given to laborers, workmen or mechanics who are citizens and voters of the town of Brookline when same can be procured.

Fourteenth, To see if the town will change the name of either Linden place or Linden street, or any part thereof, to Fay street.

Fifteenth, To see if the town will appoint a committee of seven citizens whose duty it shall be to examine and report upon the appropriations to be made at the annual town meeting; for the purpose of obtaining an independent opinion upon the various subjects no official of the town to be eligible to serve upon this committee.

Sixteenth, To appropriate six thousand dollars (\$6,000.00) to provide non-combustible fittings for the vaults in the Assessing and Engineering Departments and to provide for the safe keeping of the public records in other departments.

Seventeenth, To authorize the Water Board to contract for water pipe for the season of 1908 to the extent of seven thousand dollars (\$7,000.00).

Eighteenth, To see if the town will consider the question of increasing the storage capacity of the high service system of its water plant.

Nineteenth, To make an additional appropriation of fifteen hundred dollars (\$1500.00) for the construction of the Heating, Lighting and Power Plant.

Twentieth, To hear and act upon the reports of town officers and committees.

Twenty-first, To appropriate and raise, by borrowing or otherwise, such sums as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all or any of the appropriations asked for or proposed by the Selectmen or by any town officers or committees.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Selectmen, four days at least before the day of said meeting.

Given under our hands at Brookline aforesaid, this thirteenth day of January, in the year of our Lord one thousand nine hundred and eight.

WILLIAM CRAIG,
HORACE JAMES,
NATHANIEL CONANT,
PHILIP S. PARKER,
JOHN A. CURTIN,

Selectmen of Brookline.

NORFOLK, SS.

BROOKLINE, MASS., January 17, 1908.

By virtue of this warrant, I have notified and warned the inhabitants of the town of Brookline qualified to vote in elections to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at their last and usual place of abode and also by posting attested copies of said warrant in three or more public places in said Brookline, all of which was done four days at least before said day of meeting.

JOHN E. GRIFFIN, *Constable*.

In pursuance of the foregoing warrant, the inhabitants of the town of Brookline qualified to vote in elections met at the Town Hall in said town on Wednesday, the twenty-second day of January, in the year of our Lord one thousand nine hundred and eight, and were called to order at thirty minutes past seven o'clock in the evening by the Town Clerk, who read the warrant calling the meeting, and the return thereon of the Constable who served the same upon the inhabitants.

First Article,—"To choose a Moderator."

The meeting nominated and chose for Moderator James M. Codman, Jr.

Second Article,—"To make an additional appropriation of twelve hundred dollars (\$1200.00) for the High School, to make an additional appropriation of two hundred dollars (\$200.00) for Kindergartens, and to make an additional appropriation of two hundred dollars (\$200.00) for Evening Schools."

On motion of Franklin W. Hobbs,—

Voted, That an additional appropriation of two hundred dollars (\$200.00), be made for Kindergartens, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

On motion of Franklin W. Hobbs,—

Voted, That an additional appropriation of twelve hundred dollars (\$1200.00), be made for the High School, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

On motion of Franklin W. Hobbs,—

Voted, That an additional appropriation of two hundred dollars (\$200.00) be made for Evening Schools, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Third Article,—"To make an additional appropriation of twenty-five hundred dollars (\$2500.00) for the Health Department."

On motion of Philip S. Parker,—

Voted, That an additional appropriation of twenty-five hundred dollars (\$2500.00) be made for the Health Department, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Fourth Article,—"To make an additional appropriation of sixty dollars (\$60.00) for the Building Department."

On motion of Philip S. Parker,—

Voted, That an additional appropriation of sixty dollars (\$60.00) be made for the Building Department, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Fifth Article,—"To make an additional appropriation of four hundred dollars (\$400.00) for the Department of Weights and Measures."

On motion of Philip S. Parker,—

Voted, That an additional appropriation of four hundred dollars (\$400.00) be made for the Department of Weights and Measures, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Sixth Article,—"To make an additional appropriation of one hundred dollars (\$100.00) for the Treasury Department."

On motion of Philip S. Parker,—

Voted, That an additional appropriation of one hundred dollars (\$100.00) be made for the Treasury Department, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Seventh Article,—"To make an additional appropriation of five hundred dollars (\$500.00) for the Engineering Department."

On motion of Philip S. Parker,—

Voted, That an additional appropriation of five hundred dollars (\$500.00) be made for the Engineering Department, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Eighth Article,—"To make an additional appropriation of three hundred and fifty dollars (\$350.00) for the maintenance of the Town Hall."

On motion of Philip S. Parker,—

Voted, That an additional appropriation of three hundred and fifty dollars (\$350.00) be made for the maintenance of the Town Hall, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Ninth Article,—"To make an additional appropriation of twelve hundred dollars (\$1200.00) for exterior repairs of town buildings."

On motion of Philip S. Parker,—

Voted, That an additional appropriation of twelve hundred dollars (\$1200.00) be made for exterior repairs of town buildings, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Tenth Article,—"To make an additional appropriation of seven hundred dollars (\$700.00) for contingencies."

On motion of Philip S. Parker,—

Voted, That an additional appropriation of seven hundred dollars (\$700.00) be made for contingencies, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Eleventh Article,—"To authorize the Selectmen to procure legislation for authority to maintain or allow to be maintained in Village Square one or more islands or reservations with suitable structures thereon for the use of pedestrians or persons taking or leaving cars."

On motion of Philip S. Parker,—

Voted, To authorize the Selectmen to procure legislation for authority to maintain or allow to be maintained in Village Square one or more islands or reservations with suitable structures thereon, for the use of pedestrians or persons taking or leaving cars.

Twelfth Article,—"To authorize the Committee on Municipal Light ing Plant to obtain expert assistance to be used in completing its investigation and to appropriate two thousand dollars (\$2,000.00) to pay for the same; and also to authorize the Selectmen, if they deem it expedient, to appear with or without counsel before the Board of Gas and Electric Light Commissioners for the purpose of obtaining reduction in the prices for electricity furnished in the town by the Boston Consolidated Gas Company."

On motion of William F. Humphrey,—

Voted, To authorize the Committee on Municipal Lighting Plant to obtain expert assistance to be used in completing its

investigation and to appropriate two thousand dollars (\$2,000.00) to pay for the same, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

On motion of William F. Humphrey,—

Voted, To authorize the Selectmen, if they deem it expedient, to appear with or without counsel before the Board of Gas and Electric Light Commissioners for the purpose of obtaining reduction in the prices for electricity furnished in the town by the Boston Consolidated Gas Company.

Thirteenth Article,—"To see if the town will vote that in the employment of laborers, workmen and mechanics by the town of Brookline, whether directly or on contract work, preference shall be given to citizens and voters of the town of Brookline, when same can be procured; and that it shall be the duty of town officials when drawing and awarding contracts for work to be performed within the town to specify in said contracts that preference of employment shall be given to laborers, workmen or mechanics who are citizens and voters of the town of Brookline when same can be procured."

Under this article William H. Walsh offered a motion that the article be adopted as read by the Moderator, and an amendment was offered by Eugene P. Carver, adding the words "at the same price."

Alfred D. Chandler raised the point of order that the original motion was out of order. The Moderator sustained the objection and ruled the motion out of order.

No other motions were made and no action was taken under this article.

Fourteenth Article,—"To see if the town will change the name of either Linden place or Linden street, or any part thereof, to Fay street."

On motion of Wm. H. Lincoln,—

Voted, That the petitioners under the fourteenth article be given leave to withdraw.

Fifteenth Article,—"To see if the town will appoint a committee of seven citizens whose duty it shall be to examine and report upon the appropriations to be made at the annual town meeting; for the purpose of obtaining an independent opinion upon the various subjects no official of the town to be eligible to serve upon this committee."

William H. Lincoln offered a motion that the Moderator appoint a committee of seven as contemplated by the article. Charles H. Pearson offered a substitute motion that the sub-

ject matter of the article be referred to a committee composed of the petitioners for the same.

The meeting acted on the passage of the substitute motion by a rising vote. Jesse S. Wiley and D. Blakely Hoar were appointed to serve as Tellers and they were sworn by the Town Clerk. The Tellers reported the count on the passage of the motion offered by Mr. Pearson as follows: "Yes," forty-five (45); "No," ninety-four (94), and the Moderator declared the motion rejected.

The original motion as offered by Mr. Lincoln was then submitted to the meeting, but it was not passed.

Sixteenth Article,—"To appropriate six thousand dollars (\$6,000.00) to provide non-combustible fittings for the vaults in the Assessing and Engineering Departments and to provide for the safe keeping of the public records in other departments."

On motion of Philip S. Parker,—

Voted, To appropriate six thousand dollars (\$6,000.00) to provide non-combustible fittings for the vaults in the Assessing and Engineering Departments and to provide for the safe keeping of public records in other departments.

Seventeenth Article,—"To authorize the Water Board to contract for water pipe for the season of 1908 to the extent of seven thousand dollars (\$7,000.00)."

On motion of Oscar B. Mowry,—

Voted, That the Water Board be authorized to contract for water pipe for the season of 1908, to the extent of seven thousand dollars (\$7,000.00).

Eighteenth Article,—"To see if the town will consider the question of increasing the storage capacity of the high service system of its water plant."

On motion of Oscar B. Mowry, amended by Fred H. Williams,—

Voted, That a committee of five citizens be appointed by the Moderator to consider the question of increasing the storage capacity of the high service system; the Moderator to have authority to announce this committee after the adjournment of this meeting.

The Moderator appointed the following-named citizens to constitute this Committee: Desmond FitzGerald, Michael J. O'Hearn, William Craig, A. Eugene Kenrick, Henry W. Lamb.

Nineteenth Article,—"To make an additional appropriation of fifteen hundred dollars (\$1500.00) for the construction of the Heating, Lighting and Power Plant."

On motion of Walter Channing,—

Voted, That an additional appropriation of fifteen hundred dollars (\$1500.00) be made for the construction of the Heating, Lighting and Power Plant, the amount to be taken from any unexpended balances or money in the treasury not otherwise appropriated.

Twentieth Article,—"To hear and act upon the reports of town officers and committees."

Twenty-first Article,—"To appropriate and raise, by borrowing or otherwise, such sums as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all or any of the appropriations asked for or proposed by the Selectmen or by any town officers or committees."

No action was taken under the twentieth or twenty-first article.

At twenty-two minutes past nine o'clock,—

Voted, That this meeting be dissolved.

In accordance with the provisions of chapter 201 of the Acts of 1901, accepted by the town at the annual meeting held March 19th, 1902, and the vote passed by the town at the same meeting, registering turnstiles were used at the two entrances to the hall to determine the number of registered voters admitted to the meeting.

The Selectmen appointed police officers Emery E. Allen and Charles C. Watterson in charge of the two turnstiles, who made a return in writing under oath at the adjournment of the meeting that turnstile No. 1643 had registered one hundred and fourteen (114), and turnstile No. 1670 had registered one hundred and twenty-one (121), showing that a total of two hundred and thirty-five (235) registered voters had been admitted to the meeting.

Dissolved.

Attest:

EDWARD W. BAKER, *Town Clerk*.

TOWN OF BROOKLINE

BOARD OF SELECTMEN

ANNUAL REPORT
OF THE
BOARD OF SELECTMEN
OF
BROOKLINE
MASSACHUSETTS
FOR THE YEAR ENDING JANUARY 31
1908

BROOKLINE

1908

BOARD OF SELECTMEN.

Organization, 1907-08.

WILLIAM CRAIG, *Chairman*.
NATHANIEL CONANT. HORACE JAMES.
JOHN A. CURTIN. PHILIP S. PARKER.
EDWARD A. McETTRICK, *Clerk*.
GEORGE F. JOYCE, *Secretary*.

STANDING COMMITTEES.

ON ACCOUNTS — Messrs. Curtin and Parker.
ON ALMSHOUSE — Messrs. Conant and Craig.
ON ENGINEERING DEPARTMENT — Messrs. James and Curtin.
ON FIRE DEPARTMENT — Messrs. Craig and Curtin.
ON HIGHWAY DEPARTMENT — Messrs. Curtin and Craig.
ON LIGHTS, POLES AND WIRES — Messrs. Craig and Conant.
ON POLICE DEPARTMENT — Messrs. Conant and Parker.
ON PUBLIC HEALTH — Messrs. Conant and Craig.
ON REPAIRS OF PUBLIC BUILDINGS — Messrs. Conant and James.
ON SUITS AND CLAIMS — Messrs. Parker, James and Curtin.
ON TOWN HALL AND DEPARTMENTS of Assessors, Town Clerk, Town Treasurer, Sealer of Weights and Measures, and Building — Messrs. James and Parker.

On Highway Districts.

DISTRICT NO. 1, NORTHEAST — Mr. Parker.
DISTRICT NO. 2, NORTH — Mr. Craig.
DISTRICT NO. 3, SOUTHEAST — Mr. James.
DISTRICT NO. 4, NORTHWEST — Mr. Conant.
DISTRICT NO. 5, SOUTH — Mr. Curtin.

ANNUAL REPORT.

The Selectmen submit the following report for the year ending January 31, 1908:—

The year has been a busy one, and many important matters have occupied the attention of different departments, and in many of them action has been taken after consultation with citizens in public hearings and private interviews. Among matters of interest to the town might be noted the beginning of improvements in Village Square, the widening of Hammond street, and the opening of the Municipal Gymnasium.

Some problems at present under consideration by the Selectmen are the provision for sewerage facilities and surface-water drainage in the region of Clyde street, the provision for an outlet to the sewer in Hammond street, the preservation of street surfaces, the disposal of rubbish and waste, the placing under ground of telephone and electric light wires, the separation of sewage from surface-water drainage, and the relation of the town to metropolitan improvements.

Among some of the problems before other departments or committees may be mentioned the destruction of gypsy and brown-tail moths, the consideration of a new public library, the consideration of the cost of electric lighting, and the provision for greater facilities for water in the high service.

Conferences have been held with these departments as well as with other town officials in relation to matters under their charge. We wish to thank all heads of departments and committees for their co-operation in maintaining the welfare of the town; and to express our appreciation for the cordial support of citizens.

Hammond Street.

The construction of the widening of Hammond street to seventy-five feet has progressed satisfactorily, and the street will be finished early in the season. This will provide a safe and suitable thoroughfare, one which is much used by persons traveling between Newton and West Roxbury. Shade trees will be planted in the spaces reserved between the side-

walks and the street. The construction has been very satisfactorily and economically carried out by the contractors, and the Selectmen think that the improvement when completed will receive the approval of the residents of the town.

Village Square.

The complicated question of improvements in Village Square has occupied a great deal of attention, but we believe it is being satisfactorily worked out. A great many plans have been presented, and all suggestions have been cordially received and considered. It was decided, at the outset, because of the difficulties of the situation and the many points involved, that the changes and improvements must be carried out step by step, having a definite end in view, and dealing with each difficulty as it arose.

The necessity of relieving as quickly as possible the congestion in the streets required that some plan out of the many possible ones be adopted without further delay, as lives were constantly in danger. The large expense to the town had also to be carefully considered. The widening on the southerly side of Washington street was finally decided upon as involving the least expenditure.

The taking of Whyte's Block by eminent domain terminated the existing leases, and the approval of the town to the widening at that point enabled the Selectmen to proceed with the next steps. The damages awarded for Whyte's Block were determined after very careful consideration of values and of the results of a lawsuit for damages for land taken in Harvard Square which the town had just concluded. The remaining land in the triangle, namely that on High street, could not be purchased at prices which the Selectmen could recommend and so had to be taken by eminent domain. The damages awarded for the parcel on the corner of High and Walnut streets were considerably less than the asking price of that lot, and have been accepted. Settlement for the parcel on the corner of Washington and High streets has not yet been completed. This is the only matter in connection with the takings in the square which is in litigation affecting the town. A suit has been brought by the lessee of Whyte's Block, but in accepting the settlement of damages the owner has agreed in writing to defend the suit and pay all damages recovered, if any.

The whole question was also complicated by the provision for temporary quarters for Fire Station A and for new quarters for the Water Department stable.

The square is essentially a business locality, and it was decided that a good building on the town land was adapted to the surroundings and would add more than an open space, considering all the conditions. Much consideration has been given to the plans and construction of the new engine house, and it is hoped that the building will meet the approval of the town. The construction of the engine house prevented an immediate widening, but it is planned to carry out this widening this spring as soon as the construction of the building and weather conditions permit. The telephone and light wires will be placed under ground, the curbs placed, the sidewalks permanently constructed, and roadways made. When it is possible to finally locate the tracks, the whole street surface will be paved. The question of locating the tracks is being considered carefully, and this portion of the work will be pushed as rapidly as possible.

It would be illegal to place any reservation with a proper shelter for the accommodation of persons taking or leaving cars in the highway, without authority from the Legislature. As the town voted to authorize the Selectmen to apply for legislation, a bill for the purpose has been filed. The widening of Washington and Walnut streets fixed the location of any reservation, and none could be placed elsewhere without another widening, accepted by vote of the town. As such a bill is permissive in its nature, it was important to have the description broad enough to cover that part of the highway where any reservation might be placed. Therefore a description of a portion of Washington street, including that portion of Walnut street at its junction with Washington street, was carefully prepared with the advice of counsel and inserted in the bill. It is hoped that the bill will be passed at an early date, so that the final plan for the location of the tracks may be determined upon as soon as possible in consultation with the street railway and with the approval of the Railroad Commissioners.

Valuation and Tax Rate.

The total valuation of real and personal property increased last year about \$2,600,000. At the same time land values

were reduced by \$148,500, as will be seen from the report of the Assessors.

The reduction and readjustment of land values is an important matter and the Selectmen feel that the course pursued by the Assessors in reducing land values is to be commended. The tax rate increased from \$9 in 1906 to \$10.80 in 1907. Bearing in mind that the rate of \$9 in 1906, resulting from the unusual conditions of that year, was extremely low, and that the rate of \$10.80 is not much above the general average rate, the increase is not especially significant. It has been the effort of the Selectmen to so apportion expenditures as to keep the debt from increasing too rapidly and the tax rate as uniform as possible.

Finances.

The most complicated problem before the town is to maintain the present satisfactory financial condition and to carry out improvements which are made necessary by increasing population and the further development of the town.

We have always had good schools, good streets, and good public accommodations, and the demand has been for the best. Considering this fact, the town is to be congratulated on preserving its great financial stability. There is no doubt that we spend substantially more per capita on schools, fire protection, police protection, parks and highways, than is spent by many other municipalities of equal or even greater size. It is possible to spend less, but the efficiency and quality of facilities provided by the town will diminish if we do.

There is now being prepared for public use by the State Bureau of Statistics of Labor a report on the actual and comparative cost of maintaining the various municipal departments in the different cities and towns of the Commonwealth. In view of the fact that this report will be issued in a few months and will contain instructive and accurate information as to these matters, we refrain from commenting on the situation at this time further than to call the attention of the town to what we have already stated to be the fact in the matter of comparative per capita expense of maintaining our town departments, and refer the citizens to the above mentioned report when it shall have been issued.

It is important, however, to prevent expenditures in different town departments from increasing too fast and beyond the resources of the town, and this question must ever be considered by citizens and by the different boards more and more as time goes on. The tendency of legislation at the present time in matters pertaining to taxation, and particularly in connection with corporation taxes, is of a nature which is likely to substantially affect the income of the town, and the prospect for the enactment of such legislation in the near future seems very probable. This, together with the increasing annual cost of maintaining institutions that we have at present, is most important to consider when deciding whether to add new accommodations such as libraries, additional branches of learning in the schools, new parks and playgrounds; and the warning must be heeded not to undertake too much if we wish to maintain our good financial standing.

There was a substantial increase in the town debt, the same standing at the end of the year at \$1,559,191, the increase being \$221,639. The debt is less by a good margin than one half the authorized limit of indebtedness under the Municipal Indebtedness Act. The sum of \$250,000 was borrowed during the year in anticipation of taxes, and has been paid off. At times during the year it has been difficult to place permanent loans to meet requirements for which loans were authorized. Temporary loans therefor, amounting to \$200,000.00, at favorable rates, were made as authorized by law and as fully shown in the Treasurer's report. These temporary loans have all been paid off.

During the year the following permanent loans have been made: —

Municipal Gymnasium	\$108,000 00
The widening of Washington and Walnut streets ..	58,500 00
The widening of Hammond street	80,000 00
New Engine House	54,000 00
Heating, Lighting and Power Plant	28,000 00
The widening of Harvard and Washington streets ..	24,000 00
Land for public playgrounds	19,000 00
Total	\$371,500 00

Deducting from this total the sum of \$149,861, being debt paid off during the year, gives \$221,639, the amount of increase in debt mentioned above.

In addition, there is outstanding authority to borrow \$72,000 for land damages and improvements in Village Square, but it is probable that the whole of this sum will not be needed.

While other municipalities have been unable to borrow money during the last year at four per cent, we have not had to exceed that rate of interest on permanent loans, owing to the good financial statement which it was possible to exhibit. At the same time, this is a high rate for a long loan and the burden would be great if the debt were greatly increased on such terms. This fact should be borne in mind in authorizing any new large loans at present.

The debt maturing last year amounted to \$149,861; the debt which will mature during the coming year amounts to \$177,861. Payments of these amounts are provided in detail as follows:—

Date Borrowed.		1907-8.	1908-9.
1890-1895	Riverdale Park construction ...	\$18,830 00	\$18,830 00
1898-1906	Land for playgrounds	9,500 00	9,500 00
1901	Corey Hill Park	1,150 00	1,150 00
1903	Old Boston Reservoir	5,000 00	5,000 00
1894	Harvard street widening	3,750 00	3,750 00
1894	Washington street widening	3,050 00	3,050 00
1904-1907	Harvard and Washington streets widening	4,000 00	10,000 00
1900-1901	Boylston street widening	28,500 00	28,500 00
1907	Hammond street widening	4,000 00	4,000 00
1907	Washington and Walnut streets widening		6,500 00
1903	Land and stone-crushing plant ..	1,200 00	1,200 00
1897-1898	Longwood avenue bridge	3,750 00	3,750 00
1894-1895	High School building	10,000 00	10,000 00
1901	Land adjoining High School ..	1,350 00	1,350 00
1902-1903	Manual Training High School ..	8,000 00	8,000 00
1895	Druce street lot	1,500 00	1,500 00
1903	Heath School lot	1,800 00	1,800 00
1904	Pierce Primary School	8,000 00	8,000 00
1898	Construction Court House and Police Station	7,500 00	7,500 00
1903	Land adjoining Bath House	1,000 00	1,000 00
1904	Property, Washington School and Prospect streets	5,500 00	5,500 00
1906	Municipal Gymnasium		6,000 00
1906	Heating, Lighting and Power Plant		3,500 00
1907	New engine house A		6,000 00
1891-1904	Extension water works	19,481 00	19,481 00
1905	Water meters	3,000 00	3,000 00
		\$149,861 00	\$177,861 00

The debt and interest charges may be roughly classified as follows: —

	Principal Feb. 15, 1908.	Interest Charges 1907-8.	Interest Charges 1908-9.
Parks and Playgrounds.....	\$420,260 00	\$15,049 85	\$14,169 57
Water Supply	287,281 00	11,054 81	10,248 30
Streets and Bridges	367,100 00	10,104 48	12,769 70
Schools and Sites	184,050 00	7,302 69	6,246 92
Public Buildings and Sites ..	300,500 00	6,252 50	10,226 26
	\$1,559,191 00	\$49,764 33	\$53,660 75

The appropriation needed for the current year for interest on the debt now outstanding is \$53,934.50, including \$273.75 for overdue coupons not yet presented. The balance in the treasury in the general fund unappropriated at the end of the year amounted to \$9,940, which is much less than in the two preceding years. This fact will materially affect the tax rate for the coming year. The small size of this balance is partly due to the financial situation of the past few months, which resulted in a falling off in the percentum of taxes collected.

State Tax.

This tax increased from \$3,500,000 in 1906 to \$4,000,000 in 1907. Brookline's proportion in 1907 was \$112,680, being about 2.8% of the whole tax. There will be a substantial increase in the state tax for 1908, which will probably reach \$4,500,000. On this basis, Brookline will have to pay \$126,765, and this amount has been included in the annual appropriations.

The Legislature of 1907 refused to pass the law allowing the Commonwealth to retain the franchise taxes on railroads, telephone and telegraph companies, which are now distributed to cities and towns where stockholders reside, but such legislation has been strongly recommended by the Governor in his inaugural address this year, and the Recess Committee on Taxation also favor it. If a bill to this effect were passed, the loss to Brookline would be substantial, resulting in a diminution of receipts which would materially affect the tax rate. It ought to be provided, however, in any bill, that it shall not take effect until another year; but this matter must be borne in mind as one which may soon materially affect our

resources. The Recess Committee have also recommended other changes in the laws on taxation which may affect Brookline, but it is impossible to say to what extent.

Metropolitan Park Tax.

There is little to be said in regard to this tax in addition to what has been mentioned in previous years. The amount of the tax for the current year will be approximately \$47,800.

Metropolitan Sewer Tax.

Last year Brookline's share of this tax, namely, \$97,178, was larger than usual, due to the fact that an adjustment in accounts was made between the State and the Metropolitan district to correct some previous errors. In the adjustment of these accounts the municipalities in the South System, to which Brookline belongs, were materially affected, and their tax increased above the usual amount. This year, however, the sewer tax to be paid by the town will be about \$80,200, and this amount has been included in the annual appropriation.

The new high-level sewer which has been under construction during the past year will be completed in the fall and will eventually receive the sewage from a large district of the town.

The separation of sewage from surface water in our drainage systems is closely connected with the opening of this Metropolitan sewer. A special article in relation to the subject has been introduced in the warrant for the annual town meeting, and reference may be made to the Selectmen's report on the same, as well as to the reports of the Town Engineer for 1907 and 1908, for further information in regard to the matter.

County Tax.

There is an increase of \$10,000 in the amount to be raised this year by taxation for county expenses, owing to there being a smaller balance in the county treasury at the beginning of the year. The following table is here inserted as a matter of interest to the town to show how the county tax is expended. The proportion of the whole county tax of \$180,000 which Brookline will have to pay will be \$69,660.66, and this amount has been included in the annual appropriations.

County Receipts and Expenditures.

RECEIPTS:	Actual 1906.	Actual 1907.	Estimated 1908.
Balance on hand January.....	\$61,368 05	\$78,139 12	\$49,610 28

Condition of Current Special Appropriations.*Appropriations Carried Forward February 1st, 1907.*

There is nothing further to be done, and the appropriations will be closed in the following matters, namely,— Harvard and Washington Street Widening, Middlesex Road, Reservoir Road, Committee on Financial Relations with the State, New Library Plans, Footbridge Walnut Street to Reservoir Path, Drain for Public Buildings on Tappan Street, Laundry at Bath House, Washington and Walnut Street Widening, Lanark Road, and Littell Road.

The balance of \$369.68 outstanding at the beginning of the year for Town Stable additions has all been spent, but of the new appropriation of \$9,100 at the last annual meeting there is a balance of \$1,064.97 which will be carried forward.

The amount of \$736.60 outstanding for furnishings for the new Manual Training High School has been drawn on to the extent of \$509.18, and the balance of \$227.42 will be carried forward.

During the year \$57,126.55 of the appropriation of \$136,397.06 outstanding at the beginning of the year for the purchase of land for public playgrounds has been spent, and the balance of \$79,270.51 will be carried forward, subject to reappropriation by the town for this purpose at the coming meeting.

The sum of \$500.00 was added by special appropriation at the last annual meeting to the \$520.47 then outstanding for Cypress Street Playground Improvements. Nothing has been spent, and the whole amount of \$1,020.47 will be carried forward for further use.

There is left a balance of \$1,341.94 of the amount of \$2,016.01 outstanding at the beginning of the year for Brookline avenue widening, and this will be carried forward.

The sum of \$31.99 has been spent out of the balance of \$1,347.91 for Howe lot improvement, and the remainder, namely \$1,315.92, will be carried forward.

Nothing has been spent for Lee street, and the amount of \$366.06 outstanding will be carried forward.

The sum of \$10,002.26 of the Municipal Gymnasium appropriation has not been spent and will be carried forward to meet outstanding bills; and the same is true of the balance of \$3,305.66, which includes \$1,500 appropriated at the last special meeting, for the Heating, Lighting and Power Plant.

Special Appropriations of 1907-08.

The following have been commented upon above, namely, Town Stable Additions, Cypress Street Playground Improvements, and Heating, Lighting and Power Plant.

There is nothing further to be done in the following matters for which special appropriations were made at the last annual meeting or during the year, and they have been closed: Devotion Primary School Renovation, Lowell Playground Improvement, Heater in Old Scarlet Fever Hospital, Special Interior Repairs Bath House, Repairs of Boilers, Heating and Lighting Plant, Water Department Workshop Site, Law Books for Court House, Summer Use of School Shower Baths, Feed Pump at Heating and Lighting Plant. There is a balance of \$330.22 left from the appropriation of \$1,000 for repairing school grounds, but this has been closed, as a new appropriation is to be asked for by the Park Commissioners for this purpose.

The whole appropriation of \$10,000 for suppressing gypsy and brown-tail moths was used, with the exception of \$6.82, and the appropriation has been closed. A new appropriation will be asked for.

There are balances left in the following appropriations, which do not require special comment and which appear in the following table as carried forward, namely,—Coolidge Playground Improvement, Removing Deposit in Leverett Pond, Water Main in Hammond Street, Water Department Workshop, Washington, Walnut and High Streets Widening, Land for New Engine House, New Engine House, Hammond Street Widening, and Atherton Road.

The following special appropriations have not been drawn on: Committee on Municipal Lighting Plant, \$2,000; Refitting Vaults, Town Hall, \$6,000; Sanitarium, Village Square, \$6,000.

*Overdrawn.

†Carried to general balance. Total amount of special appropriations expended, \$412,850.14.

Appropriations.

The total amount appropriated during the last year for general expenses, including state, county and metropolitan taxes and payments of funded debt and interest, was \$1,396,463.97, of which \$1,376,119.75 was spent for the purposes enumerated. Of the total amount of \$683,602.38 carried on the books for special appropriations, the sum of \$412,850.14 has been spent, making a total of \$1,788,969.89 spent by the town for all purposes during the year.

The amounts recommended for general expenses and the amounts proposed for new special appropriations are given below in the tables. The amounts asked for general expenses for public schools, public library, water supply, public parks and grounds, comprising headings A, B, C, and the first two items in D, in Table II below, have been recommended by the different boards having those matters in charge, and have not been considered by the Selectmen except in so far as they affect the total amount to be appropriated. Reference is made to the reports of those boards for explanation of the appropriations asked for. All other amounts included in the tables are recommended by the Selectmen.

The total amount proposed for general expenses for the current year, including State, County and Metropolitan taxes and payments of funded debt, is \$1,494,145.16, as appears in the tables below. The total of the proposed new special appropriations is \$72,128, of which it is recommended that \$48,000 be borrowed. The balance of \$24,128 added to the amount of \$1,494,145.16 for general expenses makes a total of \$1,518,273.16 to be included in the tax levy. In 1907 the sum of \$1,523,748.97 was the amount to be raised by taxation, but this was reduced in part by the general balance of \$129,510.13 on hand at the beginning of the year. This year the general balance is only \$9,940. Even allowing for an increase in valuation, it appears that the tax rate for the current year will be larger than in 1907. In this connection, too, must be remembered the possibility of legislation affecting our resources by cutting down receipts or otherwise.

Annual Appropriations.

* Previously charged to special appropriations.

Proposed New Special Appropriations.

Interior renovation at High School	\$3,000 00
Purchase of land adjoining Runkle School for school purposes	18,328 00
Committee on Municipal Improvements	1,000 00
Purchase of land adjoining town's land on Hammond street for Highway department	3,000 00
Restoration of Devotion House	1,500 00
Maintenance of Law Library in Court House	300 00
Suppressing gypsy and brown-tail moths	15,000 00
Separation of sewerage and surface-water drainage systems	30,000 00
	\$72,128 00

The unexpended balance of \$79,250.71 for the purchase of playgrounds has been carried forward on the books subject to reappropriation, and therefore it is not included in the above list.

Highway Department.

There was a balance of \$5,090.75 left from the appropriation of \$90,000 for maintenance of this department. This was due largely to the fact that the expense for snow shoveling this winter has been light.

The most important matter connected with highways is the preservation of the street surfaces. Automobile travel makes great havoc. Experiments have been made during the past year with materials for surfacing and laying dust, and reference is made to the report of the Superintendent of Streets for a discussion of their value.

The cost of watering streets was greater than heretofore, owing to the increased amount which had to be paid for the use of watering carts. This increase was due directly to the increased cost of keeping horses. No effort should be spared to prevent the destruction of the streets, and this can only be prevented by the free use of water and in certain localities by the use of other material such as calcium chloride or oil. Whatever is spent in this direction, the town will save in street repair. The appropriation recommended for street watering is \$27,000.

Reference is made to the report of the Superintendent of Streets and the Engineer's report for information as to the laying out and construction of streets during the year.

	Recommended 1908-9.	Expended 1907-8.	Expended 1906.	Expended 1905.
Street cleaning and sectional care	\$20,000 00	\$20,102 42	\$19,050 35	\$18,232 98
Removal of snow and ice	17,000 00	17,319 05	14,075 18	11,597 03
Repairs and new work on streets.....	36,500 00	31,224 21	39,803 66	36,426 99
Maintenance of stable and equipment	10,500 00	10,443 83	8,649 87	9,209 55
Superintendence	6,000 00	5,819 74	5,363 79	4,826 71
Total	\$90,000 00	\$84,909 25	\$86,942 85	\$80,293 26

Lighting Streets.

A new contract for gas and naphtha lighting in the streets was made during the year with the Welsbach Street Lighting Company of America, which was approved by the town at the special meeting in September.

The contract for electric street lighting with the Boston Consolidated Gas Company in 1901 for six years contained a provision that it should continue until canceled by six months' notice. The electric street lighting is being done under that contract. The appropriation asked for the current year is based on the present cost of lights now installed, with an allowance for new lights which will include those to be placed on Hammond street.

243 Arc-lights @ 34 cents per light per night	\$30,238 92
17 Park lights @ 33 cents per light per night	2,053 26
1 Half-arc @ 20 cents per light per night	73 20
883 Welsbach lights (738 gas and 145 naphtha) @ \$27 a year	23,841 00
Estimate for new lights	1,593 62
	\$57,800 00

Police Department.

There were five patrolmen appointed during the year, one to take the place of patrolman John Crory, who died, and four to fill places provided for a year ago. The work done by the department has been satisfactory. As can be seen in the report of the Chief of Police, Brookline suffered from a number of burglaries during the last four or five months of the year, but the number, as well as the value of property taken, has been greatly exaggerated. As a matter of fact the number has not been above the average, and at no time has the situation been serious. Many of the breaks have been the result of carelessness on the part of householders in leaving windows or doors insecurely fastened.

The increase in salaries made a year ago dated from May 1, and the amount expended covered the increased salaries from that date. The amount required for a full year for salaries at the rate established a year ago is shown in the following estimate. The appropriation also covers pay for five days in January last, they being included in the weekly payroll of Monday, February 3d.

There follows an estimate of the appropriations for the coming year:—

	Recommended 1908-9.	Expended 1907-8.
Salary of Chief	\$2,500 00	
Salary of Captain	2,000 00	
Two Lieutenants	3,200 00	
Four Sergeants	5,600 00	
Fifty-three Patrolmen	62,047 50	
Salaries for five days in previous year	743 60	
Reserve officers	1,500 00	
Salaries	\$77,591 10	\$72,453 75
Maintenance of equipment	2,150 00	2,014 74
General expenses	3,058 90	3,047 55
Pension for Lieutenant Dearborn	700 00	700 00
Pension for Widow of Patrolman McMurray ..	300 00	200 00
Total	\$83,800 00	\$78,416 04

Police and Fire Alarm Telegraph, Poles and Wires.

It is proposed to install one additional police box and one additional fire box, as appears from the report of the Superintendent of this department. The insulation is worn out on a large number of wires. As they are in a condition dangerous to travelers on the highway and to property, an amount has been included in the appropriation for new wiring, which makes it somewhat larger than in previous years.

The eventual placing of all light and telephone wires under ground is a subject which is constantly under consideration by the Selectmen and the Superintendent of Wires and Lights, and some progress in this direction has been made. Steps have been taken to formulate a plan by which a certain percentage of wires will be placed under ground each year until they have all been removed from the streets.

	Recommended 1908-9.	Expended 1907-8.
Salary of Superintendent	\$2,000 00	\$1,975 00
Wages of Assistants	2,405 00	2,198 00
Horse, wagons, harness	845 00	752 11
Supplies and incidentals	650 00	609 34
New apparatus and wiring	\$5,900 00	\$5,534 45
Underground town wires	2,200 00	1,499 58
	\$8,800 00	\$7,520 64

Fire Department.

The report of the Fire Commissioner shows that this department is well equipped and ready for any service demanded of it. No new men are requested for the coming year. As in the Police Department, the increase in salaries made a year ago dated from May 1, and the amount expended, therefore, included the increase for three-quarters of the year. The amount required for a full year for salaries at the rate established at that time is shown in the following estimate. The appropriation also covers pay for five days in January last, they being included in the weekly payroll of Monday, February 3d. The sum of \$2,000 has been included in the item for maintenance of stations to pay for necessary repairs to Station G on Washington street.

	Recommended 1908-9.	Expended 1907-8.
Total salaries of permanent force	\$76,219 50	
Total salaries for five days in previous year	1,441 50	
Call-force and watching fires	2,650 00	
Pension for T. N. Honey	549 00	
Total salaries	\$80,860 00	\$74,311 69
Maintenance of equipment	11,175 00	12,450 43
Maintenance of stations	7,915 00	5,149 53
	\$99,950 00	\$91,911 65

Sewers and Drains.

Reference is made to the Engineer's report for information as to what sewers have been constructed during the year. A substantial portion of the cost of new sewers is paid back to the town in sewer assessments.

During the past year \$17,335.33 has been expended for new sewers, a portion of which will be received back as above stated. It is impossible to state in advance what sewer construction will be necessary during the year, but an appropriation of \$15,000 for the purpose is recommended.

Municipal Gymnasium.

The Gymnasium was opened in January last, and the attendance to date has exceeded all expectations. Reference is made to the report of the Committee for valuable information in connection with the plant.

The Building Committee have submitted a report showing that the cost of the building has been kept within the appropriation.

Under the by-laws of the town one committee manages both the Bath House and Gymnasium, and therefore the estimates for running both departments have been combined. The total expense, as shown in the report of the Committee, is not as large as the figures indicate if the fact is remembered that a substantial amount is received in receipts. The amount of \$4,000 for gymnasium suits will all come back into the treasury as the town purchases and sells them for the convenience of the public.

Heating and Lighting Plant.

It is recommended that the control of this plant be kept under the management of the School Committee and Gymnasium and Baths Committee, as last year. These two committees appoint a sub-committee of three who manage the affairs of the plant.

It must be remembered that the cost of maintaining the High School, the Gymnasium, Bath House and Manual Training School is less by the amount required to maintain the Heating and Lighting Plant, if the latter is a successful undertaking.

The expenses for the coming year have been very carefully estimated and the itemized statement is as follows: —

Wages	\$6,048 05
Coal	8,581 36
Repairs and supplies	2,370 59
Total	\$17,000 00

Exterior Repairs of Buildings.

The expenditure for these repairs has been somewhat larger during the past year than usual on account of the painting of the buildings of the Contagious Hospital and repairs of roofs of other buildings. Reference is made to the Accountant's report for a detailed statement of the money spent. An appropriation of \$4,000 is recommended.

Gypsy and Brown-tail Moths.

The gypsy moths were very numerous during the last season. Much can be done by land owners in destroying the moths by cleaning up underbrush and destroying nests early in the year. If land owners will co-operate with the town, the nuisance can be held in check. Practically \$10,000 was spent by the town in handwork last year, and the sum of \$15,000 is requested for the coming season by the Committee on Planting and Preserving Trees, who superintend the work. The Selectmen feel that there is nothing to do but to fight this nuisance, and they reluctantly recommend the expenditure of the amount requested.

Suits Against the Town.

The case of Frederic J. Stimson against the town, growing out of the construction by the Water Board of a dam in Dedham, was tried last spring, and the jury rendered a verdict in favor of the town. The plaintiff alleged exceptions which have been argued before the Supreme Court, but no decision has yet been handed down.

The cases of the Town of Dedham and S. M. Weld growing out of the same matter are still pending, no action having been taken in either of them.

A new suit was brought by the Cochrane Manufacturing Company last September on account of alleged interference with an ancient mud-sill near the location of this dam by the engineer of the Water Board. This suit has been pending without action since the defendant's answer was filed in December.

The petitions of the Tileston and Hollingsworth Company and other mill owners on Mother Brook, which were referred to a Commissioner, are in practically the same situation as they were a year ago.

Annie J. Phillips vs. Brookline. This action is for damages caused by falling on ice in a private way and is still pending. A case against a private owner on account of this same accident was tried and a verdict rendered for the defendant.

Institution for Savings in Newburyport vs. Brookline; Edward H. Clark vs. Brookline. These are land damage cases

resulting from the laying out of Summit path and have been pending without action since the last report.

Nicholas J. Larkin vs. Brookline. An action of tort in which the plaintiff claims damages for injuries due to an alleged defect at the corner of Clark road and Boylston street. The case was called on December 3, 1906, no action having been taken for more than two years prior to that time, and was allowed to stand at the request of counsel for the plaintiff, but nothing has been done since.

Daniel J. Lane vs. Brookline. The plaintiff in this case was a driver of a coal team belonging to the Massachusetts Wharf Coal Company. The horse he was driving got its leg in a coal hole near the Heating and Lighting Plant. In trying to get the horse out the plaintiff injured his arm and brought suit against the town for damages. Since an answer was filed denying liability, no action has been taken.

Charles E. Riley vs. Brookline. This was a petition for damages by reason of the taking by the town of Whyte's Block, the petitioner claiming that he had a leasehold interest therein. In accepting the settlement for damages the owner of the fee agreed to defend any other claim which might be brought against the town on account of the taking, and therefore is defending this case and will pay any damages which may be recovered.

Petitions for damages have been brought by Alfred E. Kenrick and James M. Seamans growing out of the abolition of Kerrigan grade crossing, and are pending.

Cases Settled During the Year.

John G. Crowley vs. Brookline. This was an appeal from the decision of the Board of Assessors with reference to the place of residence of the plaintiff, who claimed that he was a resident of Camden, Maine, and not of Brookline. This case was settled on the advice of counsel by reimbursing the amount of taxes and fees actually paid by the plaintiff under protest, amounting to \$714.46, he agreeing to waive all claims against the town arising for interest, costs or otherwise, and giving a release to that effect.

Lomia Lodge No. 221 of Odd Fellows vs. Brookline. This claim was settled without suit by the payment by the town of \$464.90 with a portion of the amount of interest claimed.

Jury List.

The Legislature of 1907 changed the method of preparing the jury list and putting it into effect. Under the present law it is prepared as heretofore by the Selectmen, but it takes effect without being submitted to the town for acceptance. This is the reason no article relating to the jury list appears in the warrant at this annual town meeting.

Contracts.

Contracts were awarded as follows:—

For Concrete.—C. W. Lynam.

New sidewalks	\$.80 per square yard
Skim coating, cold work	.45 per square yard
Skim coating, hot work	.60 per square yard
Driveways	1.00 per square yard
Sidewalk crossings	1.00 per square yard
Street	1.35 per square yard
Street gutters	1.35 per square yard

For Coal.—Massachusetts Wharf Coal Company.

Anthracite (2500 tons)

Furnace	\$5.69 per net ton
Egg	5.94 per net ton
Stove	5.34 per net ton

<i>Bituminous</i> (1200 tons)	4.45 per net ton

Patrolman	Matthew Moreland	Ireland	May 1, 1904
Patrolman	Alexander B. Johnston	Ireland	May 23, 1904
Patrolman	Michael J. Cunniff	England	April 24, 1905
Patrolman	David Minnis	Ireland	May 8, 1905
Patrolman	Patrick J. Brogan	Ireland	Nov. 7, 1905
Patrolman	William J. Smith	Ireland	April 23, 1906
Patrolman	Thomas J. Hill	Ireland	August 27, 1906
Patrolman	George A. Kelter	Massachusetts	Oct. 8, 1906
Patrolman	Edward C. D. Munsil	New York	Feb. 20, 1907
Patrolman	James A. Lacey	England	May 13, 1907
Patrolman	Patrick J. Rutledge	Massachusetts	May 13, 1907
Patrolman	William Harris	Ireland	June 24, 1907
Patrolman	Cornelius F. Larkin	Massachusetts	October 14, 1907

Changes.

There were five patrolmen appointed to the force during the year and one death occurred.

The following list shows the appointments, all made under civil service rules:—

	Appointed.
Edward C. D. Munsil	February 20, 1907
James A. Lacey	May 13, 1907
Patrick J. Rutledge	May 13, 1907
William Harris	June 24, 1907
Cornelius F. Larkin	October 14, 1907

Patrolman John Crory died June 15, 1907, and William Harris was appointed to fill the vacancy.

Patrolman Crory was appointed to the department May 13, 1891, and for most of the time was assigned to mounted service; he was an honest, conscientious officer, a credit to the department, a good husband and kind father. His loss will be mourned by his many friends.

Arrests.

Total number of arrests	873
Males	820
Females	53
Married	329
Single	544
Residents arrested for drunkenness	231
Non-residents arrested for drunkenness	116

Nationality:—

Armenia	1	Italy	10
Austria	2	Japan	1
Azores	1	New Brunswick	3
Bermuda	1	Newfoundland	2
Canada	5	Nova Scotia	26
Denmark	5	Poland	3
Egypt	1	Prince Edward Island	7
England	27	Russia	7

Respectfully submitted,

ALBERT S. PAIGE,

Captain Detective Bureau.

Police Signal System.

The police signal system (Gamewell) has given excellent service during the past year. I recommend that one additional box be installed, to be located on Aspinwall avenue opposite Netherlands road.

The system has forty-four stations or boxes located as follows:—

Circuit No. 1.

- 121 Tappan street, opposite Gardner road.
- 122 Warren street, corner Cottage street.
- 123 Warren street, corner Clyde street.

- 124 Clyde street, near Newton street.
- 125 Boylston street, corner Heath street.
- 131 Boylston street, corner Hammond street.
- 132 Boylston street, corner Warren street.
- 133 Buckminster road, opposite Holland road.
- 134 Goddard avenue, opposite Rockwood street.
- 141 Norfolk road, corner Middlesex road.
- 143 Grove street, corner South street.

Circuit No. 2.

- 21 Windsor road, near Kilsyth road.
- 22 Colbourne crescent, opposite Addington road.
- 23 Washington street, opposite Fairbanks street.
- 24 Washington street, near Brighton line.
- 25 Winthrop road, near Gardner road.
- 212 Beacon street, opposite Dean road.
- 213 Chestnut Hill avenue, corner Fisher avenue.
- 214 Beacon street, opposite Marion street.
- 215 Washington street, opposite Park street.
- 221 Washington street, corner Beacon street.
- 223 York terrace, near Summit avenue.

Circuit No. 3.

- 31 Naples road, corner Abbottsford road.
- 32 St. Paul street, corner Freeman street.
- 33 St. Paul street, corner Sewall avenue.
- 34 Aspinwall avenue, corner Toxteth street.
- 35 Harvard street, corner Beacon street.
- 36 Williams street, corner Harvard street.
- 312 Harvard street, near Brighton line.
- 313 Beacon street, opposite Kent street.
- 314 Essex street, corner Mountfort street.
- 321 Monmouth street, corner Carlton street.
- 322 Kent street, corner Longwood avenue.
- 323 School street, corner Harvard street.
- 331 Thorndike street, near Winchester street.
- 332 Babcock street, opposite Winslow road.
- 341 Harvard street, corner Marion street.

Circuit No. 4.

- 12 Cypress street, corner Franklin street.
- 13 Washington street, corner Walter avenue.
- 14 High street, corner Boylston street.
- 15 High street, corner Cumberland avenue.
- 16 Cypress street, corner Davis avenue.
- 17 Cypress street, corner Walnut street.
- 18 Walnut street, near Walnut path.

Number of duty and telephone calls recorded	230,067
Number of wagon calls for arrests	390
Number of ambulance calls	87
Number of miles run by patrol wagon.....	975
Number of miles run by ambulance	877

Crime.

For some three months past a series of bold and successful house robberies have occurred in the "Greater Boston" district; no city or town has been exempt, and Brookline did not escape the general raid. Most of the work has been done in the early evening at an hour when many persons were on the streets, and the boldness of the thieves accounts for their success.

The best police workers in the several cities and towns, including the Massachusetts District Police and several private detective agencies, have been hard at work on these cases, but no reliable trace has been obtained of either the thieves or their plunder.

Several stores were broken into and robbed, for which work four persons were arrested, two of whom are now serving sentence; one is on probation, and one in jail awaiting the action of the grand jury.

Miscellaneous.

The equipment of the department is in good condition except that one saddle horse has become unfit for service and must be replaced.

I beg to renew my recommendations of last year, that an automobile patrol wagon be substituted for the horse-drawn wagon now in use, also that a sufficient appropriation be made to provide for the employment of special patrolmen during the vacation period and at such other times as their services may be required.

The discipline of the department has, in the main, been well maintained, and calls made on the officers for extra duty have been cheerfully complied with.

Respectfully,

ALONZO W. COREY,

Chief of Police.

TOWN OF BROOKLINE

FIRE DEPARTMENT

REPORT
OF THE
FIRE COMMISSIONER
OF
BROOKLINE
MASSACHUSETTS

FOR THE YEAR ENDING JANUARY 31

1908

BROOKLINE
THE RIVERDALE PRESS: C. A. W. SPENCER
1908

REPORT.

Office of the Fire Commissioner,
Brookline, February 1, 1908.

To the Honorable Board of Selectmen:—

Gentlemen,—I herewith respectfully submit the annual report of the Fire Department for the year ending January 31, 1908.

There has been quite an increase in the number of alarms during the year, but our fire loss has been less than in the preceding year.

The apparatus is in good condition with the exception of Combination 2. It might be well to defer making a change in this piece of apparatus for another year.

Rubber tires have been placed on Steamer 2 and Hose 3, also a single thirty-gallon chemical tank has been added to the latter piece of apparatus.

The stations of the department are in very fair repair with the exception of Station G.

The horses of the department are in good condition, but some will have to be replaced during the year.

Hose 1 and Chemical 1 were removed to temporary quarters on Station street, September 25, 1907, and the work of demolishing the old Station A was immediately begun.

The erection of the new Station A was started October 18, 1907, and has progressed in a satisfactory manner to the present time.

Electric lights have been installed in the different stations during the past year, and have proved a success both in points of economy, and utility and safety.

Previously gas lights were burned all night, and now the electric lights are lighted at the same time that the first blow is given on the fire alarm, which enables the men to see to dress, and harness the horses, and be sure the same are properly fastened.

Number of Men in Department.

Chief.

Assistant Chief.

ASSIGNED TO EACH APPARATUS.

Arc-lights.

The arc-lights remain the same as last year, with one exception, which was one light discontinued April 19th on Juniper street at the corner of Flora street. I have heard several criticisms on the poorly lighted section of Beacon street between Pleasant street and St. Mary's street. These lights are on what is called the Boston Goose Neck, and are so close to the poles that the light does very little good lengthwise of the street. I would recommend that these be rearranged, and if necessary, more lights added, and that they be placed on mast arms so that the lamp will project far enough beyond the trees to light up or down the street. The Board having received a petition for more light at the corner of Amory street and Beacon street, your committee has suggested that one light be changed so that

the section where Amory street connects with Beacon street may be better lighted.

The contract for arc-lights expired September 15th, 1907, and it was thought best to continue under the old contract pending the investigation of the Committee on Municipal Lighting.

Welsbach Gas-lights.

Fifty gas-lights were added during the year, twenty of which were for new locations and thirty were changed from naphtha to gas.

The work of widening Hammond street caused many changes. The locations of the old naphtha lamps in many cases were found to be in the centre of the new street, and as the Boston Consolidated Gas Company has run a pipe through to Newton street it was thought best to have these connected with gas lamps. These lights alternate the entire length of the street and were spaced at a distance of one hundred feet apart on the centre line of the street, which makes the distance of the lights two hundred feet apart on the same side of the street and one hundred fifteen feet apart diagonally across the street. It also places the lamps halfway between the tree holes so the trees when planted will not obstruct the light during that part of the year when foliage is heavy.

A new contract was made with the Welsbach Street Lighting Company of America, dated August 5th, 1907. The following is a copy of the agreement:—

This Agreement, made this fifth day of August, 1907, between the Town of Brookline, in the County of Norfolk and Commonwealth of Massachusetts, hereinafter called "The Town," and the Welsbach Street Lighting Company of America, a corporation duly organized under the laws of the State of Illinois, hereinafter called "The Company."

Witnesseth: That the said Company, in consideration of the covenants and agreements hereinafter mentioned on the part of the Town and its successors to be kept and performed, hereby agrees with the Town to furnish lights as hereinafter set forth. The Company, for the purpose of lighting the streets, public places or private ways of the Town of Brookline, agrees at its own expense to furnish, and renew as often as may be necessary, its most improved fixtures and street lanterns, all materials and highest grade mantles used in connection with said lanterns, and all the gas and self-generating burners required for lighting said lanterns, and also to furnish and pay competent men of not less than eighteen years of age to light and extinguish said lanterns and keep the same clean; also, at the expense of the Company, to furnish

lights for all such lamps and keep the same burning such number of nights and for such number of hours per night as are hereinafter mentioned, during the continuance of this agreement, in accordance with the following Specifications, for the term of six years from September 15th, 1907, it being however expressly agreed that this contract may be terminated at the expiration of any year during the said term, upon notice in writing given by the Town, or by the Selectmen thereof, to the Company sixty days before the expiration of such year.

Minimum Number.—The lights to be furnished by the Company are not to be less than eight hundred and fifty (850) in number, but shall be as many more as may be required from time to time by the Selectmen of said Town, to be located in such parts of the Town as the Selectmen deem desirable.

Service.—The lamps are to be lighted by the Company every night in every month in every year during which this contract shall be in force, and the lights furnished shall be of sixty candle power each; all lights to burn all and every night in the year from dusk to dawn, on a schedule furnished by the Superintendent of Street Lighting, a total of 3,828 hours each per lamp in each year, and as many additional hours between dusk and dawn as may be ordered by the Superintendent of Street Lighting, and one man shall not light more than sixty lights per night.

The Company further agrees that should any of the lamps fail to burn uniformly and to give a clear and steady light of the aforesaid candle power, to the satisfaction of the Selectmen of the Town, the Company will, at its own expense, replace them with others satisfactory to said Selectmen; and the Company agrees, at its own expense, to maintain an efficient system of patrol for inspecting the lamps during the hours in which they are in use so that any lamps which fail to burn properly shall be promptly reported and put in order, or immediately replaced. For this inspection a sufficient number of men shall be so employed by the Company to enable each lamp to be examined as often as deemed necessary by the Selectmen of the Town.

Lanterns.—The Company shall, at its own expense, furnish a first-class Keystone Lantern, and shall keep the same in good repair, and in said lanterns the Company shall place its improved attachments for lighting equipped at all times with clear glass chimneys, and in case of further improvements in lanterns, fixtures, or mantles during the term of this contract, such improvements shall be furnished the Town under this contract, as soon as of demonstrated efficiency.

Posts and Connections.—The Company shall, at its own expense, furnish and erect its standard one-piece 300-pound iron posts wherever its self-generating gas lamps are used or required. The Company shall also furnish at its own expense, the standard one-piece 300-pound iron posts of the Company for all their gas lamps used, and shall pay the cost of connecting all such posts with the gas mains. If the connections with gas mains are not made in such a way as to assure a free flow of gas to the burners at all times, the Company shall have the right to use their

self-generating burners instead of gas, but gas shall be used where and when obtainable with a proper flow.

Cleaning.—The lanterns shall be cleaned by the Company at its expense during the period while this contract remains in force, to the satisfaction of the Town or of its Selectmen, or the proper officers in charge.

Indemnity.—The Company further agrees to indemnify and save the Town harmless from and against any and all claims and demands for damages, costs and expenses for or on account of injuries to persons or property arising from any act or default of the Company or its servants or agents in the performance of this contract, and from any and all claims for damages by reason of any infringement of patent rights in the use of lamps, machinery, appliances furnished by the Company under this contract.

Compensation.—The Town agrees that if the Company shall well and faithfully perform the promises and conditions of this contract in all its parts, first satisfying the said Town that no proceedings either in law or equity have been begun against said Town on account of any infringement of patent rights, or the wrongful use of or injury by said lamps, posts, and appliances, or any of them, then the Town shall pay the Company, as full compensation to the Company for furnishing light as aforesaid, and for furnishing and affixing its improved fixtures, and for furnishing its self-generating burners, and for the performance by the Company of all its other undertakings under this contract, twenty-seven dollars per year for each and every light furnished by this Company according to this contract, payable monthly during the term of this contract.

In case any such suit or suits against said Town shall have been begun, or notice of a claim for damages shall have been given, the Town shall pay any amount due under this contract, notwithstanding such suit or notice, provided the Company shall assume the defense of such suit, and shall furnish the Town with a bond of indemnity against the same, with satisfactory sureties. Such sum shall be in full payment and discharge for any and all expenses attending the care, maintenance and use of said lights and apparatus, and it is hereby understood and agreed that if through accident or other cause the said lamps or any of them shall fail to be lighted and kept so lighted as stated above any night or nights during the period of this contract, then for each lamp that shall fail to be lighted or kept so lighted there shall be deducted from the sum to be paid by the said Town an amount for each light not so lighted equal to the rate to be paid for lighting the same under this contract, as provided, for the time that such light remains unlighted.

In case the candle power of the lamps shall be less than that called for herein, payment shall only be made for the actual candle power furnished, the amount to be paid to be based pro rata on the amount which would be paid were the candle power equal to that required hereby, unless said deficiencies would amount to over twenty per cent of the candle power called for, in which case no payment shall be made, the lights being considered useless, but this provision is not to be con-

strued to imply the right to continue to furnish lights under this contract at any candle power less than sixty each, or in any way waive the right of the Town to cancel this contract for breach thereof on account of a deficiency in candle power of the lights furnished.

For the purpose of making tests of candle power and of examining the lamps, posts, apparatus and appliances, with the view of learning whether the Company is complying with the terms of this agreement, it is further agreed that at all proper times the Town by such person or persons as the Selectmen of the Town may authorize, shall have access to all said lamps, posts, apparatus and appliances in the Town, and shall have the privilege of making all proper tests by standard apparatus and methods, for determining the candle power of said lamps, and shall have the further right to remove at any time one or more lamps for the purpose of testing the candle power of said lamps. It is further agreed and understood that all lanterns, posts and fixtures furnished by the Company shall be and remain its property.

If at any time during the continuation of this contract there should be a reduction in the price of gas as charged by the Gas Company supplying, there will be a corresponding reduction in the price charged by the Company.

The contract to be subject to ratification by the Town and also subject to an appropriation by the Town each year.

It is further agreed that this contract is made subject to the provisions of Chapter 517 of the Acts of 1906, as amended by Chapter 269 of the Acts of 1907, that "no laborer, workman or mechanic working within this Commonwealth in the employ of the contractor, sub-contractor or other person doing or contracting to do the whole or a part of the work contemplated by the contract shall be requested or required to work more than eight hours in any one calendar day."

Bond.—The Company agrees to furnish to the Town a bond in the sum of ten thousand dollars (\$10,000.00), with a surety or sureties satisfactory to the Selectmen, for the faithful performance of this contract.

In Witness Whereof the parties hereto have caused their respective corporate seals to be hereunto affixed, and these presents to be signed by their respective officers, hereto duly authorized, the day and year first above written.

TOWN OF BROOKLINE,

By WILLIAM CRAIG,
HORACE JAMES,
NATHANIEL CONANT,
PHILIP S. PARKER,
JOHN A. CURTIN,

Selectmen of Brookline.

WELSBACH STREET LIGHTING CO. OF AMERICA,

By ARTHUR E. SHAW,

President.

Attest: EDWIN J. MOLE,

Secretary.

Welsbach Naphtha Lights.

Five naphtha lights were added during the year, and twenty-eight were changed to gas-lights, reducing the total number of naphtha lights to one hundred and forty-five.

Fire Alarm.

With careful and constant care the fire alarm has been kept in as perfect condition as such a system could be.

One new box, No. 114, was added during the year and located on Sumner road at the corner of Tappan street.

Wires were run on Kent street to reach the building occupied by the fire apparatus for temporary quarters. The bell was removed from the tower of the old engine house, and all the wires and cables were pulled back to a manhole and connected into a water-tight box. Fire box No. 5 was changed to the northerly side of Washington street.

During the year circular loom cable was installed in place of open wire on the following streets: Clyde street a distance of four hundred feet to Newton street, Newton street to Grove street, Grove street to South street, Beacon street and Chestnut Hill avenue to Fisher avenue, Winthrop road from Winthrop path to Colbourne crescent, Colbourne crescent to Addington road, Clinton road and Buckminster road from Sumner road to Holland road, Williams street from Harvard street to Centre street, and Linden place from Linden street to near Perry street. Devotion street is to have the cable run from Babcock street. The wire was purchased but it was too late to install it.

I would recommend that one new fire box be purchased and located on Aspinwall avenue between Kent street and the bridge crossing the railroad tracks.

Police Signal.

Interruptions in this system have been very few, considering the number of times the boxes are pulled during the twenty-four hours, and the amount of work which the machine in the station performs. Minor troubles at the boxes are bound to occur, especially after a heavy rainstorm, causing the lever to stick when pulled.

During the year three new boxes were added, one on Grove street at South street, No. 143, one on Colbourne crescent near Addington road, No. 22, and one on Marion street at the corner

of Harvard street, No. 341. The boxes at Grove street and at Colbourne crescent are connected with overhead wire run in circular loom cable with the fire alarm. The box on Marion street is connected with the wires under ground. The Chief of Police recommends that a new box be placed on Aspinwall avenue and Netherlands road.

Fire Alarm and Police Telegraph (Underground).

No extension of underground conduits has been put in this year. During the year, 13,022 feet of rubber-covered wire was placed under ground for fire alarm, and 10,594 feet for police signal lines, replacing wire which was found defective from mechanical injury and lightning.

This department furnished and placed wires for the Water Department under ground on Washington street from Village square to Brookline avenue.

The insulation on the aerial wires which have been in use for nearly thirteen years is worn off in many places, leaving the wire bare, and as these wires run parallel with the high tension electric light wires it would not only endanger our fire alarm apparatus but also be dangerous to people on the street if the wires in any way became broken and fell so as to cross the electric light wires.

Underground Wires.

No underground conduits have been put in by any company this year. A petition was presented by the New England Telephone and Telegraph Company to the Board for a short section on Park street from Washington street to the alleyway beyond Park vale, but came in so late in the season that permit to open the street was refused. The Boston Consolidated Gas Company has plans prepared for work from the railroad bridge to the town line when changes are ready to be made in that section.

Aerial Cables.

Permission was granted the telephone company to replace a thirty-pair cable with a sixty-pair cable on Aspinwall avenue from Toxteth street to Netherlands road. Several other petitions were presented and the company was given leave to withdraw.

Poles and Locations.

The poles have been inspected by the Boston Consolidated Gas Company, the New England Telephone and Telegraph Company, and by this department, and those that were thought to be unsafe were changed as soon as discovered, and others about which there was some question were removed and replaced by new poles at convenient times.

The location of poles on Hammond street was changed from the boundary line of City of Newton to Newton street and set in new locations in planting space as laid out in the widening.

Poles changed by Boston Consolidated Gas Company	86
Poles changed by New England Telephone & Telegraph Company	51
New poles reset by Boston Consolidated Gas Company	12
New poles reset by New England Telephone & Telegraph Co.	2
Poles removed by Boston Consolidated Gas Company	13
Poles removed by New England Telephone & Telegraph Co.	1

Interior Wiring of Buildings.

This work has been carried on throughout the year with great care. Several places have been found where no notices were sent in, but these were traced back and made satisfactory.

Following is a list of buildings wired, with the number of lights connected and number of lights in buildings not in use.

Buildings Wired.

Single houses (new)	35
Single houses (old)	32
Flat houses	34
Stables	18
Automobile garages	13
Stores	10
Two-apartment houses	5
Fire stations	5
Blacksmith shops	3
Churches	2
Offices	2
Parochial school	1
Municipal gymnasium	1
Boiler house	1
Total	162

Total number of applications received	462
Number of lights connected and in use	5,800
Number of lights in new houses not in use	3,900
Number of additional lights added during year	593
Number of lights for temporary use	71
Notices of changes and repairs	27
Motors for $\frac{1}{2}$ H. P. to $7\frac{1}{2}$ H. P.	17
Ground wires on old services	11
Motors for temporary use	7
Electric flat-irons	6
Electric heaters	5
Fan motors	3
Electric signs	3
Isolated plants	2
Arc rectifiers	2
Arc-lights in buildings	1

Inspection of Gas-Piping and Gas-Fixtures.

There is very little to be said for the inspection of gas-piping and gas-fixtures. All this work has been followed up carefully during the year and mistakes made have been changed by the workmen when notified.

The following is a list of buildings piped and other work which has been done throughout the year:—

New buildings	79
Old buildings	40
Instantaneous heaters	5
Gas meters	254
Gas stoves	277
Buildings in which fixtures were hung	147
Changes and alterations	184
Tests	751
Permits granted	605
Permits canceled	5
Number of Inspections	1,135

Respectfully submitted,

EUGENE N. DAVIS,

Superintendent of Wires and Lights.

TOWN OF BROOKLINE STREETS AND SEWERS

REPORT
OF THE
TOWN ENGINEER
AND THE
SUPERINTENDENT OF STREETS
AND SEWERS
OF
BROOKLINE
MASSACHUSETTS

FOR THE YEAR ENDING JANUARY 31
1908

BROOKLINE
THE RIVERDALE PRESS: C. A. W. SPENCER
1908

REPORT OF THE TOWN ENGINEER.

Office of the Town Engineer,
Town Hall, Brookline, February 1st, 1908.

To the Honorable Board of Selectmen:—

Gentlemen,—The following is my fourteenth annual report of the operations and expenses of the Engineering department for the municipal year of 1907:—

Amount of appropriation	\$13,500 00
Receipts for maps	4 35
Receipts for stakes	5 00
Amount unexpended	\$13,509 35
Amount expended	\$13,504 31

Classification of Expenditures.

Salary of Town Engineer	\$3,000 00
Salaries of assistants and clerks	9,492 66
Drawing materials	18 21
Supplies	128 17
Stationery	20 46
Telephone	98 63
Instruments and repairs	88 51
Stakes and nails	17 98
Board of horse, blacksmithing, etc.	407 72
Traveling expenses	125 03
Express	4 20
Miscellaneous	102 74
Total	\$13,504 31

Division of Salaries of Assistants.

For Engineering relating to streets and sidewalks	\$2,523 62
For Engineering relating to sewers	672 25
For Engineering relating to drains	299 75
For Engineering relating to parks	891 13
For Engineering relating to street numbering	67 67
For Engineering relating to Water department	150 00
For Engineering relating to land plans	432 75
For Engineering relating to bench levels	38 76
For Engineering relating to Walnut Hills Cemetery	16 50
For Engineering relating to town line	101 89
For Engineering relating to town map	32 00
For Engineering relating to subway	60 00
For Engineering relating to Saw Mill Brook sewer	402 38
For Engineering relating to Hammond street, including sewers and drains in same	3,014 65
For indexing	65 70
For law suits	13 00
For clerk	644 00
Miscellaneous	66 61
	\$9,492 66

STREETS.

†Washington, High and Walnut streets at Village Square			28 May, 1907	5,326	1,242.00	

* Total cost, \$2,411.73. Of this amount, \$920 was contributed by abutters.

† Unfinished.

Streets and Ways.

Plans were made early in the year for a subway seven feet wide by seven and one-half feet high from Station street to Pearl street, beneath the tracks at the northerly end of the Brookline station. As the subway was to be considerably below ground water level, much study was given it in order to secure water tightness.

Considerable time has been given the improvement of Village Square.

On July 1st bids were received for the improvement of Hammond street, including sewers and surface-water drains, although as yet no outlet has been provided for the former. The contracts for the rough grading, sewers and drains which were awarded to the Coughlan & Sheils Company, of Boston, were prosecuted in a very satisfactory manner and completed January 1st, 1908. The Telford and gutter paving were mostly done by the Coughlan & Sheils Company. The greater part of the rolling was done by the Highway department, and all the crushed stone surfacing was done by that department with stock from its plant near Hammond street. Cold weather prevented the completion of the street, but the work was so far advanced that the street was opened to travel on January 24th.

While the part of Hammond street between Boylston street and the Newton line will be much improved, it is the purpose to macadamize only the westerly half in order to leave standing for a few years a row of trees which are located near the centre of the new street. The easterly part is to be subgraded so that new trees can be planted in the proper places in relation to the new easterly line.

Surveys and estimates have been made for a proposed street west of Chestnut Hill avenue from Boylston street to the Beacon street circle.

The Reservoir lane grade crossing was closed up June 28th. Earlier in the year the town had surfaced and fenced the south approach to the new bridge built last year by the Boston & Albany Railroad Company and had also completed the part of Middlesex road between Reservoir road and Reservoir lane. The cost of the Reservoir road work was \$1,199.82, and the Middlesex road work \$883.20, the estimated cost of the former having been \$1,200 and of the latter \$1,000. The completion of this work eliminates the last grade crossing in Brookline.

Sixty-nine (69) monuments have been set for marking street lines, rights of way and public grounds.

In addition to the above the usual street engineering work has been done.

List of Sewers Laid or Acquired in 1907.

Sewers and Drains.

The most important drainage work which has been in progress is that of building the high-level sewer, by the Metropolitan Water and Sewerage Board. It is expected that the part of this sewer in Brookline will be finished by September, 1908, after which date so much of the town as is capable of being drained by it should have its sewage diverted into the new sewer. Most of the area tributary to this sewer lies west of it, although there are some considerable areas, such as Harvard street north of Beacon street, for instance, which are situated on the opposite side.

Inasmuch as the high-level Metropolitan sewer was designed for sewage only, and as some of the Brookline sewers tributary to it receive both sewage and storm water, and as some of our sewers which were designed for the separate system receive some street wash and probably some roof water, a very considerable amount of separation work must be done before the connections with the high-level sewer will be allowed. But the much more expensive work relating to the storm-water separation comes from the fact that the larger part of the district between the high-level sewer and the low-level sewer in St. Mary's street was sewered on the combined system many years ago, before it was demonstrated that for health reasons separation would become necessary.

To provide for this separation new conduits will have to be built in nearly every street and to some extent in locations through private land, one of which will be for sewage which will be discharged into the low-level Metropolitan sewer and the other for storm water which will discharge into Charles river through the present sewer outlet.

The Metropolitan sewer department has provided inlets in the high-level sewer at the points indicated by this department for future sewer connections.

Considerable study has been given to the details of the storm-water separation.

Surveys, plans and estimates are in progress for a sewer in the Saw Mill Brook Valley. When built, this will be one of our most important trunk sewers, as it will finally drain about one-fourth of the area of the town and a part of Newton into the Neponset Valley outlet already provided by the State.

Parks.

The loam on the Coolidge Playground has been stripped and piled, and during the year the land, which has been in process of filling for some years, has been nearly filled up with waste material and the surplus from the Metropolitan sewer excavation. It should be ready for loam surfacing by midsummer.

At the Beacon Street Playground the loam from an area of about 20,000 square feet was stripped and piled in order that the low land might be filled with waste material at little or no cost to the town. It is expected that this area will be filled in the early spring, when more land should be prepared for filling.

At the Parsons School a brick paved walk and area have been provided on the easterly side of the building. As the pavement had to be strong enough to carry loaded coal teams, it was placed on concrete foundation.

Some 3,000 cubic yards of deposit was removed from Leverett Pond at the mouth of Village Brook. When the water was drawn down it was discovered that there was a deposit of from two to three feet in the bed of Muddy River from Longwood bridge to Washington street, besides considerable in parts of Leverett Pond. A few years hence the work of removing all deposits in the river and pond will have to be met and should be done on some joint contract basis by the city and town.

The appropriation of \$7,000 made at the annual meeting for grading the westerly portion of the new Lowell Playground, situated on the southerly side of Boylston street at the Newton line, was entirely expended on the work of rough grading. The prices at which the work was undertaken were so favorable that but for the unexpectedly large amount of rock encountered in the grading the appropriation would have been nearly, if not quite, sufficient to grade the entire ground.

The work of fertilizing, harrowing, seeding, etc., was done by the day and charged to the Maintenance account.

Cost of fertilizing, harrowing, etc.	\$624 73
Cost of grading	7,019 40
Total to date	\$ 7,644 13
My estimate of the cost of completing the grading	4,000 00
Probable total cost	\$11,644 13

Surveys, plans and estimates have been made for improving Emerson Garden, the newly acquired public ground on Davis avenue.

Bridges.

The working of painting the steel in the Dean road bridge, referred to in my last report, was completed early in the year.

The other bridges are in fairly good shape as regards paint protection, but as cleaning from the underside with the floor in place is of little or no use, advantage should be taken of every opportunity for doing this work when the floors are renewed.

The bridges at Aspinwall avenue, Cypress street and Sumner road, all over the Boston & Albany Railroad, have such short spans that it is practicable at a reasonable cost to get rid of the risk, annoyance and constant attention attaching to rapidly deteriorating structures, both as regards the wood floor and the steel beams, by substituting concrete masonry arches inclosing the beams. Thus built, the beams would be protected from corrosion, and the cost of maintenance would be limited to the occasional painting of the outer face of the outer beams, the fences and the maintenance of some form of pavement for the road surface, preferably one of wood blocks. When reconstruction becomes necessary, I think the plan outlined should be adopted.

Miscellaneous.

Plans and surveys have been made for the Water department of the site of the proposed high-service reservoir on Cabot's Hill, also of the land on Pearl street where the new shop and stable are being erected.

Much time was given to the preparation of evidence in the successfully defended suit of F. J. Stimson, Esq., *vs.* the town, for flowage of meadow land in Dedham.

A revised plan was prepared for a central heating plant for all the public buildings near the Town Hall.

Plans and specifications have been made for substituting steel fittings for the wooden ones now in the vaults of this department and that of the Assessors.

As the boundary line between Brookline and Newton passed diagonally through the land which it was proposed to purchase for the Lowell Playground, the line was changed, by Chapter 249 of the Acts of 1907, so that the new ground is entirely within the town. For some years the State authorities have questioned the legality of the part of the line between Brookline and Newton from a point near the Chestnut Hill pumping

station and the angle in Stake meadow, which has been recognized by both municipalities for a century, if not longer. Advantage was taken of having the entire line legalized by the act above referred to.

Assistants.

The following is a list of assistants connected with the department: H. A. Varney, F. A. Leavitt, C. J. Wallace, G. S. Whitehead, E. L. Barrows, R. A. Doane, W. A. Devine, J. B. Ellery, R. C. Hunter, W. F. McGrath, J. Clune, E. M. Libby and C. Lapham.

Respectfully submitted,

ALEXIS H. FRENCH,

Town Engineer.

REPORT OF THE SUPERINTENDENT OF STREETS AND SEWERS.

Brookline, Mass., February 6, 1908.

To the Honorable Board of Selectmen:—

Gentlemen,— I respectfully submit my thirty-second annual report of the work done and the expense incurred in the Highway Department, for the year ending February 1, 1908.

The amount appropriated at the annual meeting for the support of highways, including the salary of the Superintendent, was	\$90,000 00
The amount charged to other departments, and to special appropriations for the use of horses, and for labor and material furnished by the Highway department, was	3,963 39
The cash receipts from sundry parties for labor and material were	992 81
Total amount available.....	\$94,956 20
The gross amount expended was.....	89,865 45
Balance unexpended	<u>\$5,090 75</u>

The details of this expenditure are as follows:—

Addington path: repairing steps	\$25 43
Addington road: dressing with fine stone and sundry patching	100 02
Aspinwall avenue: sundry patching	40 58
Beacon street: north roadway raised to grade and gutter repaved near Hawes street, resurfaced from Corey road westerly to the town line, and sundry repairs and rolling	3,926 13
Boylston street: resurfaced on north side between Wright's Hill and Hammond street, and on south side between Pound lane and Chestnut Hill avenue, and sundry repairing and patching	1,780 97
Brookline avenue: raised to grade and resurfaced near Aspinwall avenue, and sundry repairing	117 05
Chestnut Hill avenue: sundry repairing	54 81

Clark road: macadamized between Boylston street and Sumner road, and sundry repairs	\$650 10
Cleaning gutters, streets, sidewalks, and sundry small repairs	6,222 90
Clyde street: repairing	36 06
Colchester street: gutters concreted, and sundry patching	127 92
Crossings: labor and material for new crossings, repairing old crossings, etc.	1,273 44
Cutting grass and weeds	885 74
Cypress street: replanking bridge and sundry repairing ..	103 91
Dean road: iron work repainted and sundry patching ...	247 35
Englewood avenue: resurfaced	387 20
Evans road: resurfaced	506 22
Gardner path: partially rebuilding steps and repairing ..	55 15
Gardner road: dressing with stone screenings and repairing	86 18
Goddard avenue: resurfaced between Avon street and Newton street, and sundry repairing	1,256 37
Gravel, etc.: cash paid for gravel and sand, not included in other streets	952 78
Griggs road: dressing with gravel	42 42
Grove street: resurfaced	747 70
Guide boards, street signs and posts, "private way" signs, etc.	584 24
Hammond street ledge: blasting and crushing stone now on hand, and sundry winter work	\$1,556 40
New crusher and setting up, readjustment and renovation of machinery, including new elevator belt and buckets, and sundry items not properly chargeable to the product of this season	2,689 79
	4,246 19
Heath street: sundry repairing	44 11
Holidays: wages of foremen and drivers for holidays (\$514.94), wages of employees for half-holidays on Saturdays during July and August (\$1,381.87)	1,896 81
Horses and stable: care and maintenance, including wages of hostlers and night watchman, extra help, lighting, telephone service, repairs of carts, harnesses, etc., new harnesses, blankets, etc.	\$14,146 59
Cash paid for new horse	250 00
	1,4396 59
Hyslop road: repaving gutters	41 61
Injured men: wages paid for time lost and medical attendance	46 17
Kent street: repairing between Francis street and Longwood avenue, repaving gutter between Chatham street and Beacon street, and sundry repairing	44 85

Kilsyth road: resurfaced	\$712 87
Lagrange street: resurfacing and sundry repairing	127 92
Lancaster terrace: dressing with stone screenings and sundry repairing.....	109 56
Littell road: dressing with stone screenings and extending concrete gutters	81 66
Mason path: rebuilding portion of steps, and sundry re- pairing	77 70
Miscellaneous: lighting streets, kerosene oil, lanterns, etc., and sundry items not elsewhere included	1,149 80
Newton street: constructing sidewalk near Grove street, repairing fence, dressing with stone screening, etc. . .	224 13
Rawson road: dressing with stone screenings, and repair- ing	157 88
Preparing material in storage lots, screening sand and gravel, and carting broken stone to storage lots	441 62
Repairing streets (not elsewhere included), including small repairs amounting to less than \$20.00 on each street	891 39
Salisbury road: resurfaced	1,324 79
St. Paul street: repairing fence and patching	21 66
Sectional care of streets, etc.	12,993 78
Snow and ice:	

Labor, etc., last winter from February 1 . \$12,789 67

Labor, etc., this winter to February 1 ... 4,529 38

Total \$17,319 05

This amount is divided as follows:—

Shoveling snow off sidewalks and crossings:

Last winter from February 1 \$7,029 95

This winter to February 1 3,288 20

10,318 15

Plowing gutters:

Last winter from February 1 \$791 25

This winter to February 1 00

791 25

Plowing snow:

Last winter from February 1 \$1,011 53

This winter to February 1 503 36

1,514 89

Picking ice:

Last winter from February 1 \$2,971 46

This winter to February 1 00

2,971 46

Sanding sidewalks and streets:

Last winter from February 1 \$224 85

This winter to February 1, including cost
of sand and screening same 121 72

346 57

Leveling snow and carting from roadway:			
Last winter from February 1	\$467	46	
This winter to February 1	361	90	
			\$829 36
Repairing plows, new plows and new tools, repairing and sharpening tools, etc.:			
Last winter from February 1	\$293	17	
This winter to February 1	254	20	
			547 37
Sumner road: repaving gutters and sundry patching.....			45 84
Summit avenue: dressing with stone screenings, and sundry repairing.....			172 79
Summit path: partially rebuilding and repairing steps...			88 09
Station street: work in connection with applying tarvia, and repairing fence.....			106 26
Steam rollers: coal, oil, waste, supplies and repairs, including wages when not on particular streets	\$753	15	
One new roller in exchange for old Avel- ing and Porter roller	2,500	00	
One new pair roller wheels	608	11	
			3,861 26
South street: resurfaced south of Grove street			610 16
Stone bounds: furnished and set under direction of Town Engineer			237 50
Thorndike street: sundry repairing			31 67
Tools: new tools, sharpening and repairing, etc.....			999 85
Trees: removing trees			224 53
Warren street: sundry patching			27 34
Washington street: repaving gutter, repairing asphalt on railroad bridge, and sundry repairing.....			136 84
Westbourne terrace: dressing with gravel and stone screenings			72 12
Williston road: resurfaced			274 02
Windsor road: resurfaced			435 13
Winthrop road: dressing with stone screenings and repair- ing			100 75
Winchester street: sundry repairing			36 53
York terrace: repairing			24 22
Salary of Superintendent	\$3,000	00	
Salary of Assistant Superintendent	1,775	00	
Salary of Clerk	775	32	
Office expenses, stationery, postage, telephone service, blank permit books, office fix- tures, etc.		277 62	
			5,819 74
Total gross amount expended	\$89,865	45	

Less amounts received, viz.:

Health department: for use of horses in collecting ashes, rubbish, etc.	\$3,506 26	
Health department: for use of horse in mosquito work	151 75	
Care of sewers: for use of horses	294 75	
Water department: labor and material repairing crossing	10 63	
Cash received from sundry parties for labor and material furnished, etc.	992 81	
		\$4,956 20
Total net amount expended and charged to the appropriation for support of highways	\$84,909 25	
Balance unexpended	5,090 75	
		\$90,000 00

The net amount expended may be divided as follows:—

Street cleaning and sectional care	\$20,102 42
Removal of snow and ice, etc.	17,319 05
Repairs and new work	31,224 21
Maintenance of stable and equipment	10,443 83
Superintendence and office expenses	5,819 74
Total amount expended	\$84,909 25

For further details of this expenditure reference is made to the reports of the Town Accountant and the Town Treasurer, which show the same result, but in different forms.

The large balance unexpended is owing to the fact that very little money was needed for snow work during the month of January until the last week, and the weather was such as to prevent any other work on the roads, and also to the fact that during October, November and December a portion of the force was employed in surfacing Hammond street, for which a special appropriation was made. The money could have been profitably spent if the very unusual weather could have been foreseen.

Mr. Fred B. Richardson was appointed Assistant Superintendent of Streets, and Mr. Daniel G. Lacy was appointed Clerk. They have performed their respective duties in an acceptable manner.

The new sheds in the easterly end of the stable yard begun in 1906 have been finished, the roller house has been moved

to the side of the lot, and a new house for the second roller has been built. The contract was awarded to John H. Pineo, and the cost of his part of the work was \$3,659.07.

The old sheds between the blacksmith shop and Kendall street have been torn down, and new sheds two stories high were built. Mr. Pineo was the lowest bidder for this building also, his contract amounting to \$4,596.00.

Two sections of the shed near the stable were finished with stalls for six horses at a cost of \$560.24, and the three horses hitherto kept in the roller house on Devotion street are now kept at the Cypress street stable.

A new fifteen-ton Buffalo steam roller was bought in July to take the place of the Aveling and Porter English Roller, which had been in constant use since June, 1892. New rear wheels were bought for the Buffalo Pitts steam roller, which has been constantly at work since June, 1900. The old wheels are kept for use in case of emergency. A new 20" x 10" Farrell crusher was bought to replace the 9" x 15" crusher bought in 1889, which was so worn that it was no longer economical to repair it. At the same time a new elevator belt and buckets were set up, and later it became necessary to buy a new screen. These were all paid for out of the regular appropriation for maintenance of highways.

The work of building the new Metropolitan intercepting sewer was begun in March last. The sewer is completed from the town line near Commonwealth avenue through Columbia street, private property and Winchester street as far as Fuller street, and from Beacon street through Park street, Washington street, Greenough street, Gorham avenue, Cypress street playground, Brington road and Cypress street as far as Boylston street. The sections in Beacon street and Winchester street from Fuller street to Park street, and in Cypress street from Boylston street to Kendall street are now under construction. Work on the remaining section through Kendall street and Chestnut street will begin very soon. A sufficient sum has been reserved by the State Engineer from the amounts due the contractors for the various sections to restore the sidewalks, gutters and roadways to their former condition after the frost is wholly out of the ground.

The need of smoother and more durable pavements on our

main thoroughfares, and more particularly those in which street railway tracks are located, is greater than ever. As the intercepting sewer is so nearly completed, I would strongly urge the immediate construction of the new system of storm-water drains, and among the first places in which they should be laid are Washington street from the town line to Boylston street, and from Harvard square to Beacon street, and Boylston street from Village Square to Cypress street.

When the new pavement is laid in Village Square provision should be made for extending it as far as the Parkway in one direction, and as far as Cypress street in the other direction. Special appropriations should be made for this kind of work, as the regular appropriation for maintenance is not large enough to warrant such heavy drafts upon it.

The brick and bitulithic pavements in Harvard and Village Squares were flushed occasionally in the early summer, but finding that serious injury to the pavement was caused by the heavy pressure from the hydrants the work was discontinued. It may be that during the coming season some satisfactory method of cleaning these pavements at night may be found.

The guide boards heretofore reported to the town, with few exceptions, are maintained, and seem to be all that are needed.

Bridges.

The only work done during the past year on the bridges was the replanking of the Cypress street bridge, and the finishing of the painting of the iron and steel work on the Dean road bridge.

Permits.

During the year permits were issued as follows:—

Occupying streets for building purposes, erection of canopies, setting up cleaning machines, etc.	190
Crossing sidewalks	90
Excavations:	
Boston Consolidated Gas Company	331
Brookline Water Board	184
Sewers: constructing new sewers, surface-water drains, sewer connections, and surface-water drain connections	106
New England Telephone and Telegraph Company..	52
Laying granolithic sidewalks	30
Boston Elevated Railway Company	49

City of Boston: repairing water mains, etc.	13	
Metropolitan Water and Sewerage Board	29	
Planting trees	34	
Moving buildings	6	
Miscellaneous	44	
		878
Total number of permits		1,158

Street Crossings.

In addition to the usual amount of repaving, new street crossings of granite flagging and small blocks were laid at the following places:—

Brookline avenue at Emerald street	2
Brookline avenue and Washington street	2
Cypress street at Kendall street	1
Circuit road at Crafts road	1
Crafts road at Circuit road	1
Sumner road at Blake road	1
Beacon street at Powell street	1
Beacon street at Hawes street	1
Walnut street at Unitarian Church	1

One crossing of coal-tar concrete was laid across Salisbury road at Kilsyth road, and many existing concrete crossings were repaired and relaid.

New Streets.

Lanark Road, which was accepted as a public way January 28, 1907, was constructed with edgestones, paved gutters and macadam roadway. Concrete sidewalks were laid five feet wide on the easterly side and three feet wide on the westerly side. The cost was \$1,000.00, of which sum one-half was contributed by abutters.

Littell Road, accepted as a public way January 28, 1907, was constructed with tree lawns, coal-tar concrete gutters and a thin macadam roadway. The owners had previously graded the street and laid granolithic sidewalks. The cost was \$550.00.

Reservoir Road and Middlesex Road were built under the supervision of the Town Engineer, to whose report reference is made for information concerning them.

Atherton Road, forty feet wide, running from Summit avenue to Winchester street, was accepted and allowed as a

public way at the special town meeting held May 28, 1907. This road was originally made by the owners, and was in poor condition at the time of its acceptance. The grade was raised in the lowest part, the gutters were repaved, and the roadway was macadamized. The granolithic sidewalk was relaid where the grade was changed, and where it had failed by reason of improper construction originally. Two catch-basins were rebuilt and a third basin was constructed to afford better access to the public garage. At the Winchester street end, circular edgestones were set and two catch-basins were built. The road is unfinished at this point on account of the occupancy of Winchester street for the construction of the Metropolitan intercepting sewer. A number of abutters contributed \$920.00 towards the cost of the work, and the owner of the garage agreed to pay \$100.00 for the additional catch-basin and certain changes in the grade on the easterly side in front of his property. Another abutter agreed to do certain work in the unfinished part of the road to the value of \$250.00. The expenditure to date was \$2,409.73.

Street Widenings.

An alteration and widening of Washington street and Walnut street at their junction and a short distance westerly therefrom was accepted and allowed at the town meeting held January 28, 1907. °

At the town meeting held May 28, 1907, an alteration and widening of High street from Walnut street to Washington street, and Washington and Walnut streets from High street a short distance easterly to meet the widening accepted January 28, 1907, was accepted and allowed. Nothing has been done towards construction except to reset edgestones on the southerly side of Walnut street from High street to Morss avenue and to lay the concrete sidewalk and rebuild two catch-basins.

Hammond Street. An alteration and widening of Hammond street to a minimum width of seventy-five feet was accepted and allowed at a special town meeting held May 28, 1907. The work of grading and building the sewers and surface-water drains, catch-basins, etc., was done by contract under the supervision of the Town Engineer, in whose report will be found the details of the construction. The surfacing

of the road was done by this department, and is practically completed from Heath street to the culvert opposite the park lands, a distance of about 3500 feet. From this point to Newton street the roadway is available for travel, but cannot be finished until spring.

Brookline Avenue. As soon as the office building of the Gas Light Company was removed the work of finishing the widening of this street was done; it consisted of furnishing and setting circular edgestones, building a new catch-basin, laying new crossings of granite flagging and small blocks, and macadamizing the roadway. The cost was \$818.00.

Watering Streets.

The amount appropriated at the annual meeting for watering streets was \$25,000.00. Twenty-seven double teams were employed at the rate of \$125.00 per month for each team for six months beginning May 10 and ending November 10, which rate included watering on Sundays and holidays. Six dollars (\$6.00) per day for each team was paid for work before May 10 and after November 10. There was expended \$23,938.88, leaving a balance unexpended of \$1,061.12.

Experiments with several different materials for the prevention of dust have been tried on our streets during the past season. From March 28 until April 19, calcium chloride was used on several portions of Beacon street, and on Kennard road. Too little was known of this material to warrant making contracts to provide for its use on any large scale, and accordingly contracts with the owners of the watering carts hitherto used were made, beginning May 10.

During the summer the use of calcium chloride was continued on the south roadway of Beacon street, between Washington street and Marion street, and also on Kennard road. Later it was used on Gorham avenue in front of the High School, and on Davis avenue between Gorham avenue and Keiffer street. A few loads were used in other places, the idea being to determine the value of this material as a dust layer in different locations, and under different conditions of traffic. The experiments have shown that excellent results may be obtained from the use of calcium chloride, but that it is necessary to use more or less water in connection with it. On streets exposed to the sun and wind, like the

section of Beacon street referred to, water must be used almost every day, but one application generally suffices, except on very windy days, with a low percentage of humidity, when it may be necessary to make a second light application. On Kennard road, however, very little water was found necessary. The cost of this material cannot be accurately stated until it has been used on a much larger scale with improved methods, but there is very little doubt that four cents per square yard will cover the cost for the season.

On the 3d of July Station street was treated with a preparation of coal-tar known as tarvia, at a cost of 10 8-10c. per square yard. The street had been resurfaced three years before, and the results were naturally not as good as though the street were more recently surfaced. No water was used on this street until the 20th of August, when it became necessary to water it regularly. After the heavy rains of early autumn, which removed all the dust and worn-out particles from the surface, it was found possible to again dispense with water. There is no question as to the value of tarvia or some similar material for preserving the surface of our roadways, and the cost of this work may be fairly considered as a part of the cost of construction or maintenance.

A specially refined oil, chemically emulsified, known as terracolio was used on the westerly side of Brookline avenue from Pearl street to the town line. This preparation, while not odorless, was free from the more objectionable odors, and was fairly satisfactory. It must be renewed every week, and the present method of using it must be very much improved before it will come into very general use.

In September asphaltoilene was used on the north side of Boylston street between Cypress street and Sumner road, on the south roadway of Beacon street between Kent street and Hawes street, and on the greater part of Atherton road, which had been newly surfaced. Asphaltoilene is a heavy Kentucky oil containing about 75% asphaltum. Its friends claim that with two applications the first year, and one each succeeding year, the surface of the road will be made perfectly waterproof, and that the dust and mud nuisance will be entirely eliminated. Asphaltoilene should be applied while hot, in warm weather, when the road is dry and in good con-

dition. The cost is six cents per square yard for each application.

Excellent results have been obtained all over the Boston Park system by the use of Texas oil, emulsified with common soap, applied at intervals of from ten to twenty days, according to the location and use of the road, at the very low cost of two cents per square yard from April 15 to November 1. The dust has been laid perfectly by night as well as by day, the only objection being the odor, which is regarded by many as very objectionable.

It has been amply demonstrated during the past season that by the use of some, or it may be all, of the materials mentioned above, the dust nuisance can be modified, if not entirely eliminated. While it is not expected that the use of water will be entirely dispensed with, I think it will be well to make a much larger use of these materials, using that which will be best adapted for each particular locality. Calcium chloride will serve admirably for residential streets, particularly those where the houses are close to the roadway, and where the travel is not excessively heavy. On other roads with heavier travel, and particularly where the houses are well back from the street, oil might well be used.

The cost of equipment for using these materials will probably necessitate an increase in the appropriation for the coming year.

Sidewalks.

During the past season the work of setting edgestones, paving gutters, laying granite flagging, and paving work in general was done by our own force, instead of by contract as hitherto.

In addition to the usual work of repairs and repaving, etc., 2304.1 linear feet of new straight edgestones were set, 632.7 feet of circular edgestones, 5370.8 square yards new concrete sidewalks were laid, and 2953.3 square yards concrete sidewalks were repaired, and 1871 square yards of granolithic sidewalks were laid.

The appropriation for sidewalks was \$17,000.00, and the expenditure, given in detail in the Accountant's and Treasurer's reports, was for the following:—

Edgestones and setting	\$3,302 53
New coal-tar concrete walks	3,695 97
Repairing coal-tar concrete walks	1,901 88
New plank walks	707 60
Repairing and renewing plank walks	3,644 59
Artificial stone walks	1,038 81
Brick walks, grading and sundries	487 12
Total	\$14,966 09

The contract for laying and repairing coal-tar concrete walks was awarded to Charles W. Lynam, and the prices paid were as follows:—

Sidewalks	\$.80 per square yard.
Skim-coating (cold work)	.45 per square yard.
Skim-coating (hot work)	.60 per square yard.
Sidewalk crossings	1.00 per square yard.
Driveways	1.00 per square yard.
Street crossings	1.35 per square yard.
Gutters	1.35 per square yard.

Sewers.

The appropriation for the care and maintenance of sewers and drains was \$5,000.00, and \$3,668.04 was expended, most of which was for the work of the usual routine character, consisting chiefly of cleaning catch-basins, inspecting, cleaning and flushing sewers, repairing manholes, catch-basins, etc., and cleaning the various storm-water channels.

The sewer in Harrison street, between Kent square and the hard ground near Aspinwall avenue, was originally laid in soft ground, without piling for a foundation, and had settled so much that it was found necessary to relay it at the proper grade. The work was done under the supervision of the Town Engineer.

The expenditure was divided as follows:—

Cleaning catch-basins	\$2,115 77
Cleaning and repairing sewers and surface-water drains ..	526 63
Inspection of sewers	211 17
Rebuilding and repairing catch-basins and manholes	111 61
Relaying sewer in Harrison street	468 86
Cleaning Village Brook	247 41
Total	\$3,681 45

Surface Drainage.

The main part of this work, as well as the construction of all new sewers, was done by contract under the direction of the Town Engineer. In addition, the following catch-basins, with the necessary overflow drains, were built by this department.

Gorham avenue	1 catch-basin
Hawes street at Colchester street	1 catch-basin
Atherton road	5 catch-basins
Lanark road	2 catch-basins
Kent street	1 catch-basin
Fisher avenue	1 catch-basin
Newton street	1 catch-basin
Brookline avenue	1 catch-basin

Collecting Ashes and Waste Material.

The cost of collecting ashes and refuse throughout the town was \$19,731.72, which sum included \$3,506.26, credited to the Highway department for the use of horses, the whole cost of whose keeping was charged to the Highway appropriation.

The cost of this work for the last ten years was as follows:

1897	\$8,075 24
1898	9,105 65
1899	10,913 16
1900	11,205 63
1901	13,056 56
1902	13,318 98
1903	13,917 62
1904	14,204 44
1905	15,316 83
1906	16,328 11
1907	19,731 72

The paper and other combustible refuse were carted to the old barn on the Amory estate on Powell street until May 25, where the merchantable portions were sorted out and the balance was burned in the open air. Complaints of the smoke and other objectionable features connected with the work were so numerous that it was decided to cart this material to the ledge lot on Hammond street, where a cheap shed was erected, and the material is still sorted out, and the worthless portions burned.

As the lot is remote from the street and from any dwellings, no complaints have since been made. A cheap shed costing \$327.00 was erected for the use of the contractor, and in return he takes care of the dump, saving the wages of the dump man, and in addition pays \$200.00 per year for the privilege of sorting over and disposing of the rubbish.

At the risk of being wearisome I renew my recommendation that an incinerating plant be erected as soon as a suitable lot can be procured on which to place it.

The following analysis of the cost may be of interest: —

Collecting paper from February 1 to May 25, delivered at the Amory lot.....	\$2,052 62
Collecting paper from May 25 to January 25, '08, delivered at Hammond street ledge lot	4,200 68
Collecting ashes	11,440 90
Care of dumps	1,244 78
Building shed, new horse, canvas covers, and other expenses	774 74
Total	\$19,713 72

Sundries.

The work of petrolizing the catch-basins, pools, etc., for the purpose of exterminating the mosquitos, was done as hitherto under the direction of Mr. J. A. C. Nyhen, the Assistant Bacteriologist, at a cost of \$839.00, which was charged to the Health appropriation.

Sundry other work, amounting to \$477.52, was done, the cost of which was charged to the various appropriations to which it belonged.

The inventory of property belonging to the department is filed with the Town Accountant.

Respectfully submitted,

MICHAEL DRISCOLL,

Superintendent of Streets.

TOWN OF BROOKLINE

BUILDING DEPARTMENT

REPORT

OF THE

BUILDING COMMISSIONER

OF

BROOKLINE

MASSACHUSETTS

FOR THE YEAR ENDING JANUARY 31

1908

BROOKLINE

THE RIVERDALE PRESS: C. A. W. SPENCER

1908.

REPORT OF BUILDING COMMISSIONER.

Brookline, Mass., January 31st, 1908.

To the Board of Selectmen:—

Gentlemen,—I herewith submit* the nineteenth annual report of the Building Department.

The work of inspection has been carried on in much the same manner as in former years, all buildings in course of erection, alteration or repair having been periodically inspected to ascertain if the Building Law was being complied with. Before permit was granted for any proposed erection or alterations of any buildings, plans were required to be filed and were carefully examined to see that they were in conformity with the law. In the cases of several large apartment houses for which permits were issued during the year this required considerable attention, as the architects made frequent inquiries into technical portions of the law and submitted preliminary sketches and plans for approval before buildings were wholly designed or application made for permit.

Piles were required to be driven for the foundations of five brick three-apartment houses and one wooden two-family house. This work should be done in the most careful manner and under constant supervision, as in the majority of cases the buildings are erected by speculators who seldom own them for more than a year, and who care very little what happens after they have disposed of them. I would renew the recommendations made in my report for the past two years, namely, that this office be given permission to call on the Engineering Department for co-operation in the inspection of this class of work. As it is now, only a small proportion of the pile driving and concrete mixing comes under my personal supervision. However, inspections are made as often as possible, the piles are required to be of suitable stock, driven to a firm and solid bearing, and the tops cut off on a level to insure constant immersion.

Careful attention is given to the installation of heating apparatus in both old and new buildings, particularly to see that

the woodwork near smoke pipes and hot air pipes is protected with tin or other metal shield.

I wish to again call the attention of householders to Article XVII, Section 52 of the Building Law, which requires that depositories for ashes in the interior of any building shall be made of incombustible material. A strict observance of this rule will undoubtedly put a stop to the number of fires which have resulted from the depositing of hot ashes into wooden barrels.

The inspection of elevators has continued in the same manner as in previous years, reports being received from the insurance companies at least once in every six months showing the result of the inspections made by their inspectors. It has been found necessary to order an automatic gate put in good working order, door latches repaired, wire netting put in front of door latch so that tenants could not open door from outside, counter cables renewed, valves repacked, castings replaced, gear on countershaft removed and other minor changes made.

As required by Sections 33, 34 and 35 of Chapter 104 of the Revised Laws, relating to the better protection of human life in hotels and lodging houses in case of fire, the annual inspection was made in May of all hotels and lodging houses that have more than ten rooms above the first story, and they were found to be suitably provided with fire escapes or other means of egress.

The location for the use, storage and sale of gasoline was approved at 647 Washington street for George A. Avery.

The following changes were required to be made in certain buildings which were found to be in a dangerous condition:—

Ordered large portion of roof of badly burned dwelling house removed and floors made safe.

Ordered blinds secured, and sills and ends of posts and studing taken out and replaced with sound stock in an old unoccupied dwelling.

Ordered rear portion of old unoccupied dwelling to be torn down, as it was in a dangerous condition, partially as a result of fire.

Ordered rear portion of building occupied as blacksmith shop strengthened, as its condition was not strong enough for use as a blacksmith shop, the timbers being very much burned and weakened. This portion of building is to be removed or rebuilt after the winter season.

The following is a list of permits issued during the year:—

One-Family.—Wood and Frame.

Owner.	Location.
J. Howard Duer	60 Amory street
Nora J. Conroy	66 Beals street
M. Maude Gahm	23 Beech road
W. J. Griggs estate	62 Centre street

Plumbing.

The report of the Plumbing Inspector is as follows:—

Brookline, Mass., January 31st, 1908.

Mr. Ernest Lyon, Building Commissioner:—

Dear Sir,—I herewith submit my fifteenth annual report, for the year ending January 31st, 1908.

The whole number of applications received for which permits were issued to do plumbing was 255. Of this number 35 were for new brick and stone buildings, 51 were for new wood and frame buildings, 142 were for additions and repairs, and 27 were for improving the drainage.

The total cost of the above plumbing was \$154,955.00, as against \$129,890.00 in 1906, a gain of \$25,065.00. This increase is chiefly attributable to the larger number of brick and stone apartment houses for which permits were issued to do plumbing, 35 as compared with 27 in 1906. The fixture installations

in houses of this class ranged from 18, the usual number, to one having 220. The quality of the work in the average apartment house is seldom better than the laws require, and instances where it is any better are very rare. In single dwellings, however, and particularly in those of the better class, the articles of equipment are really works of art, and the whole character of the work is very much in advance of the laws' requirements.

During the year water fixtures have been installed in the various buildings as follows:—

Water closets	504
Baths	353
Bowls	398
Sinks	321
Trays	178
Other fixtures	18
Total	1,772

Tests and inspections have been made as follows:—

Water tests	267
Peppermint tests	36
Smoke tests	2
Total	305
Inspections	1,181

As may be seen from the above record the past year has been quite a busy one. An earnest effort has been made to respond promptly to all calls for information, inspections and tests. There is reason for believing the service rendered has been satisfactory, as no complaints have been heard. All drainage and plumbing ventilation undergoing construction or repair has been frequently and carefully inspected. The water test has been applied to all new piping and also to the old where found practicable. Numerous leaks and many serious defects were disclosed by these tests, all of which were corrected and the whole left in agreement with the regulations.

The increasing number of pressure boilers has added to the exactions upon our time. Our rules require that all such boilers shall have approved water relief valves to provide for the expansion of the water and the escape of steam. We have given this feature of our work much attention and have allowed the

use of only the most reliable valves and have seen that they were properly located and set.

When the present regulations were adopted, May 22, 1903, it was thought by men experienced in such matters that they would compare favorably with those of the more progressive cities and towns of the state. Since then a considerable advance has been made in sanitary plumbing, and I am of the opinion that a careful revision of these regulations should be made in the near future. Within the past few years many of the larger cities of the country have adopted new codes which I have examined very carefully. After a little more consideration of these changes I hope to offer some suggestions which may be found worthy of acceptance.

In addition to the regular work of inspection considerable special work has been done for other departments.

The laws have been generally well observed. Some violations have occurred at times, but these have all been corrected without invoking the aid of the courts.

Respectfully submitted,

MICHAEL DUFFLEY,

Inspector of Plumbing.

The licenses of eleven master and nineteen journeymen plumbers have been renewed as required by statute. Fees amounting to \$21.00 were collected for plumbers' licenses and remitted to the Town Treasurer.

Report of the Examiners of Plumbers.

The Board of Examiners of Plumbers submit their report for the year 1907.

The Board organized by choice of Horace James as chairman, and Michael Duffley as clerk.

The Board held three meetings for the examination of applicants for licenses, on February 11th, March 4th and October 2d. Of the four applicants examined, three were successful in passing the required examination. A. Frank Bonney, Denis T. Harrington and Fred E. Rogers were certified to the Building Commissioner to be licensed as master plumbers.

HORACE JAMES,

MICHAEL DUFFLEY,

ERNEST LYON,

Board of Examiners of Plumbers.

Gas-Fitting.

The number of applications made for permits to do gas-fitting work was 605.

They were divided as follows:—

Changes and alterations	184
Buildings in which fixtures were hung	147
New buildings	79
Old buildings	35
Instantaneous heaters	5
Miscellaneous	155
Total	605

The above applications included the connecting of 254 gas-meters and 277 gas stoves.

Gas-fitters are disposed to be lax in filing applications for any but new work and we have had the customary trouble in impressing on them the importance of making application before the work is started. One master gas-fitter was reported to the Board of Examiners of Gas-Fitters for violating the Rules and Regulations for Gas-Fitting in the connecting up of a gas-range and hot-water heater, also for doing several other jobs of gas-fitting without permit. The violation of the law in connection with the piping for gas-range and hot-water heater was corrected sometime after the hearing granted said gas-fitter.

The Examining Board of Gas-Fitters certified to me one person for a master's license, and the license fee was turned over to the Town Treasurer. The expenses of the Board were \$5.00, paid over to the third member, as required by law.

Report of the Examiners of Gas-Fitters.

The following report of the Examiners of Gas-Fitters for the year ending January 31st, 1908, is respectfully submitted:—

The Board organized with the choice of Horace James as chairman, and Alfred G. Sanborn as clerk.

One meeting was held for the examination of applicants for licenses, on April 6th, 1907. W. H. R. Goudey was certified to the Building Commissioner to be licensed as a master gas-fitter. On November 13th, a hearing was granted a registered

master gas-fitter on alleged violations of the Rules and Regulations for Gas-Fitting in the Town of Brookline. His case was placed on file.

HORACE JAMES,
ERNEST LYON,
A. G. SANBORN,

Board of Examiners of Gas-Fitters.

The following is a list of the appropriations and expenditures of this department for the year ending January 31st, 1908:—

	Appropriated.	Expended.
Building Commissioner	\$2,025 00	\$2,025 00
Inspector of Plumbing	1,800 00	1,800 00
Inspector of Gas-Fitting	300 00	300 00
Asst. Inspector of Gas-Fitting	1,175 00	1,175 00
Clerk of Department	875 00	875 00
Horse, wagon, harness, etc.	385 00	489 30
Extra horse	15 00	6 00
Telephone	75 00	65 58
Printing, postage, stationery, etc.	200 00	223 32
Car-fares	150 00	99 80
Appropriated at January meeting	60 00	
Totals	\$7,060 00	\$7,059 00
	7,059 00	
Balance unexpended	\$1 00	

Respectfully submitted,

ERNEST LYON,
Building Commissioner.

TOWN OF BROOKLINE WEIGHTS AND MEASURES

REPORT
OF THE
SEALER OF WEIGHTS AND
MEASURES
OF
BROOKLINE
MASSACHUSETTS

FOR THE YEAR ENDING JANUARY 31
1908

BROOKLINE
THE RIVERDALE PRESS: C. A. W. SPENCER
1908

REPORT OF THE SEALER OF WEIGHTS AND MEASURES.

Brookline, Mass., Feb. 12th, 1908.

To the Honorable Board of Selectmen:—

Gentlemen, — I have the honor to submit the report of the Department of Weights and Measures for the year ending January 31st, 1908.

Number of scales, weights and measures sealed	3,660
Number of scales, weights and measures condemned .	36
Total	3,696
Weights condemned	1
Dry measures condemned	11
Liquid measures condemned	18
Scales condemned	5
Yardsticks condemned	1
Scales found incorrect and adjusted or repaired	69
Weights found incorrect and adjusted or repaired ..	24
Total corrected	129
Number of scales, weights and measures found under legal standard	72
Number found over legal standard	55

One hundred and eight places of business were visited and one thousand five hundred and sixty-eight scales, weights and measures were inspected and sealed, for which fees amounting to \$65.66 were collected, together with \$8.53 due from previous years, and paid to the Town Treasurer; while two thousand and ninety-two scales, weights and measures were done at the office, for which no fees were charged, in accordance with Chapter 65, Section 35 of the Revised Laws.

Some forty-five or more complaints of short weight were received and investigated. Nine were found to have been caused by defective scales and weights, which were immediately corrected or condemned, twenty-four were imaginary, while the remaining twelve were evident cases of carelessness or dishonesty on the part of the weigher.

In addition, upwards of two hundred packages were tested at stores, where many instances of careless weighing and measuring were found. While in nearly all cases a warning was sufficient to correct the evil, as subsequent inspection proved, one dealer showed so little improvement that the matter was taken up by the State Inspector and prosecution is now pending.

Inspection of Coal.

Number of loads examined	453
Number of certificates incorrectly made out	15
Number of loads found not properly certified to	6
Number of weighings made	26
Number of loads found short	6

Two of the latter were below the permissible variation allowed; one, a half-ton lot, was fifty-eight pounds short, and was reweighed at the place of delivery with a view to making a prosecution, while the other was sixty pounds short on a two-ton lot; and frequent weighings will be made of this company's loads in future, to determine whether it was carelessness or intent.

In the former case, after visiting the company's coal yards, unknown to them, to ascertain their methods of weighing, and also finding that the records showed no previous deficiency, I thought it best to notify the company and defer action. Prompt restitution was made and assurance given that the utmost care would be taken in future to insure the giving of proper weight. It is thought that the driver was responsible for the shortage in this case.

Quite a number of loads were weighed by baskets at places of delivery, and while this is a slow and rather expensive method of weighing coal, yet it gives the most definite results in cases intended for prosecution. The removing of the Town Scales to their present location, which is off the usual line of travel for coal teams, made this necessary in some instances, but it was also done to compare the cubical contents of different wagons with the actual contents by weight, thereby enabling one to better determine whether or not a load is near the danger mark. It is but fair to state that the larger number of loads weighed ran considerably in favor of the purchasers.

Mr. Robert A. Smiley, the Deputy Sealer, who has done the

larger part of the coal inspection, has given the department most thorough and conscientious service, which can be fully appreciated only by those understanding the nature of the work, and the attending results.

Inspection of Petroleum.

I have had analysis made of two samples of kerosene oil and six of gasolene, the expense of which was borne by the applicants. One sample of the kerosene contained considerable raw oil and was returned to the jobber, while two of the six samples of gasolene were but seventy-two and seventy-four test, but were sold for seventy-six test. Corrections were also made upon these two barrels.

Of the ten or more places visited where gasolene is stored, I found but one case of careless handling, which the owner promptly corrected.

I would again call attention to the need of a town by-law regulating the handling and storing of oil products in the town, and under which the Inspector could act, if occasion demanded.

Measurer of Wood and Bark.

I have had no requests for services as a Measurer of Wood and Bark during the year, but in order to ascertain if certain dealers were giving legal measure I have measured four lots of cord-wood and three lots of sawed wood, all of which showed no shortage.

New Legislation.

The recent reorganizing by the Legislature of the State's department of weights and measures under a Commissioner, who, in addition to assuming the duties of the Deputy State Sealer, will cause to be enforced all laws relating to using or giving of insufficient weights or measures, and also the enactment of a law requiring city and town sealers to make a detailed report each November to the Commissioner, will make local sealers directly responsible to the State Commissioner and greatly increase the work required from them in municipalities of any considerable size. This department will therefore require a great deal more service from a deputy and some additional equipment, which matter I have already laid before your board.

Although I have given considerable attention to the sale of merchandise by weight and measure, and made some prosecutions for violations of the law during the past eight years, this work has been much neglected throughout the State, many sealers doing simply what the laws relating to the sealing of weights and measures called for, and giving no attention whatever to the selling of merchandise thereby, which in my opinion is of equal importance.

Although there have been plenty of laws regarding the sale of merchandise by weight and measure, and penalties prescribed for violations thereof, the responsibility for enforcement has never heretofore been definitely placed. The enforcement of these laws will be a protection both to the purchasing public and the honest and careful dealer, and prove a hardship only to those who are careless or dishonest, and should therefore receive the support of every good citizen.

Other enactments of 1907 provide for the weighing of all coal sold in small quantities, which will eliminate much chance for fraud (Chapter 228, Section 1), severer penalties for the giving of false or insufficient weight or measure (Chapter 394, Section 1), and the testing, sealing, or condemning of computing scales as to their correctness in indicating money values as well as weight (Chapter 535, Sections 1, 2 and 3), all of which will insure a greater degree of protection to the purchaser. In addition, many new laws and amendments to the old are to come before the present Legislature.

There is a bill now pending before Congress, which, if enacted, will define what commodities must be sold by weight, and all such articles when sold by package or carton must have the net weight stated thereon. The passage of this law will offer relief to the retailers in Massachusetts, who, under the present laws, are made responsible for short-weight packages put up by manufacturers in other states where the laws do not prohibit such practices.

It will apply to cases like the following: The product of a certain manufacturer rarely found on sale in bulk because of lesser profit, when so purchased at retail costs 60c. per pound; in one- or two-pound packages, 70c. per pound (a handsome profit on the extra labor and carton); yet the net contents of a so-called pound package is between thirteen and fourteen ounces. The giving of short weight by the manufacturer

under these circumstances is clearly wholesale, intentional fraud, for which at present there is no remedy; yet a dealer in Massachusetts is liable to prosecution if he through carelessness, ignorance, or by intent gives a half-ounce shortage on thirty. It is hoped, therefore, that the bill will become a law, thereby placing the responsibility for short-weight packages where it rightfully belongs.

In conclusion, I would ask that citizens co-operate with this department by promptly reporting any instances of short weight or measure, and I also wish to record my thanks to those who have already assisted me in various ways.

Very respectfully submitted,

WILLARD E. WARD,

Sealer of Weights and Measures.

REPORT.

Brookline, Mass., January 31st, 1908.

To the Honorable Board of Selectmen:—

Gentlemen, — The Gymnasium and Baths Committee respectfully submits the eleventh report of the Public Baths. The total number of baths taken during the fiscal year, February 1st, 1907, to January 31st, 1908, inclusive, was 54,219, against 57,616 during the corresponding period of the previous year, a loss of 3,397.

The following tables explain themselves.

Maintenance of the Bath House.

The total appropriation for the Bath House for the fiscal year beginning February 1st, 1907, and ending January 31st, 1908, was \$5,025.00. There was transferred from other departments for laundry accounts \$57.73. The total expenditure for maintenance was \$5,073.34. Deducting from this the receipts, \$4,246.65, we find that the net cost to the town for maintenance for twelve months was \$826.69, it being understood that heating and lighting, which are furnished by the Heating and Lighting Plant, are not included in this amount.

At the adjourned annual town meeting of 1907 a citizen requested that the special appropriation for alterations and repairs should be included in the maintenance account. We accordingly present these figures: The special appropriation was \$1,500.00. Adding to this \$5,073.34, we get a total of \$6,573.34. If from this amount we deduct \$4,246.65, we get a total of \$2,326.69. Of the special appropriation \$107.36 remains unexpended. While the latter figures are given by request, as just mentioned, the former method of separating from maintenance certain items is the one that has been followed in the reports of the Committee up to this time.

Maintenance of the Gymnasium.

Your Chairman was requested by the Selectmen a year ago to make an estimate of the amount that would be required to carry on the Gymnasium up to the beginning of the new fiscal year. The amount asked for was \$2,970.00. This has been expended as follows: —

Salaries	\$1,789 17
Bills	2,256 92
	\$4,046 09

Crediting to the Gymnasium account \$1,077.50 received for suits and shoes, we have a balance in favor of the Gymnasium of \$1.41.

Laundry.

Since our last annual report the laundry, for which an appropriation of \$2,500.00 was made in 1906, has been completed. In September, as was contemplated when the money was asked of the town, the laundry work of the various departments was taken over. The total number of pieces

during the first three months amounted to 13,381, which cost the town \$243.30. Of the laundry appropriation \$218.35 remains unexpended.

Sunday Attendance at Bath House.

The Bath House was opened eight Sundays in July and August, the average attendance being 27 each Sunday, or 217 in all. It is proposed to keep it open on Sunday mornings next year, the expectation being that the attendance will be larger than the present year.

Baths at Public Schools.

During July and August the School Committee, at the request of the Gymnasium and Baths Committee, arranged to have the shower baths at the Lincoln and Heath Schools used on certain days for the benefit of the public. They report that the average attendance at the Lincoln School, where the baths were open on Saturdays only, was 31, and at the Heath School, on Thursdays, for men and boys, 26; on Fridays, for women and girls, 5; and on Saturdays, for men and boys, 34.

Report of the Work Done for the Little Children at the Bath House from July 2d to August 31st, 1907.

The work done for the very small children, not large enough to be allowed in the main swimming pool, or capable of taking shower or tub baths alone, was renewed for the summer of 1907.

This second season of effort and supervision in this direction proved completely the great value of this work among the smallest children, who otherwise would be denied, in the heat of the summer, the hygienic benefits of the bathing facilities for which this institution was designed; for with this supplementary work during hot weather, it may be truly said that the institution avowedly designed to meet the needs of all ages and conditions is now completely fulfilling its function in the community.

The slight additional cost of this work is fully justified. A total of 932 baths were given in the sixteen periods devoted to this work. There were 92 different boys and 215 different girls enrolled in the attendance, whose ages ranged from two years to nine years. Besides our own personal attention to this work, we had the kind assistance at various times of eight ladies, while six nursery maids and one trained nurse were engaged as helpers to conduct the bathing. Mention should be made of the co-operation shown by the Bath House employees in helping in this work.

It is firmly believed that great and lasting good is done in the lessons taught, and the gradual transfer of the children to the larger pool is made properly possible as they are taught their responsibilities as bathers and beginners in swimming. In fact, this branch of the work is very aptly designated as the "Bath House and Swimming Pool Kindergarten."

MARTHA W. EDGERLY,
AUGUSTA G. WILLIAMS.

Municipal Gymnasium.

In our report of last year we referred to the building of the Gymnasium on the land adjoining the Bath House, and stated that it was expected that the Bath House and Gymnasium would be united and administered as a unit, under the direction of the same Committee that had managed the Bath House. At the adjourned annual town meeting held March 28th, 1907, Article 14 of Section 1 of the Town By-Laws was amended to provide for the care and management of the Public Baths and Municipal Gymnasium under the Committee that had formerly managed the Public Baths, giving them the same powers in conducting the affairs of the Gymnasium that they had possessed in relation to the Public Baths. The Committee at once took up the subject of the organization of the Gymnasium. Many meetings were held, much thought and time being given to the consideration of the large number of applications for the various positions that were to be filled. After a careful investigation, Mr. J. Leonard Mason, who had been connected with the Gymnasium of the University of Pennsylvania, was selected as physical director, and Charles P. Cameron, formerly of the Columbia Road Municipal Gymnasium of Boston, and Miss Mary B. McGrath, a graduate of the Boston Normal School of Gymnastics, as instructors. Miss Bessie L. Barnes, instructor of physical training of the High School, was appointed consultant for women and girls, and Drs. Francis P. Denny, Louis W. Gilbert and Augusta G. Williams as medical examiners. A corps of pianists was also appointed, as well as a janitor and matron. Numerous consultations were held with the Building Committee in reference to the increase in the number of shower baths, and various details as to the internal arrangements of the building and the question of apparatus. In conjunction with the physical director, and after much study, a schedule for lessons was arranged, also a circular of information, and a brief description of the building itself.

The building was practically ready for the opening on the 13th of January, and on the 14th, 15th and 16th the public were invited to inspect it. The brief description of the building referred to was sent to every voter in the town. This invitation was accepted very generally, so that on these three days several thousand persons altogether inspected the building. On the 20th it was opened for classes. The interest, as well as the enthusiasm displayed was a gratifying surprise to the Committee, the number registering to join classes far exceeding the most sanguine expectations. Up to the time of the first day of inspection the registrations had reached only between four and five hundred, but from that time on they have made a rapid jump, until on February 1st they were over fourteen hundred and fifty. For the convenience of members of the classes, the Committee decided to keep on hand gymnasium suits, selling them for less than they could be obtained elsewhere. The demands for suits were so enormous as a result of the large numbers wishing to enter the classes that the superintendent and his assistant found themselves unable to meet them. The manufacturers did not have such a large stock on hand; but within a short time it will be possible to overcome this difficulty, and everyone will have a chance to get a proper suit.

The attendance at the classes the first week was nine hundred and thirty, four hundred and thirty-six of these being women and girls, and four hundred and ninety-four men and boys. Other details in regard to interesting facts brought out during the opening ten days of the Gymnasium, which are not included in this report, will be presented in the report of the physical director in the appendix, and it is therefore unnecessary to enter into them further in this place.

Now that the Gymnasium is in operation, a brief historical review of the steps which have led up to its erection is of interest. First of all may be mentioned the meeting of the Brookline Education Society held in January, 1903, and which led to a discussion of the subject. There was a good deal of enthusiasm, and a consensus of opinion favored the proposed building. Several leading experts from out of town, as well as prominent citizens, made addresses. At a later period other associations discussed the subject and passed resolutions. The Municipal Gymnasium was first brought to

the attention of the town at the annual town meeting held in March, 1903, at which a petition was presented by fifty citizens who requested that two articles should be inserted in the warrant for the next town meeting: First, to see whether the town would appoint a committee to investigate the subject of a municipal gymnasium, and, if this committee was of the opinion that such a gymnasium should be established, to report to the town a plan for the gymnasium building, as well as an estimate of the cost of its erection and maintenance; second, to authorize the Selectmen to apply to the General Court for the necessary legislation to erect such a building. For the articles for which the petitioners asked, they furnished the following information:—

“That for several years the subject had been discussed in the town, and it was thought that there was a wide field for a well-managed municipal gymnasium. When the plans for the Manual Training High School were first drawn a gymnasium building was included, but this project was later abandoned, as the time did not then seem favorable for its erection. Within the past year renewed interest has been shown by a meeting of the Education Society, and the School Committee, the Bath House Committee and the Brookline Medical Club have all voted in favor of it. The High School gymnasiums were inadequate for the purpose, and the town has recently acquired the lot adjoining the Bath House, which would be a good place for the new gymnasium, open to the public at all hours, but also available for school purposes, and the Gymnasium and Bath House could be under the same management.”

The Citizens Committee reported that they did not think the town was prepared at that time to take positive action, and recommended the following vote, which was passed: “That a committee of five be appointed by the moderator to investigate the subject of a municipal gymnasium.” At the town meeting held in December, 1903, the committee appointed to investigate the subject made their report, recommending the erection of a gymnasium building on the lot adjoining the Bath House, to be connected with this building; that it should be ready for use in the autumn of 1905; that a building committee of three members should be appointed to prepare plans, and the Selectmen be authorized

to petition the Legislature for the necessary authority to permit the erection of the building. It was voted that the Selectmen should be so authorized, also that a building committee of five should be appointed to procure plans. This committee, which consisted of Walter Channing, James M. Codman, Jr., Mrs. Edith C. Baker, Charles W. Holtzer and James D. Casey, was the same that had been appointed to investigate the subject.

No further action was taken until the town meeting of January, 1906, when the committee just referred to offered the following vote: "That \$100,000 be appropriated to defray the expenses of erecting a municipal gymnasium." Building materials at this time advanced so rapidly that it was found that \$100,000 would be an insufficient sum for the desired purpose, and therefore at the town meeting in May a further appropriation of \$20,000 was asked for. The entire amount appropriated by the town, as will be seen, was \$120,000 for the building and equipment.

The building was begun the last week in June, 1906, and finished in January, 1908. While a number of modifications in the internal arrangements have been necessary, as well as some alterations to the exterior, the building has been finished about as originally designed for the sum appropriated.

It has been so arranged that women and girls can have the second, third and fourth stories of the main building exclusively for their own use. It was originally intended that the large room on the fourth floor should be a boxing and fencing room, but when questions of detail as to management arose, it was found that some plan to keep the sexes in different parts of the building would be to the advantage of everybody. This led to the giving up of the room for the contemplated bowling alleys in the basement, which was needed for several purposes. In it will be installed pieces of special apparatus for corrective and other work, and one end will probably be partitioned off as a boxing and fencing room.

High School Pupils.

The pupils of the High School receive instruction in physical training from their regular teachers in the building, as was intended when the Gymnasium was erected. The girls have a

locker room on the first floor, and lockers in the passageway running to the Bath House. The small gymnasium, well equipped with Swedish apparatus, furnishes an admirable place for them to exercise in. The boys come into the building by a separate entrance from the girls, and make use of the men's locker room, though it may be necessary to have their lockers moved over from the High School, as the pressure by the general public on the locker room is unexpectedly great. It will be possible for the athletic teams to make their headquarters in the Gymnasium, and to do their training for running on the running track.

General Remarks.

As far as our experience has gone, the heating and ventilation of the building have been satisfactory. The air shaft is so large that it appears to have accomplished the desired purpose: the main gymnasium, even after having been used by a large class, and the men's locker room as well, have little perceptible odor. It is proposed the coming year to empty the swimming pool each twenty-four hours and have it cleaned at night, so that every morning the bathers can begin with fresh water.

It will be noticed in the estimates that an appropriation is asked for two pianos, and \$500.00 for pianists is included among the salaries of employees. Music has been found to be not only a pleasure, but an inspiration, to those going through the exercises, and it seemed to both the Committee and the physical director that it was very desirable to make the atmosphere as bright and cheerful as possible.

It is evident that physical exercise in the form of gymnastics has come to be regarded by the public as a very important means of preserving the health, and that in a city or large town which is progressive and pays due attention to the needs of its citizens, a gymnasium and swimming bath are in the nature of a necessity. Not long ago they were regarded as non-essential, and money spent on them as little better than wasted. The experience that we are going through ourselves indicates that the public demand just such a means of taking care of their health as we are providing. Such being the case, it will be necessary for us to modify our ideas in regard to what must be spent on the care of the health, not

only by the community at large, but in schools as well. No doubt it is going to be necessary in the future to give more time in the schools than at present to physical education, and to spend more money, not only on our parks and open spaces, but also on gymnasiums and indoor facilities for physical exercise. It does not follow because we cannot estimate in dollars and cents the benefit our people are receiving, that the money spent is thrown away. No doubt, if it were possible to make such an estimate, a gain in general health and in the prevention of disease would be apparent, and even from a sordid and pecuniary point of view we should see that money expended on the Gymnasium and Bath House, physical training and education in our schools, and the medical and physical examinations of the pupils of the public schools were among the best investments the town has made.

The Committee desires to extend its thanks to the members of the Building Committee for the gift of two statues, one of an athlete, and one of an Amazon, which stand in the entrance hall, and also to Mrs. Henry S. Macomber for the gift of a large rubber plant.

In May last two of the original members of our Committee, Messrs. Oscar B. Mowry and James M. Codman, Jr., retired from the Committee. Their services have been of great value to the town. In their places Messrs. G. Loring Briggs and Michael J. O'Hearn were appointed. The physical director and the instructors in physical training give promise of making the gymnastic work not only beneficial physically, but also recreative and popular. The superintendent and the assistant superintendent, as well as the other employees of the Bath House, have been faithful and efficient in the performance of their duties since the day of its opening.

Estimate of Appropriations for 1908.

Below is presented the estimate of the appropriations needed for 1908.

Estimate of Appropriation for Maintenance.

Salaries	\$13,168 00
Medical examiners	500 00
Alterations and repairs (at Gymnasium)	600 00
Repairs (at Bath House)	500 00
Additional apparatus	500 00
Stationery and printing	250 00
Towels	100 00
Bathing suits	75 00
Telephones	75 00
Incidentals	300 00
Miscellaneous supplies	150 00
	\$16,218 00
Estimate for gymnasium suits	4,000 00
	\$20,218 00

The business of the new Gymnasium has so far exceeded the anticipations of the Committee that it has been necessary to employ one more janitor than was expected when the estimates for 1907 were prepared. Also, some extra labor probably will be necessary in the coming year. The conditions are so new, and without precedent in any city or town in the country, that the Committee must feel its way along in its endeavors to make the Gymnasium of the most use to the largest number. It is impossible to estimate accurately how much the services of the medical examiners will amount to, but a conservative estimate has been made. The large classes necessitate more apparatus than was expected, but so far the equipment in this respect has been found about what is needed in a municipal gymnasium. The gymnasium suits are bought for the convenience of the public, and of course do not in any way enter into the maintenance account.

Estimate of Appropriation for Furnishings, etc.

Two pianos and covers	\$538 65
Safe	200 00
Cash registers	700 00
Extra shower baths for men	100 00
Gratings and screens for basement	200 00
Bubble drinking fountain	75 00
Extra radiator for examination room.....	58 00
	\$1,871 65

The two pianos and covers specified in the above are a second-hand concert grand and a new upright, which were secured at a very low price, partly owing to the public spirit of the dealers. The safe is necessary for the increased business in the superintendent's office. It is the opinion of the Committee that the cash registers will not only expedite the business, but make the keeping of the accounts more simple. The extra shower baths are demanded by the large numbers of boys making use of them at once. The gratings and screens are for the protection of the basement. The other items explain themselves.

Total Estimate of Appropriation.

Maintenance	\$16,218 00
Gymnasium suits	4,000 00
Extra appropriation for furnishings, etc.	1,871 65
Grand total	<u>\$22,089 65</u>

The unprecedentedly large attendance at the Gymnasium classes explains, to a large extent, why the estimate of the appropriation asked for by the Gymnasium and Baths Committee foots up to a considerable figure. When, however, the necessary deductions of various kinds are made, it will be seen that it is reduced to a somewhat moderate sum. In the first place there is the item of gymnasium suits of \$4,000.00. The receipts from the rent of lockers and fees from non-resident members of classes will amount to at least \$500.00, possibly to twice this sum, but will be figured at only \$500.00. If the receipts from the Bath House approximate the year 1907, they will amount to about \$4,200.00. There should be deducted also from the estimated amount needed for maintenance the sum of \$742.00, which includes the wages of an extra laundress and express, items of expense made necessary by the additional laundry work done for the town departments. This is about the amount estimated the town will save on laundry. If we figure the total amount of these sums, we find that they foot up as follows:—

Cost of gymnasium suits.....	\$4,000 00
Locker rentals and fees of non-resident class members ..	500 00
Receipts from Bath House	4,200 00
Wages extra laundress, and express	742 00
	<u>\$9,442 00</u>

If we deduct \$9,442.00 from \$22,089.65 a balance is left of \$12,647.65, which, considering the amount of business carried on, both at the Gymnasium and Bath House, is a comparatively small expenditure.

Respectfully submitted,

Standing Committees.

Almshouse, Miss Train, Miss Edgerly, Messrs. Conant and Craig.

Sick Poor, Miss Edgerly and Mr. Conant.

REPORT.

The expenditures in this department have been rather greater than during the previous year, but are still considerably less than the appropriation. Whether so satisfactory a report can be made for the next twelve months, however, is doubtful, for we cannot hope to escape altogether the result of the lack of employment so generally felt throughout the country. Up to this time, though there are, no doubt, many men in Brookline out of work, none of them has yet been obliged to turn to this last resort, public relief. If the present conditions of scarcity of work continue, there will probably be greater demands made upon this department than last year.

Almshouse.

There have been several changes among those who have been cared for in the almshouse during the past year. Four of the persons now there may be considered permanent inmates, but the others have been brought there by illness or infirmities from time to time. They remain for the few weeks or months until able to work and provide for themselves, or, in town cases, until they become so helpless that it is necessary to remove them to Tewksbury, where they can receive hospital care. At present there are eight inmates, six men and two women. The number of inmates during the year has been smaller than for some years, but in spite of this fact the expense of maintenance is a little greater than last year. This is owing, in part at least, to unusual repairs and some improvements to the building.

The almshouse is still in charge of Mr. and Mrs. Estey.

Out-Door Relief.

The number of families who have received out-door relief is about the same as last year, and also the amount expended.

Among the largest items of expense, two are for the support of families where the wage earners, in one case the mother, in the other the father, have been away from home to receive treatment for tuberculosis in the Day Camp at Mattapan or in our own hospital for tubercular patients.

Sick.

The list of those who have been aided on account of sickness only is larger than last year, and the expenditure for them is proportionately larger. Of those thus aided a large proportion have been cared for in hospitals.

Children.

The town has still in its care two children who are boarded with relatives and two children at the School for the Feeble-Minded at Waverley.

District Nurse.

It has been decided to continue to employ the District Nurse in connection with the Friendly Society as formerly.

REPORT.

Maintenance.

All of the public grounds of the town, including the school-house grounds, are maintained from the Park appropriation, which was \$14,000 last year. The same amount is asked for maintenance during the coming year.

The San José scale, the gypsy and browntail moths and the elm tree beetle have continued their destructive work on trees and shrubs, and have taken a large proportion of the time of the park force to keep them under control.

In the long conflict which is sure to follow for the preservation of our trees and shrubs, the Board has arrived at the conclusion that the best results will be attained by thinning out all inferior or weak specimens so as more effectively to concentrate work upon long-lived and more worthy specimens. With this end in view a considerable area of thick woodland in the Putterham meadows has been very extensively thinned. All of the weak trees have been cut and turned into cord-wood; the best trees only have been spared. If the same idea could be carried out in all parts of the town the control of pests could be made much easier. For instance, if all the inferior elms of evidently short life or which never can become fine trees were removed, the work of saving the others from the ravages of the elm beetle would be made simpler.

The sum of \$1,000 is required for the purchase of a powerful spraying machine and the Board has included this sum in the amount asked for under the head of Construction and Extension. By the use of such a machine a much greater extent of country can be covered, and more effectively than in any other way. To the present time spraying has been done by hand, but the steady inroads of all these pests upon vegetation render some more comprehensive method necessary.

The Parkway has this year for the first time been protected by a special officer under the immediate orders of the Chief of Police. A very great improvement has resulted. Cases of gambling, intoxication and general rowdyism have been vigorously and continuously combatted and many cases have been carried to the courts. The results amply justify the action of the town in providing for the services of a special officer upon the park system. It is the aim of the Board to make all of the recreation grounds of the town perfectly safe at all times for women and children; every citizen should aid in the cause and should report promptly any unruly conduct noticed upon public grounds.

Appropriation for Construction and Extension.

Including also the appropriation of \$1,000 for a spraying machine already referred to, the Board has united several items usually entered under the head of special appropriations and requiring separate articles in the warrant for the town meeting, and has formed a single item of appropriation under the head of Construction and Extension.

Last year an appropriation of \$1,000 was made for the purpose of improving school grounds. At Longwood School, on St. Mary's street, the grounds have been regraded with a mixture of screened cinders and loam, and some minor improvements carried out. At Parsons School a brick walk with concrete foundation has been built upon the northerly side of the school and has answered its purpose so well that it is planned to continue the same treatment on the southerly approach to the school. The balance remaining from last year's appropriation, \$330.22, will revert to the treasury. The sum of \$1,200 will be required for the improvement of school grounds for the coming year. It will be necessary to build fences at Winthrop and Longwood Schools, besides completing the Parsons School work.

At Coolidge Playground the filling from the Metropolitan sewer excavation was not sufficiently advanced to finish the surfacing of the playground; the reappropriation of the balance of \$821.50 remaining from the appropriation of \$1,000 made last year will be sufficient to finish the work.

On Cypress Street Playground no work of construction has been done, owing to the impossibility of securing loam during

the past year. The balance of \$1,020.47 now remaining in the treasury will be sufficient to complete this work.

The Emerson place was acquired last year. Since that time the houses have been removed, and the grounds are now ready to be graded and made available for the public. The Town Engineer estimates that the sum of \$10,000 will be necessary to carry out the work designed by the Board, which includes the building of a low wall, the construction of paths and the grading and finishing of the surface.

For the construction of a storehouse on the land controlled by the Highway department on Stedman street, the sum of \$5,000 is required. At present the Park department has no place to store the spraying machine which it is planned to purchase, and other materials, tools and board walks. A plan for such a storage building has been made by Mr. Guy Lowell, architect. It has been estimated that, including pile foundation, \$5,000 will be required.

To repair park roads the sum of \$4,000, as estimated by the Town Engineer, has been included in the appropriation. For several years the roads in the parks have been losing their original cross section, and in many cases they are worn down so as to be almost flat from side to side. The action of automobiles running at unrestricted speed has been to hasten the process of destruction to a remarkable degree. It is deemed unwise to postpone the work of repair any longer.

Purchase of Land.

The balance of the appropriation for purchase of land for public playgrounds at the beginning of the year was \$136,397.06. The amount since expended is \$57,126.55, leaving a balance of \$79,270.51, which the Board asks may be reappropriated, as has been customary in the past.

Playgrounds.

The report of last year contained a complete history and description of all of the playgrounds owned by the town, and showed that their total area was 203.8 acres and that they had been acquired at an expense of \$616,503.10; of the latter amount \$50,000 was contributed by abutters on the Reservoir property, Boylston street. Since that report was written

two more valuable pieces of property have been acquired, viz.: the Emerson place in the heart of the village, and the Lowell Playground, so called, on Boylston street, near the Newton line.

The Emerson place on Davis avenue was the property of Mrs. Sarah C. Davis and Mrs. T. S. Arnold, children of the late Elijah C. Emerson, Esq. The land is bounded by Davis avenue, Emerson street and Waverly street, and is 800 feet from the Town Hall. It contains 88,100 square feet, or about two acres. In the early history of the town the Emerson place was distinguished for its beauty. It was one of the most attractive places in the town, and has been mentioned for several years as a desirable piece of property for the town to acquire. It is noted for the variety and beauty of the trees. Upon the land were four buildings, which were removed by the owner at the time of purchase, - June 5, 1907. The price paid was \$45,000, which was much below the real value, but the owners made some concession in view of the acquirement by the town and the assured protection of the property as a public garden.

The area is not sufficient for baseball and other games played by larger children and the land was not acquired for that purpose. It is the intention of the Board to develop it for the use of smaller children and as a recreation ground of a quieter nature. The name Emerson Garden has been given to the property. A plan has been prepared by the Town Engineer for grading the land, building walks and surrounding the whole with a low wall.

The Lowell Playground was acquired to provide a public playground for the large and growing population in the Chestnut Hill district. For several years the Board has leased a lot of land of the John Lowell estate for this purpose and until a proper site could be purchased. The land finally bought by the town on April 29, 1907, contains 242,531 square feet. The price paid was \$12,126.55. As the line between Brookline and Newton passed diagonally across the land it was necessary to change the boundary, which was done under authority of a special act of the General Court. The whole of the playground is now within the limits of the town. The land was acquired for a very reasonable price, but required grading to fit it for a baseball field.

A plan for grading was prepared by the Town Engineer and after a public canvass of bids a contract for doing the work was entered into with Signore & Santis, contractors, on May 29, 1907. The price paid for loam excavation was 34 cents per cubic yard, for earth excavation 28 cents per cubic yard, and for rock excavation \$1.75 per cubic yard. The total cost exclusive of the manuring and seeding, which was done by the maintenance force, was \$7,019.40. The original plan included the grading of one diamond only, but it was found after the appropriation by the town had been made that by a change in plan a large part of a second diamond could be graded in connection with the first.

As the Lowell Playground contains a trifle more than $5\frac{1}{2}$ acres and is of excellent shape and is bounded on two sides by highways which give free access, it is believed that this playground will prove one of the most suitable and attractive of those owned by the town.

In the following table will be found the names and costs of all of the playgrounds, with other information.

BROOKLINE PLAYGROUNDS.

FIFTY-FIRST ANNUAL REPORT
OF THE
TRUSTEES OF THE PUBLIC LIBRARY.

The Board of Trustees herewith submit their annual report to the town. In the annexed report of the Librarian will be found full details of the administration of the Library for the past year. The report of the Treasurer of the Trustees states the condition of the trust funds; and the items of expenditure for maintenance are contained in the reports of the Town Treasurer and Town Accountant.

With the steady growth of the population of the town there has been as steady a growth in the use of the Public Library. The figures given by the Librarian show an unusual increase in the issue of books for home use, and a large registration of new card-holders. The increase in the numbers of residents distant from the centre of population has made it desirable for the Library to undertake some distribution of books by means of deposit stations. Three of these are now established, the last one being at Chestnut Hill this year.

There has been a marked advance in the use of the Library on Sundays, so that it has been thought advisable to open the School Room for the younger readers.

The plans and estimates for a new Library building, which the Trustees were authorized to obtain, were submitted to the town, and fully described in the report on the articles in the warrant for the special town meeting on May 28th, 1907. The subject was then referred to a committee of seven citizens to report at the annual town meeting of 1908.

The Trustees ask for an appropriation for the maintenance of the Library during 1908 of \$21,000.

MOSES WILLIAMS,

Treasurer.

REPORT OF THE LIBRARIAN.

Brookline, Mass., February 1, 1908.

To the Trustees of the Public Library: —

The year 1907-8 has been for the Library one of active growth in many directions,—a new agency of the Library, extension of the hours of opening the children's department, large additions to the photograph collection, and the largest increase in one year in the circulation of books for home use that the Library has ever had to report.

With a registration through the year of 1610, making a total registration of 11,366 persons, we feel that the Library reaches a very large proportion of Brookline citizens.

A deposit station of the Library has been established in the drug store of Louis H. Graves at the corner of Boylston and Hammond streets, Chestnut Hill, which shows for the seven months of its existence a record of 1844 volumes circulated. There has been for several years a demand for an agency of the Library in this district, but before this year there has been no suitable place in which to establish one.

The Library is again sending deposits of books to the Friendly Society, — for its main reading room, for the room for smaller boys, and for the clubs for young women and girls. These books have been welcomed by the Society, and their use has been very satisfactory. From the reading room for smaller boys, which is open every evening, 212 books have been issued during the two months and a half of its existence.

The use of the Library on Sundays has steadily increased, to the great satisfaction of those who have had charge of the work. It seems to be known now by all that the Library is open on Sundays, and it has been particularly interesting to note the greater use of the Reference Room and of the alcoves by readers and students. It has been necessary to open a room for the children who were coming on Sundays in such

numbers to the Library as to make it imperative to provide a suitable place for them. For this purpose the School Room has been opened, as the pleasanter of the two rooms, and we find that the result is a much larger attendance of children; while in the main library the greater quiet has attracted still more of the older patrons of the Library.

I have noticed during the year an increased use of the open shelves. At almost any time of the afternoon and evening readers and students may be found enjoying the retirement of the alcoves. The Lowell Institute Courses in history and English have attracted many students from Brookline, and for their use we have set apart on tables in the back of the Library all the prescribed and much of the collateral reading in these courses. In this way the books are of use to all who need them, whereas if we allowed them to circulate a very few persons would monopolize them.

About 1700 photographs of painting, architecture, and sculpture have been added to our collection during the year. The work of selecting and ordering was done by Miss Abbot of the Wellesley College Art Museum, who was employed for a month in the summer for that purpose. Our collection now numbers about 3700 photographs, and a complete list of these is contained in the catalogue trays placed near the photograph cabinets. A classed list of the pictures serves as well for a shelf list, while an index to this which is in progress will make the whole a complete guide to the photograph collection. The Library has subscribed to the very beautiful series of colored prints of the Old Masters known as the Medici prints. One of the best examples of these, Leonardo's Last Supper, has been framed and is hung in the Reference Room. It is impossible for us here in America to get even from the best of black and white reproductions any adequate idea of the famous paintings of the old world, and these color prints are a real delight to the eye, and perhaps the best of their kind in existence. I wish that a small part of one of our funds might be set aside every year for the purchase of the best of the famous Arundel prints, which may still be bought at second hand. These colored prints if arranged in a permanent exhibit, as has been done in Boston, would be of the greatest educational value to all of us. Some attractive cheap colored prints of Palestine have been added to our

collection of Bible pictures. The circulation of pictures during the year, exclusive of those issued from the School Room, has been 1393, a gain of 544, or 64%, over last year. This gain is of course chiefly due to the large additions to our collection, — but also to the fact that we have inserted in our main card catalogue general references to the photograph collection from the names of artists, thus grouping together books and pictures on a given subject, and bringing this collection to the attention of many persons who have never before known of it.

The books in our school collection which had a peculiar classification of their own have during the year been rearranged to conform to our general juvenile classification, and much work has been necessary to bring the children's books in all parts of the Library into a uniform notation, so that in a new building the various collections may be thrown together if it then seems desirable.

The charging system in the School Reference Room was changed during the summer to the system in use in the rest of the Library, which has proved to be an excellent one, and an important time-saver.

Much attention has been given to improving the collection of books in the Children's Reading Room, and in trying to make the room as attractive as its rather gloomy outlook will permit.

Of the work for the Blind authorized by your Board it is yet too early to say much, as it is only now being started. The plan is to form the nucleus of a collection of books in raised types, but especially to persuade the adult blind of the ease with which such books may be read, and to teach them to read. Miss Jennie W. Bubier, herself blind from youth, has been engaged to start the work. Miss Bubier has had great success in her own public library of Lynn, where a room for the blind has been in existence since 1903. I have undertaken, myself, to see our blind citizens, and to tell them something of what is to be done, and ask them to help me in making the Library as essential to them as to the seeing. It is rarely known to the blind that the reading of raised type may even be learned by persons of advanced age, so as to be a real resource and pleasure, and it is necessary to explain

this fact in order to persuade such persons to make the effort to acquire the sense of touch necessary for reading.

The needed equipment has been procured, of alphabet cards, primers, slates for writing Braille, and a Braille typewriter, as well as a few books. Owing to the generous policy of many of the large libraries having books for the blind, and to the free use of the mails, books may be borrowed to any extent, so that the good work of our Library will depend on our helping the blind to read rather than in accumulating a large collection of books.

To Miss Matthews and Miss Bubier of Lynn, to Miss Wright of the Massachusetts Commission for the Blind, and to Mr. Allen of the Perkins Institution, I am much indebted for help in planning this work. To the Friendly Society of Brookline I am also indebted for cordial interest in the undertaking, and for offers of help.

I wish that I might know of every person in Brookline who could benefit by this department, those whose sight is failing as well as those who are wholly blind, — for with alphabets and primers and a little help such persons can learn at home if coming to the Library is too arduous a task, and the pleasure they may take in this new sense of touch can hardly be overestimated.

To accept a position as organizer of libraries in New York State, Miss Brown has resigned her position of assistant librarian, which she has held since January, 1906,* and this Library suffers a real loss. To the greatly increasing responsibilities of her position Miss Brown has brought uncommon natural ability and a freshness of enthusiasm for her work which makes her going from us much to be regretted. The Library has been fortunate in securing as Miss Brown's successor Miss Etheldred Abbot, who is now in charge of the Art Museum at Wellesley College. Miss Abbot is a graduate of Vassar College and of the New York State Library School, and has had experience in the Lenox Library of New York, in the Williamsburgh Branch of the Brooklyn Public Library, as well as in the Museum at Wellesley. Miss Abbot will begin her work in Brookline as soon as some one can be found to take her place at Wellesley.

The Library has lost during the year Miss Elisabeth Kins-

*Miss Brown had served as special classifier since July, 1903.

man, whose work in charge of the Children's Reading Room was especially good. During the various changes in the staff Miss Julia P. Parker and Miss Florence A. Wescott have been employed as temporary assistants.

As the question of losses of books from the open shelves still agitates the library world, I am repeating the following figures of our losses since 1898, when our alcoves were first opened to the general public, giving also the circulation of books for each year.

Year.		Loss.	Circulation.
1898		69	97,311
1899	Shelves read only once	91	104,454
1900	Total loss, 182	91	104,488
1901	Only fiction and juvenile shelves read	47	126,881
1902	Total loss, 94	47	137,044
1903		114	137,144
1904		93	146,475
1905		76	138,798
1906		84	140,666
1907		90	156,129

Of the 90 volumes missing according to our 1907 examination, 49 are from the children's department. Of this number 5 are from the School Room, where the supervision is careful and adequate; 24 are from the Children's Room, where so many children congregate at busy seasons that supervision is at times very difficult; 9 volumes are from the children's shelf in the Delivery Hall, which is too unguarded; and 11 are from the children's alcove near the Delivery Desk. Of the remaining 41 volumes, 11 were lost from the open shelves in the Delivery Hall, 9* from the deposit stations, also open shelves, and 21 from the alcoves of the main library. It is encouraging to find that our losses do not increase in proportion to our circulation, and it is also hopeful to note that the great proportion of the lost books are half worn fiction and juveniles, taken carelessly, with probably no thought of deliberate theft. There is no book among those missing which when new was of more value than \$2. Three thousand six hundred and sixty-two volumes have been added to the Library against 3,919 last year. Of these 231 were gifts, 967 were bought to replace worn copies, 2,171 were new books, and the remaining 293 were gained by binding periodi-

cals. There are now in the Library 67,030 volumes. One hundred and eighty-three titles of current fiction have been added, against 144 last year. One thousand six hundred and ten new borrowers have been registered in 1907, against 1,046 in 1906. Of this number 178 were registered through the Coolidge Corner Station, 83 through the Chestnut Hill Station, and 40 through the Boylston Station.

During the year the number of books issued for home use was 156,129, a gain of 15,463 volumes, or about 11% over last year. The table at the end of this report shows the figures of circulation in detail. The proportion of fiction circulated was 58 2-5%.

To the unremitting demands on their industry and patience the staff have responded with such good will that it has been a pleasure to work with them.

In carrying out plans, which are at times necessarily experimental, I am indebted to your Board for allowing me a freedom of action which alone can make possible the most effective work, and which, with the advice and assistance that you are always ready to give, makes the administration of this Library a constant satisfaction to the Librarian.

Respectfully submitted,

LOUISA M. HOOPER,
Librarian.

REPORT.

The Board of Health submits the following report for the year ending January 31st, 1908:—

	Recommended 1908-9.	Appropriated 1907-8.	Expended 1907-8.	Expended 1906-7.	Expended 1905-6.
Salary of Agent	\$1,000 00	\$1,000 00	\$1,000 00	\$1,000 00	\$1,000 00
Salary of San. Agt.	200 00	175 00	150 00		
Maintenance of laboratory....	2,350 00	2,300 00	2,173 94	2,059 50	1,937 12
Maint. of hospi- tal and support of patients else- where, net....	7,000 00	6,500 00	6,699 29	6,253 25	5,907 46
Inspection of milk, animals and provisions	1,550 00	1,550 00	1,548 25	1,600 66	1,407 34
Medical inspec- tion in schools and vaccination			39 42	539 68	587 40
Disinfection ...	600 00	485 00	318 08	489 29	402 51
Mosquito nuis- ance	1,000 00	1,000 00	1,008 99	647 79	495 87
Collecting ashes and rubbish..	21,000 00	17,500 00	19,663 73	16,335 99	15,323 60
Removing gar- bage	6,200 00	6,200 00	6,200 00	5,850 00	4,800 00
Printing and other expenses	600 00	625 00	166 02	245 75	295 89
	\$41,500 00	\$37,335 00	\$38,967 72	\$35,021 91	\$32,157 19
Additional appropriation	2,500 00				
		\$39,835 00			

The reports of the officers and agents of the Board which follow give full particulars of the work done in different directions, and reference to such reports is made for detailed information in the specific subjects with which they deal.

The mortality rate was 13.38 per thousand. The number of contagious diseases reported during the year was somewhat smaller than in previous years. The number of cases of tuberculosis reported was increased from 39 in 1906 to 46 in 1907, probably due to vigilance in seeking out these cases. Much has been done in perfecting health measures, which are fully explained in the report of the Agent of the Board of Health. Mention might be made of the good work being done by the Anti-Tuberculosis Society of Brookline, whose efforts to stamp out this disease should be encouraged.

The question of sanitary arrangements in Village Square has received a great deal of attention. Proper accommodations without too great an annual cost of maintenance is the principal object in view. Different projects have been presented, as well as sketches of structures which might be placed on the vacant land which will adjoin the new engine house on the east. A plan will soon be adopted, and the necessary accommodations provided.

Ashes and Rubbish.

The question of disposing of waste material has been mentioned and commented upon year after year. As available dumping places diminish in number, the expense of moving waste becomes greater, and the amount to be disposed of is also constantly increasing. The question of more economical methods is a difficult one and has not yet been solved, but is continually receiving the attention of the different departments interested. It is contemplated that this work will cost about \$21,000 during the coming year.

Mosquitos.

Mosquito extermination has been carried on as in former years, but more extensively. The appropriation of \$1,000 has all been expended. The same amount has been included in the health appropriation for this work the current year.

Contagious Hospital.

For full information as to cases at the contagious hospital, reference may be made to the report of the Superintendent.

Licenses.

Attention is called to the following Orders of the Board of Health, and circular letter containing extracts from recent legislation regarding contagious diseases.

WILLIAM CRAIG,
NATHANIEL CONANT,
HORACE JAMES,
JOHN A. CURTIN,
PHILIP S. PARKER,

Board of Health.

ORDERS OF THE BOARD OF HEALTH.

1. *Ordered*, a. That no child be allowed to attend school from any household in which there is or has been a case of scarlet fever, for a period of six weeks from the commencement of the last case in the household (except as provided in section "d" of this order) and until a certificate has been presented from the attending physician, the Board of Health, or its Agent, that all danger of conveying the disease by such child is passed.

b. That no child who has visited a house in which there was at the time a case of scarlet fever shall attend school until the expiration of two weeks following exposure, unless he has already had that disease.

c. That no child who has diphtheria be allowed to attend school for a period of one week from the date of the second successive negative bacteriological culture from both nose and throat (except as provided under section "d" of this order) and until a certificate has been presented from the attending physician that all danger of conveying the disease by such child is passed; and that no well child be allowed to attend school from any household in which there is or has been a case of diphtheria until the same precautions have been taken, with the exception that but one negative bacteriological culture from both nose and throat is required.

d. That the Agent of the Board of Health may, if circumstances warrant (for example, removal of the patient to hospital), give to children not infected in a household in which there is or has been scarlet fever or diphtheria, a special permit to return to school as soon as he considers it safe for them to do so.

e. That no child from any house where there is a case of scarlet fever or diphtheria shall be allowed to mingle with persons from any other house until after the removal, recovery, or death of the patient and the disinfection of the premises.

f. That every house infected with diphtheria, scarlet fever, or small-pox shall have affixed on or near the front door a card, furnished by the Board of Health, stating the disease to be avoided; and any unauthorized person removing such a card shall be liable to a fine not exceeding one hundred dollars.

2. *Ordered*, That no child who has chicken-pox or German measles be allowed to attend school until a period of two weeks has elapsed from the first appearance of the eruption.

3. *Ordered*, That no child found to be ill with consumption, and a menace to the health of others, be allowed to continue in school.

4. *Ordered*, That no child who has mumps be allowed to attend school until a period of three weeks has elapsed from the first signs or symptoms of the disease.

5. *Ordered*, That no child who has measles be allowed to attend school until a period of two weeks has elapsed from the first appearance of the eruption; and that no child in a household in which there is a case of measles shall be allowed to attend school within two weeks from the appearance of the rash in the last case in such household, without a certificate from the parent stating that such child has already had the disease.

6. *Ordered*, That no child with whooping-cough be allowed to attend school until a period of eight weeks has elapsed from the beginning of the cough; and that no child in a household in which there is a case of whooping-cough shall be allowed to attend school within eight weeks from the beginning of the cough in the last case in such household, without a certificate from the parent stating that such child has already had the disease.

7. *Ordered*, That no child be allowed to attend school from any household in which there is or has been a case of cerebro-spinal meningitis, until a certificate has been presented from the Board of Health or its Agent.

8. *Ordered*, That such rooms and such articles in any house, as in the opinion of the Board of Health have been subjected to infection or contagion from smallpox, scarlet fever, diphtheria, cerebro-spinal meningitis, or consumption, shall be disinfected by the Board. The attending physician or the Agent of the Board of Health shall decide in each case as to the proper time for disinfecting, and shall then notify the Board; but in no case of scarlet fever shall disinfection be done in less than four weeks from the commencement of the last case in the household (except by special permit of the Agent of the Board); and in diphtheria disinfection shall not be done until after at least two successive negative bacteriological cultures from both nose and throat have been obtained; and in all cases a certificate of the attending physician shall be required, stating that all danger of infection from the patient is passed; said certificate in case of diphtheria to be based on the result of bacteriological examinations as above prescribed. Disinfection by the Board shall also be done in every case after a death from consumption, and after the removal of a consumptive patient, whenever in the opinion of the attending physician or of the Agent of the Board, disinfection is necessary.

9. *Ordered*, That no public funeral shall be held over the remains of any person who has died of smallpox, scarlet fever, diphtheria, or cerebro-spinal meningitis without the written permit of the Board of Health, and under such regulations as may prevent the spread of either of said diseases. *Ordered*; further, that the remains of any person who has died from either of said diseases shall at once be placed in a tight or sealed coffin, and shall not thereafter be exposed to view or disturbed except for burial.

10. *Ordered*, That the undertakers of the town be notified to warn families, in the case of the death of a member from contagious disease, against a public funeral.

11. *Ordered*, That no person infected with diphtheria, membranous croup, or scarlet fever, shall leave the Board of Health Hospital until the Board of Health or its Agent shall find and certify that all danger of communicating such disease has passed.

12. *Ordered*, That no person other than patients, physicians, and nurses shall enter the Board of Health Hospital, except with the special permission of the Board, or of its Agent.

13. *Ordered*, That visiting the grounds of the Board of Health Hospital shall be allowed daily between the hours of 2 and 3 P. M. only, except with the special permission of the Agent of the Board; but in no case shall children be allowed to visit the premises.

14. *Ordered*, That no article of food be sent to the patients in the Board of Health Hospital excepting fruit, which must be left with the nurse in charge.

15. *Ordered*, That in the case of death where the deceased had not been attended by a practising physician, the certificate of death shall be issued by the Medical Examiner.

16. *Ordered*, That no dead body of any person shall be carried to any cemetery, or from one place to another within the town, in any public vehicle other than a hearse or undertaker's wagon provided for that purpose.

17. *Ordered*, That the use of "wall draperies" in any room or place used for a funeral or for the preparation or retention of any human body before or in connection with such funeral, be and the same is hereby forbidden.

18. *Ordered*, That no person shall spit upon the floor of any public conveyance, shop, store, hall, church, school-house, railroad station, or other public building in said town, or upon the steps of any of said conveyances or buildings, or upon the sidewalk (spitting into the gutter or street is not forbidden) of any public way of said town.

19. *Ordered*, That no person or corporation shall keep or allow to be kept upon any premises in his or its possession, within the limits of

this town, any swine or more than one cow, without securing a permit from the Board of Health to do so. Such permit shall expire on the first day of May, annually.

20. *Ordered*, That no person or corporation shall use any building as a stable for cows, unless such building is properly lighted and ventilated; has a tight floor and roof; good drainage, connecting wherever practicable with the public sewer; a supply of pure water, and not less than one thousand cubic feet of air space for each animal.

21. *Ordered*, That manure shall not be allowed to accumulate in the neighborhood of barns, and that no manure heap shall be allowed within 100 feet of any dwelling unless so covered as not to prove offensive. Yards surrounding buildings where cows are kept must be well drained and free from standing water and filth. The barns shall be kept as clean as possible, and the floor shall be sprinkled before being swept.

22. *Ordered*, That neither hogs nor manure shall be kept in cellars of cow stables, except by special permit of the Board of Health.

23. *Ordered*, That animals kept for the production of milk shall not be fed upon swill.

24. *Ordered*, That a person having any infectious disease (the Board considers consumption to come within the meaning of the statutes in regard to infectious diseases), or having recently been in contact with any such person, shall not be allowed to milk cows or handle cans, measures or other vessels used for milk intended for sale, or in any way take part or assist in the sale of the same, until the Board of Health is satisfied that all danger of communicating such disease is past.

25. *Ordered*, That the milk cans or jars of milk dealers shall not be left at any house in which there is a case of diphtheria, scarlet fever, or smallpox, but the milk shall be poured into receptacles furnished by the customer.

26. *Ordered*, The premises where cattle are kept shall be open at all times to inspection by the Board of Health, or its appointed officer.

27. *Ordered*, That upon satisfactory evidence being furnished to the Board of Health of violation of any of the above regulations, the permit will be revoked.

28. *Ordered*, That any person having reason to suspect the presence of glanders and farcy among horses shall immediately report that suspicion, together with the street and number of the premises at which the animal is kept, to the Board of Health, when the Veterinary Inspector will at once examine the animal. (The more ordinary symptoms of glanders and farcy are: A discharge from the nostrils, enlargement and hardness of the glands under the lower jaw; or nodular enlargement of the skin with or without ulceration.)

29. *Ordered*, That no vault or cesspool shall be emptied by any other than the odorless process, nor by carts not of the Odorless Excavating Company, except permission be first obtained from the Chief of Police. It is further ordered that neither night-soil nor the contents of cesspools shall be dumped within the limits of the town.

30. *Ordered*, That the manure from livery stables shall not be removed between the hours of sunrise and sunset.

31. *Ordered*, That all householders be required to keep the waste material set out by them for removal by the town in separate receptacles.

(1) One or more of such receptacles shall be used exclusively for garbage or swill and shall have tight-fitting covers. (An old pork barrel, beer keg, or lead cask makes an excellent swill barrel and may advantageously be kept in a tight garbage locker.)

(2) A second receptacle or receptacles, preferably made of iron, shall be used exclusively for ashes, tin cans, bottles, and other incombustible waste.

(3) A third separate set of receptacles shall be used exclusively for dry combustible waste, such as paper, old shoes, house sweepings, and

such other waste material as it is customary for the Health Department to remove.

32. *Ordered*, That no person shall overhaul the contents of receptacles for waste material set upon the sidewalks to be removed by the town.

33. *Ordered*, That no person shall throw upon the sidewalk, or into any public street or catch-basin, any paper, tin can, house sweepings, lawn rakings, old shoes, orange peel, banana skin, dead animal or other waste material.

34. *Ordered*, That all barber shops, together with all furniture, shall be kept in a cleanly and sanitary condition. Mugs, shaving brushes, razors, scissors, clipping machines, pincers, needles and other steel instruments shall be sterilized either by immersion in boiling water or in alcohol of at least sixty per cent strength, after each separate use. Combs shall be thoroughly cleaned with soapsuds and a brush after each separate use. A separate clean towel shall be used for each person. Alum or other material used to stop the flow of blood shall be applied only on a towel or other clean cloth. The use of powder puffs and of sponges is prohibited, except that a sponge owned by a customer may be used on him. Every barber shop shall be kept well ventilated and provided with running hot and cold water. No person shall be allowed to use any barber shop as a sleeping room. Every barber shall thoroughly cleanse his hands immediately before serving each customer. Every barber shop shall be inspected at least twice annually by the Sanitary Agent of the Board. A copy of this order shall be kept posted in plain view in every barber shop.

CIRCULAR LETTER.

Town of Brookline.—Board of Health.

To the Physicians of Brookline:—

Gentlemen, — Your attention is called to the fact that sections 49 and 50 of chapter 75 of the Revised Laws, as amended by chapter 251 of the Acts of the year 1905, and section 52 of chapter 75 of the Revised Laws, have been amended by chapter 480 of the Acts of the year 1907, so that the same now read as follows:—

Section 49. A householder who knows that a person in his family or house is sick of smallpox, diphtheria, scarlet fever or any other infectious or contagious disease declared by the state board of health to be dangerous to the public health shall forthwith give notice thereof to the board of health of the city or town in which he dwells. Upon the death, recovery or removal of such person, the householder shall disinfect to the satisfaction of the board such rooms of his house and articles therein as, in the opinion of the board, have been exposed to infection or contagion. Should one or both eyes of an infant become inflamed, swollen and red, and show an unnatural discharge at any time within two weeks after its birth, it shall be the duty of the nurse, relative or other attendant having charge of such infant to report in writing within six hours thereafter, to the board of health of a city or town in which the parents of the infant reside, the fact that such inflammation, swelling and redness of the eyes and unnatural discharge exist. On receipt of such report, or of notice of the same symptoms given by a physician as provided by the following section, the board of health shall take such immediate action as it may deem necessary in order that blindness may be prevented. Whoever violates the provisions of this section shall be punished by a fine of not more than one hundred dollars.

Section 50. If a physician knows that a person whom he is called to visit is infected with smallpox, diphtheria, scarlet fever or any other disease declared by the state board of health to be dangerous to the

public health, or if one or both eyes of an infant whom or whose mother he is called to visit become inflamed, swollen and red, and show an unnatural discharge within two weeks after the birth of such infant, he shall immediately give notice thereof in writing over his own signature to the selectmen or board of health of the town; and if he refuses or neglects to give such notice, he shall forfeit not less than fifty nor more than two hundred dollars for each offence.

Section 52. If the board of health of a city or town has had notice of a case of smallpox, diphtheria, scarlet fever or any other disease declared by the state board of health to be dangerous to the public health therein, it shall within twenty-four hours thereafter give notice thereof to the state board of health stating the name and the location of the patient so afflicted, and the secretary thereof shall forthwith transmit a copy of such notice to the state board of charity.

At a meeting of the State Board of Health held August 1, 1907, the following diseases were declared to be "dangerous to the public health," and hence notifiable under the provisions of the above sections:—

Actinomycosis,	Smallpox,
Asiatic cholera,	Tetanus,
Cerebro-spinal meningitis,	Trichinosis,
Diphtheria,	Tuberculosis,
Glanders,	Typhoid fever,
Leprosy,	Typhus fever,
Malignant pustule,	Varicella,
Measles,	Whooping-cough,
Scarlet fever,	Yellow fever.

All cases of the above-named diseases are, in future, to be reported.

By order of the Board,

EDWARD A. McETTRICK,

Brookline, Mass., August 26, 1907.

Clerk.

REPORT OF AGENT OF THE BOARD OF HEALTH.

Office of the Board of Health,
Brookline, Mass., January 31st, 1908.

To the Honorable Board of Health:—

Gentlemen,—I have the honor to submit the following report for the year ending January 31st, 1908.*

Mortality.

During the fiscal year there were 2 deaths from diphtheria, 2 from scarlet fever, 1 from whooping-cough, and 33 from tuberculosis. There was 1 death from typhoid fever and none from cerebro-spinal meningitis. Among the deaths from other diseases 28 were reported from pneumonia and 31 from cancer. The number of deaths from all causes, of Brookline residents during the fiscal year, including the number of residents (76) who died away from home, and deducting the number of stillbirths (19), was 348. This number of deaths with an estimated* population of 26,000, gives a mortality of 13.38 per 1,000 inhabitants, as against 13.76 in 1906.

Infectious Diseases.

During the year there were reported to the Board 35 cases of diphtheria, 47 cases of scarlet fever, 16 cases of typhoid fever, 7 cases of malarial fever, 43 cases of measles, 24 cases of chickenpox, 46 cases of tuberculosis, and 1 case of cerebro-spinal meningitis, occurring as follows:—

	Diphtheria.	Scarlet Fever.	Typhoid Fever.	Malarial Fever.	Measles.	Smallpox.	Tubercu- losis.	Cerebro-Spi- nal Men'g's.	Chickenpox.

* Estimate of the Town Clerk.

The following table shows the number of cases of diphtheria, scarlet fever, and typhoid fever reported during the last eight years, and the number of cases of tuberculosis reported since notification was first required in March, 1902.

From 1902 to 1906, inclusive, only pulmonary and laryngeal forms of tuberculosis were required to be reported, but in 1907 the Public Statutes required the reporting of the other forms also, *e. g.*, tubercular meningitis.

	Diphtheria.	Scarlet Fever.	Typhoid Fever.	Tuberculosis.
1900	247	29	16	
1901	158	27	26	
1902	64	61	20	20
1903	55	54	17	27
1904	33	29	21	32
1905	40	66	14	21
1906	50	80	30	39
1907	35	47	16	46

Diphtheria.

The number of cases of diphtheria (35) the past year was 15 less than during the previous year; in no month of the year did the number of cases reported exceed 6. Fourteen were admitted to the Board of Health Hospital.

Scarlet Fever.

The number of cases of scarlet fever (47) was 33 less than that of the previous year. The largest number reported in any one month was 9. Thirty-three were admitted to the hospital.

Typhoid Fever.

The number of typhoid fever cases (16) was the smallest, with one exception, reported since 1900. In September the largest number in one month, 4, was reported. A number of these patients, as in other years, contracted their illness away from home.

Tuberculosis.

The number of cases of this disease reported during the year was 46, an increase of 7 over that of the previous year.

This increase is partly accounted for by the recent requirement of the Public Statutes that not only pulmonary and laryngeal forms of this disease but that the other forms also shall be reported.

This number of new cases of tuberculosis and the 33 deaths reported in the same period should impress on all thoughtful

citizens the need of intelligent, determined efforts, on the part of all concerned, to eradicate this common and dangerous, but curable and preventable disease, from our midst.

During 1907, and the same is true for many preceding years, the deaths in Brookline from tuberculosis have far exceeded the sum total of the deaths from diphtheria, scarlet fever, measles, typhoid fever, whooping-cough, cerebro-spinal meningitis and smallpox.

Every effort, therefore, should be made to promote among all our people a thorough understanding of the nature, causes and prevention of tuberculosis. A thorough and continuous study of actual conditions of living in the poorer districts of the town by representatives of our health department, a measure already in successful practice in Yonkers, N. Y., and elsewhere, is absolutely necessary in order to discover and prevent many of the conditions predisposing to this and other preventable diseases. At present there is no regular sanitary inspection of dwellings or of conditions of living in any part of the town. The sanitary inspection, now made only when there is an outbreak of disease, or on special complaint of a nuisance, is far from adequate protection.

The general awakening to the need of more protection against tuberculosis, and the recognition of the practical value and success of recent methods of preventing and of curing the disease, has resulted the past year in the formation of the Brookline Anti-Tuberculosis Society, which now has a membership of about 200. The society is directing its efforts to helping secure proper care of needy tuberculosis patients in sanatoria and hospitals where possible, and in other cases to insure proper care of such patients in their homes; to educating our citizens as to the causes and prevention of the disease; to aiding persons recently cured of tuberculosis or relieved from its active symptoms to secure suitable employment; and finally to aid our health department in any way it can to prevent tuberculosis, by far the most important of the preventable diseases it has to deal with.

The society recently gave an eight-day "Tuberculosis Exhibit," in the course of which a number of public meetings were held, addresses were given, stereopticon illustrations were shown, and much real interest was aroused. The total attendance was nearly 3,000.

In the opinion of the writer, the securing of systematic inspection of tenements and other dwellings, as in other places, and thus securing reliable information as to living conditions, is the first measure that should receive the serious consideration of the Health department and of the local anti-tuberculosis society.

Smallpox.

No smallpox cases were reported during the year, but protection against this disease by vaccination, especially of infants and school children, as provided by law, has been attended to. The vaccine produced and furnished free by the State Board of Health continues to give most satisfactory results.

Measles and Chickenpox.

Measles was somewhat prevalent; there were reported during the year 43 cases and no deaths.

Chickenpox also prevailed to some extent, 24 cases being reported.

Malarial Fever and Mosquitos.

The number of cases of malarial fever reported to the Board was 7, as against 4 the previous year.

During the summer and fall of 1906 there was considerable annoyance at times from the unusual prevalence of mosquitos, the weather conditions being especially favorable for their rapid breeding. The measures for the control of this mosquito nuisance and of malarial fever the past few years, though far better than none, had never, in the writer's opinion, been at all adequate in extent for a town of the large area, population and physical conditions of Brookline. It was not surprising, therefore, that an increased appropriation for this purpose was petitioned for by a large number of citizens, including practically all the physicians, and was voted at the annual town meeting, to which the Board of Health referred the matter. An additional reason for more protection against malarial fever, a mosquito-borne disease, was the fact that during the season of 1907 the Metropolitan sewer was to be put through the town and also that the new public playground at Chestnut Hill was to be laid out, both plans involving the presence in the town of large numbers of Italian laborers, many of whom would be almost sure to be chronically infected with malaria and conse-

quently a menace to the public health if mosquitos to transmit malaria should be at all abundant.

In view of these circumstances, \$1,000.00 was appropriated and expended in 1907 in a carefully planned campaign along the lines of the work of the past few years. Mr. Nyhen, who had immediate charge and direction of this work, has made a special report to the Board. The greater freedom from the mosquito nuisance the past season has been frequently remarked, and the very slight prevalence of malarial fever during the summer and fall was worthy of note.

Leprosy.

During the past year two temporary residents of the town, who had suffered for some time from an obscure disease of the skin, were found to have leprosy. These patients came from the same part of Russia, and there was no evidence showing that the disease was contracted here. Every reasonable precaution was promptly taken by all concerned, and as this disease is only about one-tenth as infectious as tuberculosis, it is not probable that any new cases have arisen from these two patients, both of whom are now comfortably provided for at the State hospital on Penikese Island.

Rabies.

Rabies was more prevalent than usual in the town the past year, a cat and a number of dogs suffering from it. Fortunately only two persons (so far as known) were bitten by animals found on autopsy to have had rabies. These persons were given the Pasteur preventive treatment.

Ophthalmia of the New Born.

By direction of the State Board of Health all cases of this disease are now required to be reported to the local Board of Health, since the disease is very liable to be communicable and of so virulent a nature as frequently to cause blindness if not promptly and properly treated. In view of the great importance of an early and correct diagnosis in these cases, best made by the bacteriological test, the writer strongly recommends that such examination, made free at our Board of Health laboratory, be availed of in every instance.

Medical Inspection of School Children.

Under the operation of the State law passed May 20, 1906, in regard to medical inspection of school children in towns, the School Committee took over this work from the Board of Health and made the necessary appropriation therefor. The Committee appointed the writer Chief Medical Inspector of school pupils and appointed the same physicians Medical Inspectors who served the previous year; it also made an appropriation for examinations of public school pupils by specialists.

Arrangements were made and carried out for these examinations, namely of the teeth, throats, noses and ears of the pupils of the Lincoln, Parsons and Winthrop Schools. The reports of these examinations will be found appended to that of the School Committee and deserve a careful reading. The State law of 1906 requires the testing by the teachers, once a year, of the vision and hearing of all the pupils in the public schools, and notification of parents if defects are found that require further examination; this was attended to and a great deal of relief for the children was thus given. The work of the teachers and medical inspectors would be made much more effective if a few competent school nurses were provided, as in Boston, and the appointment of one school nurse has recently been recommended to the School Committee by the writer.

The Board of Health Hospital.

During 1907, 114 patients were cared for in the Board of Health Hospital on Newton street. There were but two deaths there; one was from tuberculosis, the other from scarlet fever. For further account of the hospital, see report of the Board of Health Hospital.

The Dust Nuisance.

The past two or three years, owing to the increasing number of electric cars and automobiles our streets have become more and more a source of great annoyance and at times a real menace to health by reason of the clouds of dust raised by the peculiar construction and rapid motion of the above mentioned vehicles. Over a year ago the Brookline Medical Society passed resolutions on the subject and appointed a committee to confer with the Board of Health as to measures for relief

from this dust nuisance, which in windy, dry weather, in spite of frequent street watering, is an undoubted factor in causing irritation and inflammation of the respiratory passages, and predisposes to serious disease of the lungs. In view of these facts, the Superintendent of the Street department was authorized to do more sprinkling and also to conduct certain experiments in methods of dust prevention. These were made with a 7% solution of calcium chloride on Kennard road and elsewhere in the town the past season, and on a portion of Boylston street and elsewhere with an oil compound.

The Superintendent of Streets, the Town Engineer and the Agent of the Board of Health were requested to observe the results of these trials and to report on the safety, effectiveness and general merit of these methods. The writer was requested to give his special attention to the calcium chloride treatment, which he observed carefully throughout the season, made two special reports on it, and which, he can certify, when properly carried out is effective, safe, and free from odor or other unpleasant feature.

The experience in St. Paul, Minn., is said to have proven this method equally successful in open winter weather. A much more extended application the coming season the writer firmly believes would demonstrate conclusively the great advantages of this method over the ordinary one.

The Need and Opportunity to Promote the General Health.

Much has been done already, but the opportunity is here to do much more. More citizens of the town should take a part, and an active one, in measures that will bring more air and sunlight into the homes of working people; that will give them the hours of work and the rewards of labor that will enable them to live decently and healthfully; that will lessen intemperance; that will give each child the chance to develop into sturdy manhood or womanhood,—every measure, in short, that makes for a higher standard of living.

The past year has been somewhat memorable in local public health matters in a number of ways. No great epidemic has visited the town, but certain measures long looked for by friends of improved health conditions have materialized and certain other important measures promise soon to be.

The Municipal Gymnasium is now well established and there is evidence that it will mean in the life of the town what its

friends have expected of it; the regrettable conditions in Village Square, where for the past few years life and limb were frequently endangered, and where the sanitary conditions were in certain respects most deplorable, are now rapidly disappearing; all public school pupils are now to have adequate supervision by specialists in order to save them from preventable deafness, eye-strain, decay of teeth, nervousness, obstructed respiration, factors that favor mental and moral impairment; and lastly more of our people are awakening to the need of fundamental, systematic and persistent efforts to stamp out tuberculosis.

Acknowledgments.

In closing the writer wishes to thank the town officials, the physicians, and the many other citizens who have in various ways assisted him in his work.

Respectfully submitted,

H. LINCOLN CHASE, M. D.,

Agent Board of Health.

REPORT OF THE SUPERINTENDENT OF BOARD OF HEALTH HOSPITAL.

Brookline, Mass., January 31st, 1908.

To the Honorable Board of Health:—

Gentlemen, — I have the honor to submit the following report for the fiscal year ending January 31st, 1908.

The total number of patients admitted during the year was 84. This number, with the 30 patients remaining in the hospital at the beginning of the fiscal year, made the entire number cared for 114. The hospital was closed from August 14th to October 1st.

The following table shows the number of patients admitted to the hospital each month:—

1907.	
February	11
March.....	9
April.....	7
May	7
June	11
July	2
August	0
September	0
October	8
November	3
December	6
1908.	
January	20
	84

The number of Brookline resident patients admitted was 52, and of non-resident patients 32. Of the 84 patients admitted, 6 were private-room patients. There are now in the hospital, January 31st, 23 patients.

During the year one death occurred from consumption and one from scarlet fever. There were no deaths from diphtheria at the hospital, nor any cases of "cross-infection."

The following table gives the principal statistics as to the patients:—

Patients in hospital February 1, 1907	30
Diphtheria patients admitted during fiscal year	22
Scarlet fever patients admitted during fiscal year	57
Tuberculosis patients admitted during fiscal year	5
Resident patients admitted during fiscal year	52
Non-resident patients admitted during fiscal year	32
Men patients admitted during fiscal year	9
Women patients admitted during fiscal year	15
Boy patients admitted during fiscal year	27
Girl patients admitted during fiscal year	29
Patients treated during fiscal year	114
Days of treatment given	2,995
Patients remaining in hospital January 31, 1908	23

The total cost of maintenance of the hospital the past year, including all expenses,* was \$10,770.20, or an average cost of \$25.17 per week per patient. Deducting the reimbursements already received from paying patients, \$4,972.77, the net cost to the town was \$5,797.43, or \$13.55 per week per patient, and this amount will be still further reduced by some payments still due. All ward patients from Boston and other cities and towns have had their board guaranteed by their respective Boards of Health, and the other non-resident patients have all paid their bills in full. The appropriation made by the town for maintenance of the hospital and for any Brookline patients that might be cared for in any other contagious hospital was \$6,500.00.

As in the previous year, a number of Boston patients were admitted under a special arrangement with their Board of Health in a time of special need and when the situation in Brookline justified such action.

In a few very critical cases Dr. John H. McCollom has been called in consultation, and in a case of ear complication Dr. Frederick L. Jack was called. Dr. Francis P. Denny occasionally attended at the hospital when the writer was unable to do so.

The nursing has been satisfactorily done by Miss Martha W. Meek, the resident nurse, assisted by nurses from the New England Deaconess Hospital and other nurses. The past year none of the nurses or other employees at the hospital contracted any infectious disease.

* This includes cost of painting and repairs, \$1,607.73.

During the summer the wooden building originally used for diphtheria patients was considerably altered and a good heating plant was put in, thus making it serviceable for the comfortable accommodation of from 10 to 15 patients in time of need. There were also repairs and repainting of portions of the newer buildings during the summer.

The building for tuberculosis patients who cannot be admitted to the State sanatorium at Rutland has proved very useful for the care and isolation of this unfortunate class, and at present five young men, all from tenement homes, are cared for in it. Facilities for out-door treatment, "head-tents" for out-door sleeping for suitable cases, and other measures to secure comfort, prevent re-infection and promote recovery where possible, are employed.

During the year the hospital has had gifts of flowers, books and toys, and a new lot of records for the pianola, for which the writer and all others connected with the hospital are very grateful.

In closing the writer takes this opportunity to express his appreciation of the cordial support of the members of the Board, and of its bacteriologist; also of several other physicians, of many parents of patients, and of the officials and employees in the various positions at the hospital.

Respectfully submitted,

H. LINCOLN CHASE,
*Superintendent and Visiting Physician,
Board of Health Hospital.*

REPORT OF THE BACTERIOLOGIST.

Brookline, Mass., February 1st, 1908.

To the Board of Health: —

Gentlemen, — I have the honor to submit the following report for the year ending January 31st, 1908.

The routine work of the laboratory has been of the same character as during the preceding years. It has consisted of —

- (1) The examination of cultures and swabs from suspected cases of diphtheria;
- (2) The examination of sputum for the early detection of cases of pulmonary tuberculosis;
- (3) The test for the presence of the typhoid, or so-called Widal's reaction;
- (4) The examination of blood for the presence of the *plasmodium malariae*.

All of the above examinations are made without charge for residents of Brookline. The necessary outfits for the use of physicians are kept at the following drug-stores: At Young & Brown's, Harvard square; at Hayman's, corner of Beacon and Harvard streets; at Gilcreas', corner Beacon and Washington streets; at Graves', corner Boylston and Hammond streets, Chestnut Hill. Outfits which have been used must be brought directly to the laboratory, on week-days 8 a. m. to 5 p. m., or to Young & Brown's drug-store, Harvard square, daily 8 a. m. to 9 p. m., or to Hayman's and Graves', 8 a. m. to 6 p. m. To secure the best results cultures should be sent directly to the laboratory as early in the day as possible.

For a small fee, analyses of urine and other microscopical and chemical examinations which aid in the diagnosis of non-contagious diseases are made for the physicians of the town. Bacterial vaccines are also prepared.

Diphtheria.

There have been 775 cultures and swabs examined. Of these, 405 were cultures for diagnosis from 329 persons who were suspected to have diphtheria: 31 were positive. There were 320 cultures for release from quarantine.

Swab Examinations. In order to secure an earlier diagnosis of some cases of diphtheria than is possible by means of cultures which are incubated for twelve hours, the laboratory now offers to make examinations directly from cotton swabs which have been wiped over suspected areas of the throat. On week-days, when requested, the laboratory will make these swab examinations, provided the outfits are brought directly to the laboratory before 4 p. m., except on Saturdays, when they must be brought in before 12 m. No swab examinations are made on Sundays or holidays. Fifty swab examinations have been made during the past year, eight of these being positive.

Tuberculosis.

There were 169 specimens of sputum examined for the presence of the bacilli of tuberculosis, 34 with positive result.

Typhoid Fever.

Seventy-six tests were made for the presence of the typhoid fever or Widal reaction, with specimens of dried blood from 67 persons who had symptoms suggestive of typhoid fever. The reaction was present in 9 of these.

Malaria.

Thirty-two specimens of blood were sent to the laboratory for examination for the presence of the *plasmodium malariae*. In six of these the malarial organisms were found. This test would undoubtedly have been more frequently resorted to, had it not been for the work of the Board in exterminating the anopheles mosquito.

Ophthalmia Neonatorum.

The laboratory now offers to examine, free of charge, smears from the eyes of infants suspected of having this disease. The malarial outfits may be used for this purpose. One such examination was made during the past year in which the gonococci were found.

Bacterial Vaccines.

In response to the requests of physicians the laboratory is now prepared to make vaccines according to Wright's method from cultures sent in by physicians or from stock cultures. A moderate fee will be charged for such work.

Summary.

The following table shows the routine bacteriological examinations that have been made in the laboratory during the past six years: —

	1902.	1903.	1904.	1905.	1906.	1907.
Cultures and swabs	775	777	643	732	760	775
Sputum	110	116	118	148	154	169
Typhoid tests	56	58	58	72	79	76
Malaria	10	18	26	27	28	32
Ophthalmia neonatorum..						1
	951	969	845	979	1,021	1,053

In addition to the above mentioned routine work, examinations of various kinds are made for physicians, who frequently visit the laboratory to see for themselves the results of the examinations.

The laboratory is called upon more and more each year by citizens for information and advice on questions of hygiene and sanitation, and especially in regard to the danger of contagion in different cases and the need of disinfection.

The work of exterminating mosquitos is supervised by Mr. Nyhen, the Assistant Bacteriologist, from the laboratory.

Mr. Nyhen has also made a large number of tests of the air in the rooms of the Brookline Public Schools. There were 200 tests made of the amount of carbon dioxide (CO₂) in the air, and 178 tests of the humidity. The results of these examinations were reported to Dr. Chase, the Chief Medical Inspector of Schools.

The writer would again bring to the attention of the Board the question of making bacteriological examinations of milk in our laboratory, and would renew the recommendation made in the last year's report.

Respectfully submitted,

FRANCIS P. DENNY,

Bacteriologist.

REPORT OF THE SANITARY AGENT.

Brookline, Mass., January 31st, 1908.

To the Board of Health:—

Gentlemen,—I have the honor to submit the following report for the year ending January 31st, 1908.

All complaints of nuisances and other unhealthful conditions have received the same attention as in previous years; each case has been investigated and the cause of same removed or remedied to the satisfaction of those concerned in almost every instance. In most of the complaints brought to my attention during the past year, through your Honorable Board or otherwise, householders have shown a willingness to carry out the orders of the Board relating to sanitary improvements. In some instances, however, frequent urging has been necessary to secure the correction of undesirable conditions.

The number of nuisances and complaints investigated by this department during the year was 119, as against 112 in 1906.

The following summary shows the number and character of the nuisances and complaints investigated and corrected under the Board's direction during the year:—

	No. of Complaints.	No. of Inspections.
Premises unusually untidy	27	76
Stables offensive	16	40
Drainage defective	13	40
Offensive odors in and about buildings	12	16
Garbage lockers offensive	8	8
Water closets defective	8	19
Privies offensive	7	17
Poor land drainage	4	11
Cellars very untidy	4	6
Overflowing cesspools	4	6
Henneries offensive	4	5
Smoke and cinder nuisance	2	6
Miscellaneous	10	23
Totals	119	273

Early in May the usual general inspection was made of the cellars and yards in the more populous parts of the town. These investigations resulted in the cleaning up of the miscellaneous rubbish usually accumulated in these districts during the winter months. Householders were requested to gather up this refuse and put it into barrels to facilitate removal. This was done in most instances, and much credit is due the Street Department for their promptness in removing these accumulations.

As may be seen from the foregoing record, stables to the number of sixteen have been complained of during the past year; this is three less than in the previous year. Minor changes were made in the construction of three of these stables, and in the case of most of the others the cause of complaint was a neglect of cleanliness, such as worn out and saturated floors, offensive manure pits, and the accumulation of manure and decaying rubbish in too great quantity in and about the premises.

In accordance with the Sanitary Rules adopted by the Board of Health in August, 1906, for the regulation of barber shops, all such shops in the town have been inspected twice during the year, and several of the shops much oftener. No special untidiness or uncleanliness was found in any of the shops. All of the shopkeepers claimed to be doing their utmost to prevent the spread of communicable disease, and to keep their shops and equipment clean and sanitary.

In accordance with the public statutes, the five bakeries at present in operation in the town have been inspected twice during the year. In the matter of cleanliness the general condition of two of these bakeries was very good, one was fair and two very poor. Measures were taken to bring those deficient in cleanliness up to the proper standard.

During the year the Board has granted permits to build and maintain two leaching cesspools in locations where no sewers were available. The number of permits issued for improving the drainage was twenty-seven.

From February 1st, 1907, to January 31st, 1908, Mr. W. E. Ward, disinfecter for the Board, disinfected with formaldehyde and corrosive sublimate solution, or formalin, as follows: 90 rooms, 9 bath rooms and 3 closets after 60 cases of scarlet fever; 40 rooms, 4 bath rooms and 2 closets after 27 cases of

diphtheria; 44 rooms, 3 bath rooms and 2 closets after 31 cases of tuberculosis; 8 rooms, 1 bath room and 1 trunk after 2 cases of leprosy; 3 rooms after 3 cases of typhoid fever, and 7 rooms after 4 cases of exposure to contagious disease. He has also burned a considerable quantity of clothing and bedding from infected rooms, and has disinfected over 750 milk jars from houses in town where there have been cases of infectious disease. A number of thousand jars have also been treated by him at the dealers' milk plants in adjoining towns by order of the Inspector of Milk. Finally he has disinfected 200 very slightly infected library and school books, 3 trunks, 4 bags of clothing, and 21 packages of miscellaneous articles, mostly wearing apparel. During Mr. Ward's illness of last spring and summer, the work was acceptably performed by his assistant.

Respectfully submitted,

MICHAEL DUFFLEY,

Sanitary Agent.

REPORT OF INSPECTOR OF ANIMALS, PROVISIONS AND MILK.

Brookline, Mass., February 1, 1908.

To the Board of Health:—

Gentlemen, — I have the honor to submit the report of my department for the year 1907 as follows:—

Milk Dealers and Dairies.

One result of the increased restriction and supervision of the local milk supply has been to compel the retirement of several small dealers, who could not afford the proper appliances for meeting the required conditions. Two retired under compulsion, while others withdrew voluntarily. The co-operation of reputable dealers in securing and sending in suspicious samples, and the increased supervision incident to the increased cost of food stuffs has added to the work of the department, but the result in maintaining the standard of the milk supply without the necessity for prosecution has been satisfactory. A minor improvement has been the suppressing of unnecessary noise in the exchange of milk cans among drivers in the early morning hours.

During the year 810 samples of milk and cream were tested. Of these 83, or about 10.25 per cent, were below the standard. The record of the previous year was 6.05 per cent of deficiencies. This is largely accounted for by the unusual food conditions to which dairy animals were exposed during the summer and autumn. Only three cases of the use of preservatives were found.

Constant vigilance has been necessary to secure proper sanitary conditions in stores where milk and other food products are sold. Most of these are kept under proper conditions, but there are enough owners who are careless or indifferent to require frequent visits of the inspector. Nine stores were prohibited from keeping milk in the dilapidated ice-chests in use and in which other food stuffs were stored. In

ten other stores new ice chests were installed, and in four others filthy surroundings of the ice chests were corrected. Extreme care in the cleansing of returned jars and bottles has prevented the transmission of disease thereby so far as has appeared.

Food Stuffs and Drugs.

The campaign of education that has been carried on by this department for several years has resulted in steadily improving conditions in regard to the sale of adulterated and misbranded food stuffs and drugs, dealers generally cheerfully co-operating by excluding from their shelves such goods as are questionable. Cases have occurred where questionable samples have been brought to the department and found open to criticism, but the complainant refusing to tell where the samples were obtained, no good, but considerable annoyance, resulted.

The results have been generally gratifying in the 188 samples of food and drugs examined. Vinegar has been a prominent object of suspicion, but this year of the 32 samples examined none were found faulty. Flavoring extracts also show great improvement. No faulty samples of butter or lard have been detected, and while some of the 25 samples of spices were poor in quality, none were adulterated. The nine samples of jam or jelly examined all contained "preservatives," but the fact was stated on the label in every case. No canned goods were found defective, although several samples were sent in by consumers as suspicious. I would suggest that when consumers make such complaints they specify, so far as possible, the defects they suspect, as it will facilitate laboratory work. Of five samples of sweet spirits of nitre only one was of full strength. "Salad Oil," heretofore a constant object of suspicion, now appears with its true character "cotton-seed" on its label.

Dairy Inspection.

There are 225 dairies supplying Brookline with milk, of which 125 have been inspected during the year by 156 separate visits. Of these, six were entirely cut off, 22 made the sanitary improvements required by the inspector, and six are now on probation and under surveillance. It is observed that the dairies in town where the inspector has full authority

are in better condition, generally, than those in the adjoining towns, where the inspector can only advise, unless conditions are so offensive as to justify prohibition. Local milk dealers are generally disposed to co-operate with the department, as they are held responsible for the sanitary conditions of the dairies from which they obtain their supplies. Our chief trouble is with the indifference of the local inspectors when they know that the milk goes out of their own towns for consumption.

Train milk is supposed to have passed state and municipal inspection, besides that of the contractor's experts, but my observation of our bacterial examination of this class of milk convinces me that the best results can be secured only when inspection is thorough on each farm from which the supply is brought. We get milk containing an excess of bacteria, but it is part of a car-load, mixed by the contractor, and no one can point out the dairy at fault. Full co-operation between the several states is the only practical remedy.

Several dairies supplying Brookline have been reported by the State Board of Health. Some have been discontinued, but one, a Brookline dairy, is still on probation, and the conditions indicate that only radical and permanent reform can prevent its suppression.

Contagion Through Milk.

The transmission of contagious diseases through milk is now well understood and constant vigilance is exercised to control the trouble. The State Board of Health has traced several outbreaks of disease in adjoining cities and towns to the milk supply. We have had similar experiences in Brookline, but such prompt and effective action has been taken in every case that serious or extended outbreaks were averted. In one instance four cases of typhoid fever in Brookline and three in an adjoining city were traced to one bottler, who was still at work. He was promptly suppressed, the establishment was disinfected under the inspector's direction, and no further cases occurred, although the man had a clear case of typhoid. In another case a boy was assisting in the delivery of milk. A case of diphtheria attracted attention, when it was found that the disease was at his home, that he was

excluded from school, and was concealing his place of residence.

These cases indicate the necessity for constant care, and go far to justify extreme measures when such wilful concealments are practised. It is unsafe and unwise to relax vigilance or to show any laxity in the enforcement of quarantine regulations.

Mr. W. E. Ward, the Deputy and Collector, was ill for five months from March 1st, from his long use of disinfectants. During his illness the work of the department was carried on without extra cost to the town. In acknowledging his services, it is but just to state that his experience and his thoroughness in his work have been of great value to the department.

FREDERICK H. OSGOOD, M. R. C. V. S.,
Inspector of Animals, Provisions and Milk.

REPORT ON THE VITAL STATISTICS.

To the Board of Health of Brookline:—

GENTLEMEN,—The undersigned herewith presents the report of the Vital Statistics of the town of Brookline for the year ending December 31st, 1907. The usual details are given in the tabulations appended, but the following is the comparative summary for the year:—

	1906.	1907
Births	492	496
Marriages	308	357
Deaths recorded (still-births excluded)	351	370
Still-births	16	17
Deaths occurring in Brookline	294	289
Deaths of residents of Brookline occurring out of town	57	81

In the tabulated details of causes of death, the deaths occurring in Brookline and the deaths of residents of Brookline occurring out of town are given separately.

Births by Months.

MONTHS.	Whole No.	Males.	Females.
January	46	16	30
February	40	24	16
March	43	19	24
April	47	29	18
May	43	25	18
June	35	11	24
July	45	19	26
August	48	23	25
September	36	20	16
October	33	21	12
November	41	25	16
December	39	22	17
	496	254	242

Of the above births there were twins, as follows: —

MONTHS.	Whole No.	Males.	Females.
March	2	1	1
July	4	0	4
August	2	1	1
	8	2	6

Marriages by Months.

MONTHS.	Whole Number.	First of Groom.	First of Bride.	Second of Groom.	Second of Bride.	Third of Groom.	Third of Bride.
January	27	27	27	0	0	0	0
February	19	18	17	1	2	0	0
March	16	11	14	5	2	0	0
April	52	49	48	4	3	0	0
May	12	9	9	2	3	1	0

REPORT.

The Trustees of Walnut Hills Cemetery herewith submit their report for the year ending January 31st, 1908.

The Board organized March 25th, 1907, by the choice of Charles H. Stearns as chairman, Edward W. Baker as clerk, and Myron D. Fisher as superintendent.

The following are the details of the usual work of the Cemetery during the year:—

Number of lots sold	7
Number of single graves sold	17
Interments during the year	59
Removals from cemetery	1
Monuments and boulders set	3
Headstones set	7
Markers set	3
Total interments in cemetery to date	1,322
Total number of lots sold to date	319
Total number of graves sold to date	353

The financial condition is shown by the following summary:—

Investments for Perpetual Care.

Massachusetts Hospital Life Insurance Co.	
Trust Policy No. 117	\$18,950 00
Trust Policy No. 039	7,700 00
Total	\$26,650 00

General Fund.

Balance from last year	\$2,701 22
Receipts during the year	4,966 50
Total	\$7,667 72
Expenditures during the year	5,965 42
Balance	\$1,702 30

Perpetual Care Fund.

Balance from last year	\$80 80
Receipts during the year	1,416 00
Balance	\$1,496 80

Income Perpetual Care.

Balance from last year	\$1,016 33
Receipts during the year	1,137 10
Total	\$2,153 43
Expenditures during the year	1,003 00
Balance	\$1,150 43

For further details reference is made to the Treasurer's report.

Total cash on hand from last year	\$3,798 35
Total receipts	7,519 60
Total	\$11,317 95
Total payments	6,968 42
Total cash balances on hand	\$4,349 53

The Old Town Cemetery on Walnut street has been cared for by the working force of the Park department, and for the coming year the Trustees recommend the usual appropriation of \$200 for the same purpose.

CHARLES H. STEARNS,
CHARLES S. SARGENT,
LEONARD K. STORRS,
DESMOND FITZGERALD,
HARVEY H. BAKER,
ERNEST B. DANE,

Trustees of Walnut Hills Cemetery.

REPORT OF COMMITTEE ON PLANTING TREES.

Brookline, Mass., Feb. 6th, 1908.

The past year has shown, as was expected, a considerable increase in the gypsy moth, though the brown-tail is far less numerous.

There are some 7,300 roadside trees in the town's public streets. All of these trees had the nests on them treated with creosote, and creosote was also used on the plank sidewalks where nests were found. The cost of this creosoting amounted to		\$2,331 24
About 3,000 of these roadside trees had burlap bands put around them during the year 1907, at a cost of		534 35
Spraying for gypsy and brown-tail moths cost		563 77
Removing nests of brown-tail moths on roadside trees and private property		1,881 59
In addition to the work done on the town trees, a certain amount was done on private property for which the town received no reimbursement, and the amount expended in this way amounted to		3,972 00
Teaming, hardware and tools, insecticides, etc.		710 23
Total amount expended on gypsy and brown-tail moths .		\$9,993 18
Amount appropriated at annual meeting ..		\$10,000 00
Total amount expended		9,993 18
Balance unexpended		\$6 82

A great many of the town's citizens take care of their own estates, but there is a growing demand for the town to take care of all private property as has been done heretofore. This will mean a constantly increasing expense owing to the spread of the moth, and your Committee recommends an appropriation of \$15,000.00 for this work.

During the year there were 128 trees planted at a cost of..	\$439 64	
(This amount included watering during the dry season).		
Pruning amounted to	1,402 01	
Spraying for elm leaf beetle and "mealy bug"	553 69	
Teaming	284 86	
Wire netting, labor and material	332 00	
Hardware and tools	61 61	
Insecticides	166 26	
New spraying machine, new gasoline tank, etc.	567 66	
Clerk	156 00	
Miscellaneous	39 08	
		\$4,002 81
Amount appropriated at annual meeting ..	\$4,000 00	
Amount received from sundry parties	5 43	
Total amount available	\$4,005 43	
Total amount expended	4,002 81	
Balance unexpended	\$2 62	

Your Committee recommends an appropriation of \$5,000.00 for tree planting, the increase to cover additional pruning, which is necessary.

TIMOTHY J. BURKE Term expires 1910
GEORGE H. FRANCIS Term expires 1908

ZEPH. R. FORBES, *Registrar and Clerk.*
FAYETTE F. FORBES, *Superintendent of Works.*
RICHARD J. FLINN, *Engineer of Low Service.*
WILLIAM B. WEBBER, *Engineer of High Service.*

REPORT.

The Brookline Water Board herewith submits its thirty-second annual report, it being for the fiscal year ending January 31st, 1908.

As in former years, the reports of the Superintendent of the works and the engineers at the pumping stations, with pumping statistics, are appended.

At the annual town meeting held March 14, 1907, Mr. T. J. Burke was re-elected a member of the Board for three years. The Board organized with the choice of Oscar B. Mowry as Chairman. Z. R. Forbes was appointed Registrar and Clerk, and F. F. Forbes as Superintendent of the Works.

It was stated in our last annual report that a larger workshop and stable, and additional water storage facilities in connection with the high service system, were needed. These special matters, together with the ordinary management of the department, have been given careful study during the past year, with the result that the building of a new workshop and stable has been finally settled, as will be seen from the following report, and a satisfactory beginning made on the question of additional water storage for the high service system.

New Workshop and Stable.

At the annual town meeting, an appropriation of \$15,000 was made for the purchase of a site for the new workshop and stable. As the question of a new location for this building had been under consideration for some time, the selection of a suitable lot was definitely settled in the early spring. The location chosen was situated at the corner of Brookline avenue and Emerald street and was particularly adapted to the requirements of the department, being near the pipe yard, and fronting on two streets, thus affording means of easy access and an abundance of light for the work rooms. The price paid for this land was \$12,500.

Action relative to the erection of the new building was somewhat hastened, as the department was obliged to abandon the old building on account of the Village Square improve-

ments. Plans and estimates had been prepared, however, and an appropriation sufficient for the erection of a modern building, to contain workrooms, a machine-shop and stable accommodations, was recommended at the same meeting at which the Village Square improvements were authorized. As a considerable reduction in the appropriation recommended was made, a complete revision of the original plans became necessary. The revised plans were prepared by Mr. J. A. Schweinfurth, architect, and while it was found impossible to erect a building such as the department considered requisite, it is believed that the plan finally adopted was the one which gave the best possible structure with the funds available.

Proposals for the erection of the building were solicited and four bids, ranging from \$13,580 to \$14,773, were received. The lowest bid, \$13,580, was that of B. Frank Carroll and was accepted by the Board.

During the work of excavation for the cellar, it was found that it would be impossible to secure a safe foundation without considerable extra expense. As the appropriation was barely sufficient for the building alone, the contractor was ordered to stop work and the Selectmen requested to call a special town meeting. This meeting was held on September 19th, 1907, and an additional appropriation of \$6,000 was made to provide for the extra foundations and other necessities not included in the original contract.

The work of construction has progressed favorably, and the new building will probably be ready for occupancy about April 1, 1908.

Additional Storage for the High Service System.

The question of increasing the storage capacity of the high service system has been thoroughly investigated during the past year, and a full report relative thereto was presented to the town by the Water Board (a copy of which is appended) at a special meeting held January 22, 1908, together with the recommendation that a committee be appointed "to consider the question of increasing the storage capacity of the high service system." The appointment of the committee was authorized at this meeting, and it is hoped that the matter can be considered at an early date and a full report made to the town at the next annual meeting.

Extension.

Street mains have been laid in Hammond street, in conformity with the widening, and in various other streets, a detailed report of which will be found in the report of the Superintendent which is hereto annexed.

The efficiency of the high service system has been greatly improved by the extensions made in Hammond street, as it was thus made possible to connect the main in Newton, Heath and Boylston streets, thereby insuring a free circulation and consequent good water in this entire district.

A new six-inch main has been relaid in Park street from Washington to Beacon street. The total cost of this work, which was made necessary by the building of the high level sewer by the Metropolitan Water and Sewerage Board, was charged to the State and has been paid in full.

Meters.

The universal use of meters continues to give excellent results. A less number of excessive bills than usual have been reported to the Board during the past year, which clearly shows that waste and leakage have been materially reduced.

As stated in a former report, the checking of unnecessary leakage and waste results in an actual saving in general maintenance expenses and also prevents the necessity of forcing the natural flow of the driven wells, which would, in time, affect the quality of the water.

The following table shows the number and size of all meters now in service: —

NAME OF METER.	$\frac{5}{8}$ -in.	$\frac{3}{4}$ -in.	1-in.	1 $\frac{1}{2}$ -in.	2-in.	3-in.	4-in.	Total.

Elevator counters 24

Maintenance.

The work of clearing the woods in the vicinity of the filtering galleries and freeing the driven wells from accumulations of sand has been continued from last year.

An automobile has been purchased for the Superintendent, and it has proved to be of material assistance to the department. It has been found that the cost of maintaining this machine does not exceed that of a horse and wagon, and that much more can be accomplished with it than with a horse.

The buildings, machinery and all other appurtenances connected with the department are in general good condition.

OSCAR B. MOWRY,
TIMOTHY J. BURKE,
G. H. FRANCIS, M. D.,
Water Board.

SPECIAL REPORT OF THE WATER BOARD RELATIVE TO INCREASING THE STORAGE CAPACITY OF THE HIGH SERVICE SYSTEM.

The Water Board of Brookline, convinced that the time has come when the town should consider the question of increasing the storage capacity of the high service system of its water plant, and in order that the subject may be intelligently considered, respectfully reports as follows:—

The high service works were built in the fall of 1884 and summer of 1885. The growth of the town since this time is shown below.

The population in 1885 was	9,200
The population in 1907	26,000
The valuation in 1885 was	\$26,646,500
The valuation in 1907	\$95,957,900

The miles of street mains connected with the High Service in 1885	
were about	6 $\frac{1}{2}$
And at the present time about	22 $\frac{3}{4}$
The consumption of water for the year 1886 on the	
High Service was	17,261,931 gals.
And for the year 1907	155,996,487 gals.
The greatest consumption of water in any one day in	
1886 on the High Service was	163,472 gals.
And in 1907	1,060,268 gals.

From the above data, it will be seen that the population has increased since 1885 nearly three times, the valuation nearly four times, the miles of street mains about three and one-half times, the consumption of water for the year about nine times, and the greatest consumption for any one day six and one-half times.

The valuation and the population are given for the whole town, as it was not practicable to make a separation of the valuation and the population supplied respectively by the low and high service. All the other data refer to the high service system only. It is a fact, however, that the portions of the town supplied by the high service have been built up more rapidly in proportion than those supplied by the low service, and there is every indication that future development will be more rapid in the first named district.

It will be seen from the above that the requirements for water on the high service system for 1907 were nine times more than they were for the first year after the works were built. The storage in the meantime has not been enlarged in any way.

When the plans were made for the high service in 1884, Mr. M. M. Tidd, a prominent water works engineer in those days, was called in as a consulting engineer. He approved the plans, and his report can now be read by consulting the "Report of the Water Board upon the Completion of the Plant of the High Service System," printed in 1885.

Mr. Tidd did not consider the storage too large at that time and if it was not too large then it certainly is not large enough now.

The storage consists of a wrought iron tank, 50 feet in diameter and 30 feet high, holding 440,610 gallons, situated on W. C. Cabot's hill, or, as sometimes called, Single Tree Hill, the

highest land in the town. This tank has now been in constant service for twenty-three years and may in the near future require repairs, if not a new structure.

Again referring to the figures just given, it will be seen that on the day of the greatest consumption in 1907, the amount of water used was about two and one-half times the capacity of the tank. On this particular day, the tank was full at 8 a. m. and, although the pumps were operated at their full capacity, at 5 p. m. only 8 feet of water remained in the tank, a loss of 22 feet. Had a serious fire occurred during the day the water supply certainly would not have been sufficient.

It appears quite evident that the high service system has outgrown its storage capacity and the Water Board are of the opinion that steps should be taken at once to increase the amount of water available for the high service.

The Water Board has given the subject serious consideration the past season and has directed its superintendent to make studies and plans for a larger supply. These plans and studies have been examined critically by Mr. F. P. Stearns, C. E., formerly Chief Engineer of the Metropolitan Water and Sewerage Board, and they have received his approval.

The plan, stated briefly, contemplates purchasing about 128,544 square feet of land in addition to the 10,000 square feet now owned by the town, on W. C. Cabot's hill, and building thereon a covered reservoir of a capacity not exceeding six million gallons. The construction of the reservoir will be such that it will add to, rather than take from the natural beauty of the hill. —

The owners of the land required have stated in writing the terms of sale and the Water Board is strongly of the opinion that at no future time can the land be secured so favorably as at present.

As this plan will eventually call for quite an appropriation, the Water Board think it will be for the best interests of the town to have a Committee appointed at this meeting to study the question with the Board and make a full report at the next annual meeting.

OSCAR B. MOWRY,

TIMOTHY J. BURKE,

GEO. H. FRANCIS, M. D.,

Brookline Water Board.

SUPERINTENDENT'S REPORT.

Brookline, Mass., Jan. 31st, 1908.

To the Brookline Water Board:—

Gentlemen, — I have the honor to present herewith the annual report of the Superintendent for the year ending January 31st, 1908.

Extension of Street-Mains.

(1) Extension to Low Service.

Beacon st. opp. Hawes st.	118.0 feet	8-inch pipe.
Wellman st. from Centre st. to Winchester st.	359.8 feet	6-inch pipe.
Total laid during the year		477.8 feet.

(2) Extension to High Service.

Hammond st. from Woodland rd. to Newton st.	2,553.0 feet	12-inch pipe.
Hammond st.	1,022.0 feet	10-inch pipe.
Woodland rd.	717.0 feet	10-inch pipe.
Tappan st. from Beacon st. to Garrison rd.	383.0 feet	10-inch pipe.
Taylor st.	679.5 feet	8-inch pipe.
Taylor st.	913.2 feet	6-inch pipe.
Middlesex rd.	18.0 feet	6-inch pipe.
Total laid during the year		6,285.7 feet.

Service-Pipe.

Number laid as per last report	4,269
Number removed the past season	16
Number of old services	4,253
Laid the past season	105
Total laid	4,358

The extension work of the past season was somewhat larger than that for the two years immediately preceding. The most important extension was the one in Hammond street which connected the end of the twelve-inch pipe at the corner of

Hammond and Newton streets with the end on Hammond street about 1,000 feet southerly from Heath street. By the completion of this pipe line, a second main from the high service pumping station to the high service distributing system was obtained, and it is now possible to pump nearly twice the amount of water as before should the demands require it. The other extension work was of the routine kind, and differed little in amount or character from that of past years.

A review of the maintenance of the plant shows little which was unusual. The pumping machinery at both high and low service stations has needed no repairs except those wholly attributable to the wear of every-day service under the care of competent and painstaking engineers. The general condition at both stations compares very favorably with that of one year ago.

No leaks have occurred in the force-mains and, with one exception, all the leaks of any importance in the distributing system were caused by the settlement in streets in which the state sewer had been or was being constructed. The most serious of these leaks was the one on Park street near Marion, in which place the sewer trench caved in, carrying away four lengths of six-inch pipe. The construction of the state sewer, to which reference has just been made, necessitated many changes in the main pipes and services along its route, and consequently contributed to the work of the department to quite an extent. The expense, however, for all labor and materials used for the above purposes were paid for by the state.

It hardly seems necessary to repeat in this report the statement that the hydrants have received the usual care, together with the various other parts of the distributing system, but there are certain kinds of work which must be nearly the same year after year, of which mention perhaps should be made, but it requires a person of more literary attainments than those possessed by the ordinary Superintendent of Water Works to tell the same thing time and again in different language. Suffice it to say that every endeavor has been made to maintain the whole plant in the highest state of efficiency.

The department was put to some inconvenience September last by the necessity of moving from the Walnut street shop

and stable to the store-house on Pearl street. A temporary stable for the horses was made in the lean-to of this building, and the second floor was fitted up hastily for a workshop. No machinery, however, could be installed, and much of the work which is usually done in the winter months cannot be done until the new stable and workshop is completed and the machinery in operation.

Consumption of Water.

The last season was drier than any one of the three or four immediately preceding, and as might be expected in a town with so many green lawns and well-watered streets, the consumption of water increased much faster than the population. The gain in percent was 9, and the per capita rate rose from 80 to 86½. The amount received from water rates increased more rapidly than the consumption, which shows clearly that the meters are accounting for all the increase. The larger use of water the past season demonstrated that the storage capacity of the high service is too small for the requirements which may reasonably be expected at any period during the warmer months. Studies were made the past season for increasing the storage, but as the whole matter is now being considered by a special committee nothing further need be said in this report. A new pump of larger capacity, with boiler, would place the high service system in much safer condition than at present, in case of accident to either of the engines, or to meet requirements of an unusual nature such as large fires, etc. It is hoped that this matter can receive early consideration.

The quality of the water has not changed during the year and the supply has been equal to the demands. It is now expected that the new workshop and stable will be ready for occupancy about April 1st, 1908.

I subjoin the following tables, etc., all of which is respectfully submitted.

FAYETTE F. FORBES,

Superintendent of Water Works.

List of Stop-Gates set in 1907.**TEN-INCH GATES:—**

- One on Tappan street corner Beacon street.
- One on Beacon street opposite Winthrop road.
- Two on Hammond street corner Woodland road.

EIGHT-INCH GATES:—

- One on Beacon street near Hawes street.
- One on Garrison road corner Winthrop road.

SIX-INCH GATES:—

- One on Wellman street corner Centre street.
- One on Wellman street corner Winchester street.
- Two on Park street corner Harvard avenue.
- One on Park street corner Auburn street.
- One on Tappan street corner Garrison road.
- One on Taylor street corner Chestnut Hill avenue.
- One on Warren street opposite Williams'.
- One on Station street opposite Holtzer's.
- One on Andem place opposite Holtzer's.

Water-Cart Feeders.

LOW SERVICE ENGINEER'S REPORT.

Low Service Pumping Station,
Brookline Water Works,
West Roxbury, Mass., Feb. 1, 1908.

To the Brookline Water Board: —

Gentlemen, — I have the honor to present the annual report of the Engineer for the year ending January 31st, 1908.

The total amount of water pumped during the year was 822,661,399 gallons — over seventy-one million gallons more than last year. The coal consumption shows an increase of 133,239 lbs., and the pumping time an increase of 435 hours. The duty of the engines is about the same as last year.

Boilers.

The boilers are in good condition. They have been inspected monthly by the engineers at this station, and annually by the Hartford Steam Boiler and Insurance Co. Furnace No. 2 has been re-lined and nine grate bars renewed. In compliance with the new steam boiler law of 1907 extension fusible plugs have been placed in the boiler heads, and a boiler-room log book obtained in which daily entries are made of the condition and operation of the boilers.

Engines.

The pumping engines are in good working order. A new copper joint has been made in the high pressure delivery valve-chamber of engine No. 4 and all the other joints recaulked. Early in the year a crack showed in the low pressure valve-chamber of engine No. 4, similar to the cracks in the suction valve-chambers of engine No. 3. A composition plate was made and bolted over this crack, and it has given no further trouble. The water ends of engines No. 3 and No. 4 need a coat of paint. A mercury column for testing the pressure gages has been installed in the engine-room. The lighting plant is in good running order.

I subjoin the pumping record, all of which is respectfully submitted.

RICHARD J. FLINN,
Engineer.

HIGH SERVICE ENGINEER'S REPORT.

High Service Pumping Station,
Brookline, February 1st, 1908.

To the Brookline Water Board:—

Gentlemen,— I have the honor to present herewith the report of the engineer of the high service pumping station for the year ending January 31st, 1908.

The buildings are in a good state of repair. The engine and fire rooms were painted the past year.

Boilers.

A new state law which went into effect October last in regard to boilers which had been in operation over twenty years, reduces the pressure which we were allowed to carry on Boiler No. 1, the first one installed. No. 2 Boiler is in good condition.

Engines.

Engine No. 1 is still doing good work, although it has been in constant operation over twenty-two years. We had some difficulty in keeping up our supply during the dry portions of the season just passed. I repeat my recommendation made in my report of last year for a new engine. If a serious break should occur to Engine No. 1, the relief engine cannot supply more than one million gallons per day, which would not be sufficient for the maximum consumption during the driest periods.

The pumping records show 14% more water pumped at this station than the previous year.

I subjoin the following table which shows the record of this station for the year ending January 31st, 1908.

Respectfully submitted,

WILLIAM B. WEBBER,

Engineer.

Winter term begins January 2, ends April 3.

Spring term begins April 13, ends June 26.

Fall term begins September 14, ends December 23.

REPORT.

The School Committee respectfully submit to the town the following report for the year ending January 31, 1908. On April 8, 1907, the Board effected the following organization:—

Franklin W. Hobbs, chairman; George I. Aldrich, secretary.

Committee on Buildings — Michael Driscoll, Everett M. Bowker, Walter Channing.

Committee on Finance — Franklin W. Hobbs, Michael Driscoll, Thomas B. Fitzpatrick.

Committee on Hygiene — Walter Channing, Edith C. Baker, Everett M. Bowker.

Committee on Teachers — William H. Lyon, Edith C. Baker, Ruth C. Paine.

Committee on Text-Books and Courses of Study — Ruth C. Paine, William H. Lyon, Edward C. Mills.

Buildings.

In their report of the year ending January 31, 1906, the School Committee remark: "It is a pleasure to the Board not to be compelled to ask this year for any large appropriations for new buildings, and it is not anticipated that there will be such necessity in the immediate future." Subsequent events have shown that this anticipation is not to be realized, for the Board finds it necessary at the end of two years to report to the town the necessity of taking immediate steps to provide additional accommodations for the pupils now in attendance upon the John D. Runkle School. In this event our experience is by no means unique. It illustrates the difficulty of foreseeing in what section of the town or with what degree of rapidity such demands will develop. Before indicating the steps which, in the judgment of the Committee, should be taken to meet existing needs, it seems advisable to sketch in outline the establishment and rapid growth of the Runkle School. From the school report for the year ending Janu-

ary 31, 1896, we quote as follows: "The purchase of a lot for a new schoolhouse on Druce street has been completed, and, under the appropriation made by the town, plans for a new building there are in preparation by Messrs. Cabot, Everett and Mead." In the report for the year ending January 31, 1897, appears the following paragraph: "During the year the new schoolhouse on Druce street has been completed and accepted by the Board. A special report of the building committee will be found on a subsequent page, which will give the particulars concerning its erection. It is the intention of the committee to begin work in this building on the 8th of February, 1897; it will afford relief to the Cabot School, and will be appreciated by a large and growing neighborhood." The building here referred to contains four rooms and was the sole provision for pupils of this section up to the autumn of 1902, when the two more recent buildings were ready for occupancy. The rapidity with which the Runkle School has increased may be shown by a statement as to the growing number of teachers required, and by a statement as to the average number of pupils belonging to the school at several dates. In speaking of the number of teachers, we find it convenient to make use of the monthly payrolls.

March	1, 1897,	one teacher.
April	1, 1897,	one teacher and an assistant.
Oct.	1, 1897,	two teachers.
March	1, 1898,	two teachers and a kindergartner.
Oct.	1, 1898,	three teachers and a kindergartner.
Oct.	3, 1902,	five teachers and a kindergartner.
Dec.	23, 1902,	six teachers and a kindergartner.
Feb.	27, 1903,	seven teachers and a kindergartner.
Oct.	30, 1903,	eight teachers and a kindergartner.
Jan.	27, 1905,	nine teachers and a kindergartner.
Nov.	23, 1906,	ten teachers and a kindergartner.

At the present time the number of teachers is the same as in 1906, the maximum number for the present buildings having been reached at that time.

The earliest statement of average membership available is for the half-year ending in June, 1898, and the figures are 41.4. Five years later, *i. e.*, for the school year 1902-03, the average membership was 230.5 and four years later still, for the school year 1906-07, the average membership was 327.9. Thus far during the current year the average membership has

been 359.3, but the school has enrolled 420 pupils and the demand for relief is urgent. If these pupils were evenly distributed among the grades the situation would be less serious; but, unfortunately, that can never be done, and a single grade, the fourth, numbers nearly sixty pupils.

As further evidence of the rapid growth of this section, it may be remarked that within a period of three years there have been erected 25 single dwellings, 1 two-family house, 47 three-family houses, 1 four-family apartment, and 2 eight-family apartments, making in all accommodation for 188 families.

It is evident that relief must be afforded in one of two ways,—either additional accommodations must be provided on the Runkle site or a part of the pupils must be provided for elsewhere. Experience teaches clearly that it is inadvisable to increase the number of centres at which pupils are gathered unless it becomes absolutely necessary to do so. Whatever may be done in that direction in the future, a careful study of the situation has convinced the Committee that the step now to be taken consists in enlarging the capacity of the present Runkle plant. In the judgment of the Committee the town should acquire at once the land lying southeasterly of its present property and extending to Chesham road. On the land whose acquisition is thus recommended it is the belief of the Board that the additional accommodations should be located and that the group or cottage plan which has proven so satisfactory should be extended. In the judgment of the Board, the land in the rear of the present group of buildings should be reserved for its present uses, viz., to provide a playground and school gardens. Learning that the land referred to above, bounded by Druce street, Buckminster road and Chesham road, can be bought on very favorable terms, the Board has secured an option upon it, valid until May 1st, and it is the Board's intention to secure the insertion of an article in the warrant for the approaching annual meeting, under which favorable action would result in the purchase of the land in question. If this action is taken, it is the intention of the Board to ask the town at a very early time to make such appropriation for building as a careful study of the entire situation shall warrant.

Care of Schoolhouse Interiors.

Seven years ago the Board adopted a policy as to this matter which it has since steadily followed and with most satisfactory results. It resolved to ask the town annually to provide the funds necessary to renovate thoroughly the interior of one or more buildings during the long summer vacation. Such requests have been uniformly granted by the town and the renovations thus made possible may be summarized as follows:—

- 1901, Devotion Grammar and Pierce Grammar.
- 1902, Lincoln Primary, Parsons, Winthrop.
- 1903, Lincoln Grammar (in part).
- 1904, Lincoln Grammar (completed).
- 1905, Lawrence.
- 1906, Cabot and Sewall.
- 1907, Devotion Primary.

This list comprises all our schoolhouses except the High, Heath, Longwood, Newton Street, Pierce Primary and Runkle. The Heath building is new, and the old portion of the Pierce Primary and the oldest of the three Runkle buildings received attention in connection with the provision of additional accommodations for those schools. The interior of the Longwood building is in fair condition, and the Committee recommend that during the summer of 1908 attention be given to the interior of the High School building. This building was first occupied in the autumn of 1895 and at the end of the current school year will have been in use during thirteen years. During these years sums of money aggregating a considerable amount have been spent upon its interior, and a complete renovation is not called for. Assisted by competent advice, however, the Committee reaches the conclusion that certain portions of ceilings, walls, window-sash and woodwork should receive attention. Moreover, in January of the present year the instruction of High School pupils in physical training was transferred to the Municipal Gymnasium, and the transfer has released two large rooms which thus become available for other uses. To adapt the rooms in question to these other uses will involve the expenditure of a considerable sum. It will doubtless be necessary to increase the heating facilities, it may be desirable to provide a second floor in each, certain partitions may be called for, and furniture must be provided. In order, then, that the building may be partially renovated and that the two rooms

formerly used as gymnasia may be adapted to other purposes, the Board recommends a special appropriation of \$3,000 and will ask for the insertion of the necessary article in the warrant for the next annual town meeting.

Newton Street School.

The school was re-opened February 18, 1907, and the enrolment between that date and the end of the school year in June was about the number predicted by the Board, namely, eight; but in addition to that number, four children under school age were allowed to attend in response to the wishes of the parents.

High School.

In accordance with the statement made in the last annual report, a commercial course was opened at the beginning of the present school year, and the Committee believe that the popularity of the course, as shown by the number taking it and the good work that is being done, have fully justified the additional expense. The addition of this course has rounded out the work of the school and met a long-felt need in the community.

Medical Inspection.

Reference was made to this subject last year and to the fact that the work had been put directly in the hands of the Board. Special examinations have been made this year at the Lincoln, Parsons and Winthrop Schools, and the results have been very satisfactory. The regular inspections at all the schools have been continued as in the past. In this connection the Board believes that the time has come when it is advisable to have a school nurse to aid the doctors in carrying on this work. It would be her duty to go to the homes and to follow up the cases discovered by the doctors, thus securing better results and more effectively checking the spread of disease. In the amount requested for general school expenses allowance has been made to carry out this plan.

Retirement of Teachers.

The Board has carefully considered the subject of retirement of teachers, but under present laws sees no satisfactory way to handle this matter, which is one that is receiving a great deal of thought in other communities and which must be solved in some satisfactory way in the near future.

Gifts.

Edward Devotion School — The Complete Century Dictionary with appropriate cabinet; framed pictures of classes of 1903-1907, from Class of 1907.

High School Kindergarten — Silk flag from the Woman's Relief Corps.

Lawrence School — Picture from Roger Hunneman; picture from Pauline Pollard; silk flag and standard from Class of 1907.

Lincoln School — Contributions to Art Fund from Mrs. Ruth C. Paine, Miss Mildred Cox, Mr. Thomas B. Fitzpatrick, Mr. Franklin W. Hobbs; twenty pictures and two pieces of frieze from Art Fund money raised by school; two pictures from William H. Lincoln Alumni Association.

Longwood School — Two rubber plants, one from Mrs. Fred-eric Cunningham, one from Mr. William C. Hunneman.

Parsons School — Two rubber plants from Mrs. Charles W. Kellogg.

Pierce School — Photograph of Capitol at Washington, Class of 1905; two German prints in color, from Classes 1906-1907; three dolls (for Doll Collection) in Eskimo, Swiss and Dutch costumes, from the Misses Thacher; whale-boat model from MacIvor Reddie; "Triumph of Alexander," the Thorwaldsen frieze, from friends and from Art Fund money raised by the school.

Runkle School — Two flags from Mr. Charles B. Talbot; two water colors from "A Friend"; picture from Mr. Charles H. Dunton; bust of Lincoln with bracket, Class of 1907.

Winthrop School — Aquarium from Miss Ethel Blair.

Penny Savings.

It should be remembered that the system of Penny Savings is administered by the Clerk of the Board, with the assistance of teachers. For such service no extra compensation is allowed, and this fact should be borne in mind in reading the following statistics: —

Interest on deposits		\$75 54
Printing stamps	\$36 00	
Printing cards	16 67	
Deposit books	1 20	
Total expenses		53 87
Net gain		\$21 67

COMPARATIVE STATEMENT OF EXPENSES.

1897-98	\$441 85
1898-99	380 00
1899-1900	306 13
1900-01	84 00
1901-02	14 28
1902-03	9 70
1903-04	21 05
1904-05	46 55
1905-06	22 99
1906-07 net gain	8 94
1907-08 net gain	21 67

Combined Heating, Lighting and Power Plant.

By vote of the town the construction of this plant was placed in the hands of the School Committee and the Committee charged with the erection of the Municipal Gymnasium. Messrs. Channing and Driscoll have represented the School Board in this matter, and reference is hereby made to the report of this joint building committee for details of construction.

An appropriation of \$10,000 was made for maintenance of this plant during the current fiscal year, and the care and management of the plant were extended for the year to the School Committee and the Bath House Committee. A sub-committee, upon which Dr. Channing represented both boards, and Mr. Michael Driscoll and Mr. Fayette F. Forbes represented the School Committee and the Bath House Committee, respectively, has managed all details. A report for the current year, together with an estimate of cost for maintenance for the year 1908-09, will be found elsewhere.

Financial.

The regular annual appropriations for some years have been made under six heads. While the total amount appropriated was more than sufficient, it became certain before the end of the fiscal year that the amounts designated for the High School, Evening schools and Kindergartens would be too small. At a special town meeting held Jan. 22, 1908, on the recommendation of the School Committee, votes were passed appropriating \$1200 for High School, \$200 for Evening schools and \$200 for Kindergartens.

While these votes were passed in the form of new appropriations, they were, as regards the total cost of maintenance of the public schools, practically transfers from items where a surplus existed to items where the money was needed.

The following table shows the condition of the several appropriations at the end of the fiscal year:—

FISCAL YEAR, 1907-08.

	Appropriated.	Expended.	Balance.
High School	\$43,570 00	\$43,328 44	\$241 56
Grammar and Primary	109,328 00	108,876 88	451 12
Kindergartens	16,344 00	16,226 37	117 63
Manual Training and Domestic Arts	23,530 00	23,549 52	
General School Expenses	20,360 00	18,453 71	1,906 29
Evening Schools	2,200 00	2,027 87	172 13
Vacation Schools	2,000 00	1,761 46	238 54

In making up the estimates for the new fiscal year, the Committee have borne in mind the need of economy, and every effort has been made to keep down expenses to the lowest limit consistent with the high standard of efficiency which we believe the citizens of the town wish maintained.

ESTIMATE FOR ORDINARY EXPENSES, 1908-09.

High School	\$45,035 00
Grammar and Primary Schools	110,868 00
Kindergartens	17,208 00
Manual Training and Domestic Arts	24,038 00
General School Expenses	19,960 00
Evening Schools	2,000 00
	\$219,109 00
For the maintenance of Vacation Schools, including support of School Gardens	\$2,000 00

In making the annual appropriation vote "for maintaining the public schools," the following clause is always added: "All money received for tuition fees or otherwise shall be paid into the Treasury and is not appropriated for school purposes." Under that clause the following amounts have been paid in to the Treasury during the past five years:—

Fiscal year ending Jan. 31, 1908	\$4,283 50
Jan. 31, 1907	3,541 00
Jan. 31, 1906	3,963 12
Jan. 31, 1905	4,294 37
Jan. 31, 1904	4,447 00

In other words, the cost of maintaining the public schools would have been reduced each year by the amount named, if the amount had been so applied instead of being paid into the Treasury.

Evening Schools.

The Board calls attention again to the unsatisfactory results obtained in the evening schools, due to apparent lack of general interest in the work. There are, of course, many pupils who derive great benefit from this branch of the work, but the Board wish that a larger number appreciated the great opportunity offered. A special meeting was held in the Lincoln School early last fall to call attention to the advantages of the evening schools, but, as stated, the results as regards numbers in attendance have again been disappointing as compared with what might have been done for those for whom the evening schools are especially planned.

Vacation Schools.

The usual work of these schools has been continued, and the Board believe it advisable to carry on the work of the school gardens for another year.

For detailed information as to the work and condition of the schools, reference is hereby made to the accompanying report of the Superintendent of Schools.

Total Cost of Maintenance	\$43,328 44	\$108,876 88	\$16,226 37	\$23,549 52	\$18,453 71	\$210,434 92	\$2,027 87

The supplies in stock room as shown by inventory of February 1, 1908, were \$425.68.

* Includes salaries of Superintendent, \$4,000; Clerk, \$1,430.82; Stenographer, \$719.30; Truant Officer, \$1,083.26.

REPORT OF THE SUPERINTENDENT.

To the School Committee of Brookline:—

The public schools of the town may be regarded as the response made by Brookline to the obligations laid upon her by the Revised Laws of the Commonwealth. The same remark might have been made at any time in the past history of the town, and applies to Brookline only as it applies to other Massachusetts municipalities. These obligations relate to the maintenance of elementary schools, to provisions for secondary instruction, and, in certain cases, to the support of evening schools. Massachusetts laws relating to education, as they exist today, are the outcome of nearly three hundred years' experience in colony and state. As early as 1642, the court directed that the selectmen in every town should take account of all parents and masters as to their children's education and employment. The chosen men might divide the town among them so that each should have the oversight of a certain number of families. They were to see that the children could read and understand the principles of religion and the capital laws of the country, and that they were put to some useful work. Thus far no mention of schools, but in 1647 was enacted the law which is the foundation of the Massachusetts school system. It provided that every township, after the Lord had increased it to fifty households, should appoint one within the town to teach all such children as should resort to him to write and read. It further provided that when any town increased to one hundred families, it should set up a grammar school, by which was intended a school that should prepare youth for the university.

Two hundred years later, in April, 1847, Macaulay, in his speech on Government Plan of Education, said of these colonists:—

Those men, illustrious forever in history, were the founders of the Commonwealth of Massachusetts; but though their love of freedom of conscience was illimitable and indestructible, they could see nothing

servile or degrading in the principle that the state should take upon itself the charge of the education of the people. In the year 1642 they passed their first legislative enactment on this subject, in the preamble of which they distinctly pledged themselves to this principle, that education was a matter of the deepest possible importance and the greatest possible interest to all nations and to all communities, and that as such it was, in an eminent degree, deserving of the peculiar attention of the state. I have peculiar satisfaction in referring to the case of America . . . as affording the best illustration that can be anywhere found of the successful operation of that principle. And yet what do we find to be the principle of America and of all the greatest men that she has produced upon the question? "Educate the people," was the first admonition addressed by Penn to the commonwealth he founded—"educate the people" was the last legacy of Washington to the republic of the United States—"educate the people" was the unceasing exhortation of Jefferson. Yes, of Jefferson himself; and I quote his authority with peculiar favor; for of all the eminent public men that the world ever saw, he was the one whose greatest delight it was to pare down the functions of governments to the lowest possible point, and to leave the freest possible scope for the exercise of individual exertion.

A most interesting account of this early school legislation may be found in Martin's "Evolution of the Massachusetts School System." As Mr. Martin remarks, "An analysis of the laws of 1642 and 1647 discloses the principles upon which Massachusetts school history rests." These principles are fundamental, and since there is, even today, no little ignorance of them, they may well find place here.

1. The universal education of youth is essential to the well-being of the state.
2. The obligation to furnish this education rests primarily upon the parent.
3. The state has a right to enforce this obligation.
4. The state may fix a standard which shall determine the kind of education, and the minimum amount.
5. Public money raised by general tax may be used to provide such education as the state requires. The tax may be general, though the school attendance is not.
6. Education higher than the rudiments may be supplied by the state. Opportunity must be provided at public expense for youths who wish it to be fitted for the university.

An examination of Massachusetts school legislation, subsequent to 1647, discloses nothing which contravenes these principles. Throughout her entire history the state has claimed the right to determine what should be the education of her children. She has exercised the right, however, with modera-

tion, generally contented with minimum requirements and leaving much to be determined locally by individual towns and cities. While the requirements of today greatly exceed those of earlier times, it should be noted that the increase has come about gradually. With succeeding years new needs have developed, popular conceptions of education have greatly broadened, and our successive educational enactments constitute an accurate record of advancing public opinion. I recall no instance in which legislative action has so far outrun public opinion as to prove temporary, except in case of the long struggle over the abolition of school districts. In somewhat general terms, then, throughout her history Massachusetts, acting through her General Court, has spoken to the towns and cities of which she is composed. Some things she has steadily required, others have been left permissive, but even in the first category much has been left for the individual town or city to determine in accordance with its financial ability, its intelligence, its progressiveness and its devotion to the cause of popular education. While, then, we may regard our public schools as the town's response to legislative requirements, we may also, and more accurately, regard them as the embodiment of the present day popular conception of public education to which the town's people have attained. If the town were content with a merely technical compliance with the letter of legislative requirements the schools might attempt much less than they now try to accomplish; many of their activities might be curtailed or omitted, with corresponding diminution in their cost. Doubtless it is no more true today than in times past that the schools thus embody local ideals of education, nor is the remark more applicable to Brookline than to every other town and city of the state. It is true, however, that even in a territory no larger than that which bears the name of Massachusetts, there exist marked variations in the popular ideals referred to, and equally marked differences in the pecuniary resources available for the embodiment of the ideals in question. In speaking of the popular ideal of education, one does not imply the existence of unanimity of opinion. The ideal may and does exist amid opinions the most varied and conflicting. There must be, however, certain common ground on which a preponderance of these conflicting opinions meet. The broader this ground

and the larger the body of opinion which meets upon it, the more vital and forceful will be the ideal. When local opinion is equally divided—one half ignorant, the other half enlightened; one half narrow, the other half liberal; one half ultra conservative, one half progressive,—standards of excellency cannot be high, and progress must be slow and uncertain. With no claim to special credit, therefore, Brookline is fortunate in both these respects. In the first place, controlling public opinion is enlightened, liberal and progressive. Secondly, the financial resources of the town make it easily possible for such opinion to express itself adequately in educational agencies. While liberal expenditures are no guaranty of excellence in schools, they constitute one of the conditions of excellence.

While it is impossible to prove with mathematical certainty that ten thousand dollars devoted to the education of a certain number of children will produce twice as much in results as will come from the expenditure of five thousand dollars on the same number of children, one may be morally certain that something like this will be the case. One may not prove that the schools of the town would be only half as good as at present if we halved the money spent upon them, and yet one may be very confident that some such result would ensue. While the town is very liberal in its school appropriations, there are thoughtful people among us who have misgivings as to the necessity for expenditures of such magnitude. In most instances these misgivings are not the outcome of a niggardly spirit, and rarely do they lead to any open protest. In other quarters, one detects a certain complacency, induced doubtless by the apparent liberality of the town in the various departments of municipal expenditure. But such liberality may be more apparent than real. A town which taxes itself heavily to spend a small sum for the education of its children, is more liberal than another town which spends thrice the sum with no appreciable sacrifice. Generous as are our appropriations for schools, it should be clearly understood that the burden imposed thereby on each dollar of taxable property is very light. Numerous and varied illustrations of this fact might be given, but let a single one suffice. In a neighboring city, the school board must limit its expenditures to the sum of five dollars on each thousand of assessed valuation, and

finds itself constantly embarrassed by lack of funds. In Brookline a similar limitation would permit the expenditure of two and a quarter times our present annual appropriation. As already suggested, it is impossible to offer anything like a mathematical demonstration that we obtain in results a hundred cents for every dollar expended, and yet we may find it reassuring to summarize the results in outline, even though such outline fails to include many details of great importance.

Before attempting such outline, however, let me refer once more to the scope of state control in education, rather limited in Massachusetts, and to the far wider scope of local control. It is true that the state makes elementary education universal and compulsory, that the state demands that every youth in her borders shall be offered a free high school training, that she insists on a sufficient number of school buildings and sets up standards of heating and ventilation, that she names the branches which must be taught, that she specifies the minimum length of the school year, that she compels all cities and towns to provide expert supervision. While the state demands all this and more, yet so great is the difference between compliance with the letter of her demands and with their spirit, so extended is the discretion left to each municipality and to each school board that the essential character of Massachusetts schools is determined in much larger degree by local influences and agencies than by legislative enactments.

Kindergartens.

Here we have at once a striking illustration of the remark just made. Brookline maintains kindergartens because she believes them to be an essential feature of a complete system of public schools, not because of any outside demand. In Massachusetts the age of compulsory school attendance is seven years, the customary age for admission to the primary school is five, and each city and town is left free to decide for itself what provision, if any, it will make for younger children. In this matter local control is absolute and if, at any time, the town determined to spend less money on education, an annual saving of about sixteen thousand dollars could here be effected. This would result in the saving of money, but whether it would be an instance of economy is quite another question.

In public affairs, as in private, genuine economy may demand the expenditure of money, and a failure to expend at the right time and in the right way may prove extravagance and not economy.

Primary and Grammar Schools.

These schools, commonly and correctly designated elementary schools, the town is obliged by law to maintain. In spite of this fact, the essential character of these schools and the expense of maintaining them are more largely determined by local than by state control. The law says a sufficient number of such schools shall be maintained, but the school committee determines what constitutes a sufficient number. The law demands buildings, sufficient in number and adequate in accommodation, but in both these matters the discretion of the committee is practically complete. The cost of such buildings, their appearance, the state of repair in which they shall be kept, the standards of sanitation which shall be maintained, the equipment which shall be provided—all these are subject to local control. The law calls for a sufficient number of teachers of competent ability and good morals—but the school committee determines as to sufficiency in point of number, as to competence in matter of ability, and as to standards in morals.

Every one familiar with school finance knows that the compensation of teachers is by far the largest item in the annual cost of maintenance. Two factors determine the size of this item, viz., the number of teachers employed and the scale of salaries which prevails. On both these points the law is practically silent. True, it contains a provision that when a school comes to number fifty pupils an assistant shall be employed unless the town votes to the contrary, but whether the number of pupils generally assigned to a teacher shall be fifty-six, as was for many years the practice in the metropolis of New England, or whether it shall be forty-two, as provided by the rules of this Board, this is a matter for local control. If, at any time, the town wishes to save *money*, with no regard for other results which would attend upon such saving, it could do so by inducing its School Committee to resort to the Boston practice. Again, the law says nothing as to teachers' salaries. While it is beyond dispute that the average of salaries paid teachers

is woefully small, and that the highest paid are inadequate compensation for the service rendered, it would doubtless be always possible to find persons—I do not say teachers—who would serve in the schools at reduced compensations. In Brookline, by far the largest item of our educational budget is that which provides for the schools now under discussion. This item is large, not because literal compliance with the law makes it such, but because local standards of excellence in all that pertains to the material, intellectual and moral welfare of the schools are high, and such standards can only be maintained by large expenditures. In our own elementary schools, not only is adequate provision made for branches of study required by law, but generous regard has been shown for those which are permissive. While instruction in manual training is now compulsory, long before it was made so by the legislature its claims had been recognized here, and I am doubtless well within the truth in saying that nowhere in the state, whether in the elementary schools or the high school, is it more generously supported. A similar remark might be made as to our instruction in physical training. At the risk of wearisome repetition let me say that, while we cannot prove that the results attained in these schools fully justify their cost, we may abide steadfast in the conviction that it is wise to offer our boys and girls the best of varied and abundant opportunities, and with equal steadfastness cherish a belief that a reasonably large proportion of them will profit by the opportunities so offered.

High School.

The town is obliged by law to maintain a high school, and, in certain particulars, which determine in some measure the annual cost of maintenance, the law lays its commands on the town. It would doubtless be possible to maintain some sort of a high school, which would comply with the letter of the law's demands, at an expenditure far smaller than that now made. The legislature never demanded that a very valuable site be selected, never demanded that two hundred thousand should be expended for a building, never prescribed what the interior equipment and adornment should be. Here again the people of the town, acting with and through the School Committee, have spent money most generously upon this school,

presumably because of a determination that its efficiency should not be impaired by inadequate support. Many of the remarks already made upon the elementary schools are applicable to the high school. Such repetition is unnecessary, would doubtless be wearisome, and I revert to a purpose which thus far in the writing of this report has been constantly in my mind. That purpose has not been to defend the school authorities from possible charges of extravagance, nor to justify the action of the town in putting such large sums of money at the disposal of the school authorities. It has been my purpose rather to outline the wealth of educational privilege thus provided by the town for its children and youth. What does the high school offer? Two courses of study, known respectively as the classical and the sub-classical, which provide for both boys and girls adequate preparation to any American college; a course of study, known as the technical course, which affords equally adequate preparation for scientific institutions of the first order of excellence, such as the Massachusetts Institute of Technology, and which offers fine training to students of both sexes who look forward to some industrial or mechanical pursuit; a course of study known as the commercial course, established in September, 1907, and specially designed to meet the needs of those who intend to enter on a commercial or mercantile calling; and finally, a course, known as the general course, planned for those students not intending to enter higher institutions of learning and not desiring the somewhat specialized training offered by the commercial or technical course. The order in which these courses have been named is of no significance. They are mentioned only that I may show the wealth of opportunity which an intelligent and opulent community has seemed to rejoice in providing. If *opportunity* were only the deciding factor in education, what bright futures might we not predict for all students in attendance on this school! But *opportunity* never yet produced *capacity*, and the presence of opportunity, however varied and abundant, is not certain guaranty of a determination to profit by it. A boy in his teens rolls up to the school building, guiding a car which has cost his father several thousands of dollars. The father, in his boyhood, took from the hands of his good mother each morning the little tin pail containing his dinner, and trudged sturdily over two or three miles of country road to the little

rural school. For the father what dearth of opportunity! For the son what seeming wealth! And yet what assurance can we have that the son will ever become able to purchase an automobile, to say nothing of growing into the splendid manhood which the father has attained?

The manual training building, the municipal bath and gymnasium, although only the former is under the control of the school authorities, seem to illustrate my thesis that, not the demands of the state, but prevailing local opinion chiefly determines the amount of our expenses for educational purposes.

It were greatly to be regretted if any one should infer that the town's interest in education and its devotion to its schools are shown only in liberal grants of money. The high character of the men and women who for many years have composed this Board, the intelligent and disinterested service which they have rendered, the cordial support which they have received from their townsmen— a support which has been extended with equal cordiality to teachers,—it is in such particulars as these that we find evidence of a sound and healthful sentiment. As long as such sentiment exists there is small likelihood of a niggardly spirit in pecuniary matters and, better still, there is small likelihood that the schools will lack that intelligent, sympathetic, steady moral support on which their welfare must ever depend.

Industrial Education.

I shall have occasion presently to speak of sundry matters pertaining to the school year 1906-07, to which year this report specifically relates. Before doing so, however, I think the time opportune for some remarks upon the subject of industrial education, one of the live topics in current educational discussions. It may be well at the outset to trace the legislative action of recent years which relates to it. The General Court of the year 1891 passed a resolve which provided that the Governor appoint a commission, to consist of three persons, who were instructed to investigate the existing systems of manual training or industrial education, with special deference to the question whether any existing system or any modification thereof can be adopted with advantage in any of the public schools of the Commonwealth. In July, 1891, Governor William E. Rus-

sell appointed as members of the commission Mrs. Louise P. Hopkins, Mr. Edwin P. Seaver and Mr. George E. McNeill, and its first meeting was held in August. The commission was instructed in the resolve which created it, to report to the General Court of 1892. It became evident, however, that an adequate report could not be prepared too early and the General Court of 1892 provided that the commission should continue its investigation and submit its report to the Legislature of 1893. The labors of the commission resulted in a report of some three hundred pages, which will be found on inspection to contain much matter of interest and importance. Since this report is easily accessible, no extended citation from it is necessary. I find place, however, for certain remarks made by Mr. Seaver as to "manual training" and "industrial education," because their soundness seems to me indisputable, and because it is quite as necessary in 1908 as in 1893 that we hold fast to the doctrine which they teach. Mr. Seaver says:—

The two phrases "manual training" and "industrial education" are often used the one for the other, as if they denoted the same thing. In a general way they do suggest the same thing, yet under different aspects, and with some meaning attached to each not carried by the other. Thus the occupations of the kindergarten and the hand-craft taught to young children in the schools are not most aptly described as industrial education; nor, on the other hand, would the instruction given in a trade school or in apprenticeship be fully covered by the term manual training; and yet there is in all such instruction, from that given the youngest to that given the oldest pupils, much that is identical in purpose and in effect.

Recognizing this identity, we may nevertheless conveniently observe a certain distinction between the phrases in question; understanding by "manual training" any instruction in manual work designed to improve the intellectual powers of the worker, and by "industrial education" the instruction necessary to produce the kinds and degrees of skill needed for the exercise of particular trades or industries.

These two purposes, the one educational and the other economic, are clearly not inconsistent with each other in theory, nor does one exclude the other in practice. Both can be and are subserved by the same school or by the same course of instruction. For example, there is good intellectual training to be had in the learning of trades for purely industrial ends, if the methods of instruction be logical and well adapted to their purpose. On the other hand, the industrial value of manual training is not to be ignored merely because its chief aim happens to be the development of general intellectual power. Indeed, it may be observed that most of the existing systems of manual instruction exhibit

a double purpose, partly educational and partly economic, the one or the other predominating, according to the ages or other circumstances of the pupils. So, too, among the arguments that have been advanced in support of manual training as a branch of public instruction there are some which allege its disciplinary value and others which lay stress on its industrial utility. There is good ground for both these lines of argument, the validity of neither impairing that of the other.

During the decade following 1893 there is no legislative enactment of great importance in relation to the topic now under discussion. In 1905, however, the General Court, acting on the recommendation of Governor Douglas, authorized the appointment of a committee of nine, to be known as the Commission on Industrial and Technical Education, and who were to report on or before the second Wednesday of January, 1906, a time subsequently extended to the second Wednesday of April, 1906. As a result of the labor of the Douglas commission, we have a second report of great value, whose central feature consisted in a recommendation that a Commission on Industrial Education be established, and Chapter 505 of the Acts of 1906 provided for the establishment of such a commission, to consist of five persons and to exist for three years. If we compare the phraseology of 1906 with that of 1893, we observe that the term "manual training" has disappeared, the latter enactment concerning itself solely with industrial education; and one is justified in remarking that, as the claims made thirty years ago for manual training are extravagant and certain to prove ill-founded, so today there is a disposition to undervalue manual training and to ignore results of great value which ought to be credited to it.

A certain measure of extravagance of claim seems inseparable from every novel educational policy which is urged for adoption. Believing thoroughly in industrial education rightly carried out, I am equally confident that there are certain firmly established truths to which we must hold fast. As stated, they seem almost self-evident, and yet not a little of current discussion in press and on platform seems to ignore them. By way of illustration, and as briefly as possible, the very use of the limiting term "industrial" implies the relation of a part to a whole. As to the precise terms of this relation, whether quantitative or qualitative, there will be a wide range of opinion, but as to the fact there can scarcely be disagreement. To me it

seems equally clear that industrial education, as such, has no place in elementary schools. As we have done for ages, so we shall continue to modify elementary school curricula to the end that graduates of these schools may be as well fitted as possible for their future environment and shall enter that environment with the largest possible measure of intelligence and efficiency. Even in the secondary school, industrial education must continue to hold a subordinate position, although, as I shall presently remark, I believe that the existing high schools of the state, through a certain extension of their activities, may prove to be the best agencies for accomplishing certain elementary forms of industrial education. In our own high school, I suppose the newly established commercial course would, by common consent, be regarded as most distinctly vocational, and yet I dissent from the claim that, however valuable they may be, the stenography, skill in typewriting, accomplishment as penmen or skill in figuring constitute the most valuable outcome to be expected of it. In the high schools of the future we are scarcely likely to have branches of instruction any more closely connected with the pursuits by which pupils are to earn a livelihood after graduation than are certain of the foregoing. The time may come when the establishment of trade schools at certain centres of population and industry will be desirable. As to this there seems much present confusion of opinion. The free high schools of Massachusetts have come to have certain characteristics which should be held sacred. Fundamentally they exist because the young people in them have each a life to live and not fundamentally because each of them has a living to earn. If the latter idea is kept in due subordination, there is no necessary conflict between the two. Any one who will turn to the report of Mr. Julius A. Warren to be found in 71st annual report of State Board of Education will find a most interesting account of an experiment in the high school of Petersham, far on its way to successful completion, in which the incidental has been attained with no sacrifice of the primary and essential ends for which the school exists. The cry seems plausible that schools should turn out graduates who are not only good but good for something, but after all its plausibility is the main characteristic of the cry. Channing was right when he said: "He is to be educated not because he is to make shoes, nails and pins, but because he is a

man." Not too early in the life of a human being may a second human being decide that he is to make shoes or nails or pins. While it is true that the great majority of human beings must devote their lives to distinctively manual and industrial pursuits, not too early may the schools of a democracy attempt to determine for the individual what his future pursuit is to be, and never may they proceed as though vocation of any sort—industrial or professional—were greater than the life in which after all it is but an incident.

Physical Examination of School Children.

Incorporated with my last report was an account of the examinations of the pupils of the Pierce School during the school year 1905-06. This account was jointly provided by Miss McSkimmon, principal of the school, and by Drs. Wm. H. Potter, Robert G. Loring and D. Harold Walker, under whose direction the examinations were conducted. It is evident that such examinations only attain the full measure of their possible beneficence when parents in general act upon the information and advice conveyed to them by the examiners. While I am not in a position to indicate by figures the exact extent to which this was done by parents of Pierce School children, the testimony of the principal leads me to believe that response of parents was both prompt and general. In the same report I printed in full the act of the Legislature of 1906 (Chapter 502, Acts of 1906) which bears the title, "An Act Relative to the Appointment of School Physicians."

The scope of the act is not fully indicated by its title, as will appear from a reading of its fifth section, which relates to a matter of vast importance of which the *teachers*, and not school physicians, are given immediate charge. This fifth section reads as follows:—

Section 5. The school committee of every city and town shall cause every child in the public schools to be separately and carefully tested and examined at least once in every school year to ascertain whether he is suffering from defective sight or hearing or from any other disability or defect tending to prevent his receiving the full benefit of his school work, or requiring a modification of the school work in order to prevent injury to the child or to secure the best educational results. The tests of sight and hearing shall be made by teachers. The committee shall cause notice of any defect or disability requiring treatment to be sent to the parent or guardian of the child, and shall require a physical record of each child to be kept in such form as the state board of education shall prescribe.

This act took effect on the first day of September, 1906, and it became the duty of the teachers of Brookline, in common with all other public school teachers of Massachusetts, to comply with its requirements during the school year 1906-07. Pupils of the kindergarten and grade one were not examined. In the other grades the results of the examinations may be summarized as follows:—

Whole number of pupils examined	2,867
Number of cases in which sight was found defective	690
Number of cases in which hearing was found defective	219
Number of parents notified	575

Section one of the act just referred to made it the duty of the school committee of every town to appoint one or more school physicians. Previously, in Brookline, such appointments had been made by the Board of Health, in whose annual budget the cost of school inspection was provided for. As explained on pages eight and nine of the last annual report of the School Committee, the Board increased its estimate for General School Expenses by the sum of \$2,000, in order that it might be in position to pay for the services of medical inspectors, as required by law, and also that it might extend to other schools examinations similar to those carried on at the Pierce during 1905-06. Thus far during the current school year the examination of pupils of the Lincoln, Parsons and Winthrop has been completed, and I am indebted to Dr. H. Lincoln Chase, chief medical inspector, for the following reports.

REPORT OF THE CHIEF MEDICAL INSPECTOR.

January 31, 1908.

To the School Committee of Brookline:—

I have the honor to submit the following report for the year ending January 31, 1908.

Under operation of the state law passed May 20, 1906, in regard to medical inspection of school children in towns, the School Committee took over this work and made the necessary appropriation therefor. The Committee appointed the writer Chief Medical Inspector of school pupils, and the same physicians who served as medical inspectors the previous year were appointed to serve in the same capacity under the new law. The physicians thus appointed were Doctors B. S. Blanchard, G. H. Francis, H. M. Cutts, E. M. Bowker, C. S. Francis, T. J. Shanahan, J. Kittredge and R. W. Hastings; the substitutes were Doctors L. W. Gilbert, A. G. Williams, E. Jones and A. A. Cushing. The duties of these physicians have been of the same character as in previous years.

The results of the examinations by specialists of the eyes, ears, teeth, throats and noses of the pupils in the Pierce School the previous year were so significant that all familiar with the facts were convinced that the pupils of our other schools ought to receive the benefits of similar examinations.* The Committee accordingly made an appropriation for these examinations, and brief reports of them by Dr. William H. Potter and Dr. D. H. Walker, who were in immediate charge of them, appear in connection with this report. The state law of 1906 requires the testing by the teachers, once a year, of the vision and hearing of all pupils in the public schools and notification of the parents if defects are found that require further examination by a specialist, and this new duty was attended to.

In conducting the examinations of the special organs referred to above, the services of an oculist were not employed the past year, for it was found from the experience at the Pierce School that comparatively slight evidence of defective vision or of eyestrain, if examined for by the teachers, could be detected by them, whereupon the parents were duly notified of the need of an examination by an oculist; and this duty the parents are found almost invariably to attend to. The securing of prompt and thorough repair of defects of the teeth is a much more difficult problem, but not one impossible of solution. Inasmuch as prematurely decayed teeth in the case of children are the cause of much pain, nervousness, overgrowth of tonsils and of adenoids, interference with respiration and general health and with the ability to study and to properly digest their food, they must suffer both in their physical and mental development and progress. The employment, therefore, of one or more school dentists has been strongly recommended to the writer by one of our school principals who sees at close range the deplorable condition of the teeth of his pupils and who appreciates the practical obstacles in the way of any other really effective measures for their adequate relief. To impress on both parents and pupils the need of more care of the eyes, teeth, throat and other special organs, Dr. Walter Channing of the School Committee and Dr. William H. Potter of the Harvard Dental College gave in one of our schools in January most interesting and instructive addresses, that of the latter being illustrated with the stereopticon. Mr. J. L. Mason, Physical Director of the new Municipal Gymnasium, also briefly addressed the meeting, as did also Principal Farley of the Lincoln School.

The recommendation that special provision for the relief of a portion of the school children suffering from enlarged tonsils, obstructive adenoids, and badly decayed teeth at a proposed local dispensary in a school building or in the Union Building, was the subject of a meeting of the two medical members of the School Committee, two grammar school principals, the two specialists who are directing the examinations, and the writer. Various plans were considered and certain measures decided on that it is believed will materially relieve the situation,

*For a full description of the details of this important work the reader is referred to last year's reports of the Superintendent of Schools and of the Agent of the Board of Health.

but which lack of space forbids entering upon here. As to the wisdom of extending the examinations by specialists to the other schools, there can be no question.

The past year two hygienic drinking fountains were put into the High School, so that now all our school buildings, with the single exception of the smallest one, are supplied with perfectly safe drinking facilities.

Another important measure has been the careful testing of the purity and humidity of the air in our schoolrooms. These tests, made on the recommendation of the writer, and with the approval of the medical members of the School Committee and the Superintendent, were carried out by Mr. Nyhen, the Assistant Bacteriologist of the Board of Health. The purity of the air as to the amount of carbon-dioxide was determined by the use of Dr. Fitz's air tester, and the humidity by the wet and dry bulb thermometer; descriptions of the methods may be found in Harrington's Practical Hygiene. The results were very instructive, showing just where effort must be made to improve defective ventilation and humidity in cold weather. Enclosed I transmit for the consideration and action of the board a copy of Mr. Nyhen's letter, which was not written for publication.

The experience of the past few years makes it certain that the work of the teachers, the medical inspectors and the specialists would be made much more effective if one or two school nurses were provided, as in Boston and elsewhere, and the appointment of one school nurse has recently been recommended by the writer.

In closing the writer wishes to thank the members of the School Committee, and especially the sub-committee on hygiene, the Superintendent of Schools, the principals and teachers who have assisted in the examinations, and the medical inspectors and specialists, who have skilfully and tactfully performed their various duties.

Respectfully submitted,

H. LINCOLN CHASE,
Chief Medical Inspector.

REPORT ON EXAMINATIONS OF TEETH.

Boston, February 1st, 1908.

To the School Board of the Town of Brookline:—

I herewith submit a report of the examinations of the teeth during the past year.

The examinations at the Lincoln School were made on October 29th, November 5th, 12th, 19th, 26th; a period of three hours was occupied on each of these dates. Records were made of all defects found, and from the records the following tabulation made:—

Total pupils examined	579	
		Per cent.
Mouths rated in good condition	32	5.52
Mouths rated in fair condition.....	211	36.44
Mouths rated in poor condition	336	58.04
	579	100.00

In comparing this school with the Pierce School,* examined about a year and a half ago, it will be seen that the number of mouths rated in good condition is only 5.52%, while in the Pierce School it was 18.44%.

The examination at the Parsons School was held December 19th, and the record is as follows:—

Total pupils examined	129	
		Per cent.
Mouths rated in good condition	10	7.75
Mouths rated in fair condition.....	39	30.23
Mouths rated in poor condition	80	62.02
	129	100.00

The examination at the Winthrop School was held January 28th, and the record is as follows:—

Total pupils examined	94	
		Per cent.
Mouths rated in good condition	6	6.38
Mouths rated in fair condition.....	38	40.43
Mouths rated in poor condition	50	53.19
	94	100.00

To the parents of all pupils in these schools whose teeth are rated as "fair" or "poor" has been, or will be sent the "notice to parents" adopted at the time of the Pierce School examination.

At the Lincoln School on January 28th, as one feature of a parents meeting, I gave a short illustrated lecture upon the teeth. The object of this lecture was to impress upon parents and scholars the value of the teeth, the uses for which they were made, and the forces causing their destruction. How to prevent decay or loss of the teeth was carefully explained. It is my opinion that the only way to materially lessen the prevalence of dental caries in the mouths of school children is to so interest the children and their parents in the cleansing and prophylactic care of the teeth that decay will not originate.

How far the town or city should assume the duty of filling and treating the teeth of those school children whose teeth would otherwise receive no attention is a question for careful consideration. In many cities of Germany this care is assumed. As yet the custom has not been established in this country. As a factor which will help in the solution of the care of the teeth of the children in the public schools of Brookline, I can say that plans are now being drawn for the erection of a new building for the Harvard Dental School, to be located upon Huntington

* The records of the Pierce School examinations have recently been reclassified and slight changes made from the original classification.

avenue, beside the Medical School buildings. It is expected that this building will be completed within a year, and it will contain a fully appointed, commodious dental infirmary which will be located almost within the limits of the town of Brookline.

In the work here reported I had the assistance of Dr. D. F. Spinney, Dr. E. N. Kent, Dr. F. B. Hicks and Dr. J. J. Riley, who made all the examinations. Their work was carefully and thoroughly performed and in a way to make it agreeable to the school children.

Very respectfully submitted,

WILLIAM H. POTTER.

REPORT ON EAR, NOSE AND THROAT EXAMINATIONS.

Brookline, February 19th, 1908.

The School Committee, Town of Brookline, Mass.:—

I wish to report the results of the ear, nose and throat examinations, recently completed, of the pupils of the Lincoln, Parsons and Winthrop Schools.

LINCOLN SCHOOL.

	Number Examined.	Referred to Physician.
Grade IX	67	23
Grade VIII	76	26
Grade VII	71	24
Grade VI	95	44
Grade V	99	38
Grade IV	93	15
Grade III	24	6
Grade II	25	12
Grade I	25	14
Kindergarten	35	8
Special	5	3
	615	213

PARSONS SCHOOL.

	Number Examined.	Referred to Physician.
Grade III	39	16
Grade II	38	25
Grade I	35	21
Kindergarten	22	11
	134	73

WINTHROP SCHOOL.

	Number Examined.	Referred to Physician.
Grade III	22	6
Grade II	25	8
Grade I	29	8
Kindergarten	22	7
	98	29

From the above results it will be seen that the greatest number of children referred are from the fifth and sixth grades. The examination shows that the age of the children of these grades is an especially important formative age physically; that the defects of the organs examined are especially marked in these grades. As an example, tonsils which have a tendency to enlarge appear to reach their greatest size in the children of the ages of eight to twelve years. The children of both the upper and the lower grades showed less tendency to tonsillar hypertrophy. In this connection I would like to call attention to the relation which I believe exists between carious teeth and glandular enlargement. The effect of the absorption of the products of decayed food and of carious bone upon the tonsils and glands in the immediate vicinity and on the digestive system must be far-reaching. I take the liberty of suggesting that a dentist be appointed to treat such children as cannot be treated privately: that such dentist be located in the school building, thereby saving the time of the children. I would like to suggest, also, that a roll of gauze be kept from which handkerchiefs can be cut for children affected with colds and "running noses," in order that the discharge need not be swallowed.

The examinations of the pupils were carried out by Drs. Brainerd, Borden and McLaughlin, all of Brookline.

Respectfully,

D. H. WALKER.

Mr. George L. Farley, Principal of the Lincoln School, comments on the examinations in that school as follows:—

The physical examination at the Lincoln School has revealed some interesting, and in many cases surprising, conditions.

The data showed clearly the imperative need of the law requiring the examination.

It has also become evident that some way must be found whereby the most serious cases shall receive the medical attention which they demand, if the health of the child is to be protected.

Many cases of tonsils so large that they practically filled the throat passage were brought to our attention. Such cases demand immediate operation to guard against certain dangers from contagious diseases.

In the seventh grade a girl was found who could not hear the spoken voice at a distance of three feet. She had become an expert lip reader. This fact had never been discovered by any of her teachers. Taken at once and properly treated, the physician felt quite sure that the hearing could be saved; allowed to go neglected, she would become totally deaf.

An interesting case was that of a boy in the ninth grade. In one of his ears was found the seed of a rum cherry. On being removed the stone was found to be so badly decayed on the inside that serious trouble would have resulted within a short time.

The results of the examination of the dentists were amazing. That something should be done at once was apparent. A school dentist seems not too much to hope for at some time in the near future. Much school time could be saved and less hours would be lost by the pupils than under present conditions. I also believe that a tooth-brush could be furnished each pupil and that he could be taught to use it properly and to advantage.

It might be of interest to add that twenty-six pairs of glasses have appeared in the school since the examination of the eyes of the pupils one year ago.

The School Year 1906-07.

September, 1907	1,818	1,796	3,614

Enrolment in Public Schools.

1902-03	3,883
1903-04	4,024
1904-05	4,194
1905-06	4,247
1906-07	4,307

DISTRIBUTION OF PUPILS, SCHOOL YEAR, 1906-07.

Kindergartens.....	473	a decrease of	8
Primary grades (I-III)	1,293	a decrease of	9
Grammar grades (IV-IX)	2,065	an increase of	87
High School	476	a decrease of	10
	4,307	Net increase	60

The figures just cited show the whole number of pupils registered during the school year 1906-07, and are in excess of the number actually in attendance at any one time. Following the practice in recent years, I append a statement of enrolment at end of the second month for each of five years past.

For month ending Oct. 30, 1903	3,768
For month ending Oct. 28, 1904	3,883
For month ending Oct. 27, 1905	3,980
For month ending Oct. 26, 1906	3,990
For month ending Oct. 25, 1907	3,937

The month last named comes within the current school year, and in order that the present report may be as nearly as possible up-to-date in the information which it affords, I print next tables showing the distribution of these 3,937 pupils, first among schools and then among grades.

SCHOOL YEAR 1907-08.—SECOND MONTH ENDING OCT. 25, 1907.

VI.		34	29	40	44 } 44 }	40 } 42 }			49				
VII.		38	33	35	44 } 47 }	}	}	42 } 40 }	43				
VIII.		28 } 21 }	31	33	50 } 47 }			46 } 44 }	36				
IX.		42	20	29	39 } 38 }			39 } 36 }	37				
					35 } 34 }			36 } 36 }	30				

A table similar to the above appeared in preceding reports. Its purpose is to give prominence to an advantage enjoyed by the local public, because of the small number of pupils assigned to each teacher. We have here figures relating to eighty-six primary and grammar rooms and showing the enrolment in each at the end of the second month of the school year, when attendance is at or very near the maximum. In only seven instances does the enrolment exceed forty-five.

Age Conditions in Grade IX.

In the school report for the year ending January 31st, 1902, appeared a table similar to that which I insert below and relating to the classes graduating in June, 1902. In each succeeding report has appeared a corresponding table and the one now submitted constitutes the seventh in the series. In preparing the first of these tables, I was desirous of showing that a considerable proportion of pupils fail to complete the work of the elementary schools as early as is desirable. However such proportion may be diminished by wise management, we can not expect it to wholly disappear. We must remember

that, in our attempts at universal education, we are dealing with the greatest possible variety of mental endowment. Because of this and because of the serious interruptions caused by illness, changes of residence and other inevitable misfortunes, we shall always have a belated contingent. These tables afford a convenient means of determining the success which attends our efforts to bring the great majority of pupils to the end of their elementary course at a reasonably early age.

	Whole number belonging to Grade IX.	Between 12 and 13.	Between 13 and 14.	Between 14 and 15.	Between 15 and 16.	Between 16 and 17.	Between 17 and 18.	Between 18 and 19.
School A	36	1	5	15	13	1	1	0
B	21	0	1	8	7	5	0	0
C	37	1	7	10	15	4	0	0
D	66	0	4	11	38	11	2	0
E	71	0	8	26	23	13	1	0
F	30	1	4	9	14	2	0	0
	261	3 1%	29 11%	79 31%	110 42%	36 14%	4 1%	0 0%

High School.

Among the varied activities that have come to claim a place as part of our high school life and work is the annual play given by members of the school and supervised by the teachers.

This year the piece chosen was an adaptation of Schiller's "Der Neffe als Onkel," Nephew or Uncle, a classic requiring the expenditure of much time and care on the part of all in order to make a presentation worthy of our traditions. The wisdom of the selection and the skill of those in charge was manifest in the event, which occurred on Friday evening, January 17th. The parts were well taken and the details admirably managed. The costumes, of the period of 1775, were, as always, effective, and the effort served to supplement in some degree our work in history and literature.

Great credit is due to Miss Spaulding and Miss Adams, who with great care and excellent judgment were in general charge of the play, and to Mr. Carl Wetherell, '04, the coach.

Debating Club.

Another activity which bids fair to become firmly established is the Debating Club, organized two years ago, and now, under the careful and energetic oversight of Miss Ingram, holding semi-monthly meetings which are appealing to the interest of a large number of boys. A critic and a judge chosen from the teachers are present at each meeting and their suggestions have proved most helpful. The debates are now spirited, and those qualities which make debating valuable are already beginning to appear in those who are most interested.

Excuses from Physical Training.

For many years the efficiency of our physical training for girls has been seriously impaired by the large number of permanent excuses from the work. The physical examinations begun last year by Dr. Bond were not required to convince those in charge that many of the requests for dispensation had no reasonable basis in fact. These examinations by Dr. Bond, however, together with the increasing insistence of our demand that pupils meet the required exercises of the school, have had the effect to very greatly reduce the number of these excuses from physical training on the girls' side.

Last year there were fifty-six excuses, all supported by physicians' certificates. Nine of these Dr. Bond would have granted. This year there were only eleven requests for excuse, and of these five Dr. Bond would grant.

When one of our prescribed subjects is allowed to be slighted in the manner that physical training for girls has been slighted in years past, the effect on all prescribed work is not good.

Millinery.

In addition to the regular work in domestic art, an optional course in millinery was begun early in the fall term, with twenty-one girls in two divisions. The class is in charge of Miss Schwindt. In addition to instruction in the mechanics of the work, the pupils are taught to so utilize their materials that a well made, artistic product may be made at very moderate cost.

Art Metal Work.

The past two years Mr. Miller has used the only periods of his free time during the week for the instruction of two groups of pupils in art metal work.

Ornamental dishes of hammered copper, some enameled work, and some jewelry of most creditable appearance has been produced by the pupils during the last two years, under Mr. Miller's direction.

The school is now well equipped with utensils and places for sixteen workers in this branch.

An after-school class of teachers and graduates to pursue this work was formed early in the fall and much interest has been manifested by them in this form of manual training. Those who take the work are largely those who have not been able to take any other form of manual training during their school course. Preference is given to the older pupils in school in making up the classes, because our accommodations are not adequate for all who would like to make use of the opportunity.

Graduation occurred last year on the evening of June 20th. The graduating class numbered 59, of which 38 were girls and 21 were boys. The address was given by Walter Perley Hall, Esq., at that time First Assistant Attorney-General of Massachusetts.

Of the graduates 24 have entered higher institutions, distributed as follows: Harvard, 5; Harvard Dental, 1; Massachusetts Institute of Technology, 5; Radcliffe, 3; Smith, 1; Wellesley, 3; Vassar, 2; Boston Normal School of Gymnastics, 2; Framingham Normal School, 1; Simmons, 1; non-graduates: Amherst, 1; Harvard, 2; Massachusetts Institute of Technology, 1.

Whole number enrolled for school year ending June, 1907 . . .	476
Whole number enrolled for present year to Jan. 31, 1908 . . .	527
Average attendance for year ending June, 1906	412
Average attendance for year ending June, 1907	398
Number of boys belonging to the school Jan. 31, 1907	213
Number of girls belonging to the school Jan. 31, 1907	222-435
Number of boys belonging to the school Jan. 31, 1908	251
Number of girls belonging to the school Jan. 31, 1908	250-501
Number in each class: I, 68; II, 102; III, 130; IV, 199.	
Number of special students	0.
Number of post-graduates	2

At present pupils are resorting to manual training building as follows:—

For instruction in manual training, Class I	13
For instruction in manual training, Class II	19
For instruction in manual training, Class III	35
For instruction in manual training, Class IV	58

For instruction in mechanical drawing, Class I	0
For instruction in mechanical drawing, Class II	22
For instruction in mechanical drawing, Class III	35
For instruction in mechanical drawing, Class IV	66
For instruction in art metal	28

For instruction in needlework, Class I	20
For instruction in needlework, Class II	32
For instruction in needlework, Class III	27
For instruction in needlework, Class IV	77
For instruction in millinery	21

Commercial Course.

For instruction in business practice, Class I	8
For instruction in business practice, Class II	32
For instruction in business practice, Class III	27
For instruction in business practice, Class IV	84

Vacation Schools.

The vacation schools of 1907 were opened on Monday, July 8. The summer session comprised six weeks, ending on Friday, August 16. After a year's absence Mr. Frederick O. Smith resumed his position as director. Particulars as to distribution of pupils among buildings, their organization into working sections, and as to the activities undertaken have been given in former reports and it seems unnecessary to repeat them. The number of pupils enrolled and the average daily attendance are noted in Mr. Smith's report which follows:—

Somerville, Mass., January 19, 1908.

My dear Mr. Aldrich,—Enclosed you will find a correct report of the vacation schools for last summer. Before I give the data pertaining to them, let me say a word about the work in the schools, which I consider was very successful. At the Winthrop School, it seemed to me that the results obtained were very creditable. The work at the Sewall School was along the same line as in previous years and was carried on very well. In the Lincoln building the ages of the children gave little chance for much change, although last year I devoted the last half of each session on Friday to some form of entertainment in the hall. In the sloyd

room many pieces of furniture were brought from home and repaired. while in the weaving class forty chairs were reseatd and twenty hammocks made, besides the many baskets.

During the term we enrolled the following:—

Lincoln	371
Winthrop	268
Sewall	150
Total	789

The attendance in the separate buildings and the combined attendance is given in the following tabulated form:—

LINCOLN SCHOOL.

FREDERICK O. SMITH.

School Gardens.

The school garden record for the summer of 1907 is in part satisfactory, but in part quite otherwise. Of our twelve elementary schools, no gardening was undertaken at the Cabot, Devotion, Longwood, Newton street, and Parsons. At each of the seven remaining schools, *i.e.*, Heath, Lawrence, Lincoln, Pierce, Runkle, Sewall and Winthrop, gardening operations more or less extended were undertaken. Of these schools the Lincoln and Pierce are the largest, and the land available for each is so limited in area that the advantages offered by school gardening are restricted to a small minority of their pupils. Gardening at the Lawrence was undertaken for the first time upon a rather intractable plot in the rear of the building. Most of the Lawrence pupils are absent from town during a large part of the summer, and, of necessity, during July and August the garden received scant attention. Although early and diligent inquiry was made for a school garden instructor who should begin service on May 1st, for a considerable time the search was fruitless. Finally, but not until June 28, the services of Miss Ivy Abercrombie, who had been connected with the Agricultural College at Guelph, Canada, were secured.

The Lincoln, Sewall and Winthrop gardens were assigned to Miss Abercrombie, and, although they had been planted at an earlier time by pupils, acting under the direction of their teachers, her work began under unfavorable auspices. Long before the expiration of the season, Miss Abercrombie was offered a normal school position in British Columbia, and ended her engagement with us on Friday, August 9th. I have stated these circumstances with some completeness, not because of their intrinsic importance, but because they illustrate the difficulty, pointed out to the Board in other reports, of establishing school gardening upon a satisfactory basis, as an integral part of the public school system. It will be remembered that the expense of school gardens has been met in three ways: first, entirely by private funds, then by the combination of the private funds with a contribution from the town treasury, and finally, wholly by public funds. With a change from the first plan to the second, and again with the change from the second plan to the third, has come an increased measure of official responsibility. While I am not ready to assert that there are insuperable difficulties in the way

of a successful incorporation of gardening, with our other school pursuits, I am obliged to remind the Board that, if not insuperable, some difficulties are by no means insignificant.

Evening Schools.

For the winter of 1906-07, the term of evening instruction extended from Monday, October 15th, 1906, to Friday, March 22d, 1907. Two of the classes met on 62 nights. Because of the small number in attendance the class in industrial drawing was discontinued after 44 meetings, and the classes in cooking, meeting once each week, had 20 and 19 lessons respectively.

LINCOLN BUILDING. CLASSES FOR BOYS AND MEN.

1906-07.

English branches	50 nights, average attendance	18
Carpentry	47 nights, average attendance	13
Industrial drawing	44 nights, average attendance	5

PIERCE BUILDING. CLASSES FOR GIRLS AND WOMEN.

English branches	62 nights, average attendance	36
Stenography and typewriting* ...	62 nights, average attendance	17
Cooking, Monday class	20 nights, average attendance	14
Cooking, Friday class	19 nights, average attendance	10

For the present season, classes corresponding to those named in the preceding tables have been organized. Between Monday, October 14th, 1907, and Friday, January 31st, 1908, forty-one evenings were available, and the following statement shows how they were utilized:—

LINCOLN BUILDING. CLASSES FOR BOYS AND MEN.

1907-08.

English branches	41 nights, average attendance	37
Carpentry	41 nights, average attendance	13
Industrial drawing	37 nights, average attendance	6
Cooking	9 nights, average attendance	13

PIERCE BUILDING. CLASSES FOR GIRLS AND WOMEN.

English branches	41 nights, average attendance	35
Stenography and typewriting* ...	41 nights, average attendance	24

* Instruction in typewriting and stenography was also given to sundry students whose attendance is reported in preceding line.

Municipal Gymnasium.

Although the gymnasium is not a part of our school system, its establishment ought to prove of great advantage to the educational interests of the town. As remarked in another connection, the physical instruction of high school pupils has already been transferred to the new structure, which offers ideal advantages. While it may be found that pupils of the elementary schools cannot resort to the gymnasium during the hours in which the schools are in session, our one-session plan should make it easily possible for the younger pupils, during the hours of the afternoon, to derive great and lasting benefit from its existence. It seems certain that the activities of the gymnasium will stimulate and maintain interest in physical training as carried on in the schools, and we may hope that such interest will induce our young people to resort to the gymnasium generally and frequently after their connection with the schools comes to an end.

[Free Shower Baths at Heath and Lincoln Buildings.

In the warrant for the special town meeting held on May 28, 1907, article eleven reads as follows:—

“To appropriate \$400 to be expended under the direction of the School Committee to defray the expense of using shower baths in the Lincoln School and Heath School during July and August.”

Under this article the town voted “to appropriate four hundred dollars to be expended under the direction of the School Committee to defray the expense of using shower baths in the Lincoln School and Heath School during July and August.”

After due investigation, the Committee concluded that arrangements indicated by the notices here inserted would meet the needs of all interested.

FREE BATHS**HEATH SCHOOL BUILDING****July and August, 1907**

On Thursdays and Saturdays

For Men and for Boys over 15 years of age

On Fridays

For Women and for Girls over 15 years of age

Between 5 and 8 o'clock p. m.

FREE BATHS

WM. H. LINCOLN BUILDING

For Men and for Boys over 15 years of age
Saturdays of July and August, 1907
Between 5 and 8 o'clock p. m.

At the September meeting of the Board, the superintendent reported the average number of bathers at the Heath on the Thursdays of July and August as twenty-six, the average number on Fridays as five, and the average number on Saturdays as thirty-four. The average attendance of bathers at the Lincoln on the Saturdays of these two months was thirty-one. The expense of thus utilizing the baths in these two buildings was \$203.03, which does not include charges for fuel, light and water.

As to Retiring Allowances for Teachers.

At the November meeting of the Board, the superintendent suggested that the Committee on Finance consider the feasibility of establishing a plan by which the retirement of teachers long in service might be facilitated. While this matter is of general importance, it is likely to soon become in Brookline of distinct urgency. Evidence of this is not lacking. We have five teachers whose term of service exceeds thirty years, one whose term exceeds twenty-eight years and two who have practically completed twenty-five years of service. In my judgment a system of retiring allowances is justified, not by a regard for the claims of teachers, but as a measure indispensably necessary for the welfare of the schools.

In Memoriam

Mary H. Platt

A Teacher in the High School

1899 - 1907

If one competent to the task found himself under the necessity of formulating an opinion as to the condition of a system of schools which must prove indisputable—much as a justice writes an opinion when the hearing of a case is ended,—and if, in the preparation of the educational opinion, one were restricted to a single line of inquiry, the wise man would choose to inquire with the greatest possible care as to the teaching staff. He would confidently believe that thorough and complete knowledge on this point would enable him to prepare an infallible opinion as to present conditions, ruling tendencies and ultimate results. He would need to know how teachers were selected, what means were taken to render them free, hopeful, serene and happy in their work, what stimulating influences were thrown about them, and finally and most important of all, what measure of skill and efficiency they had developed as teachers, and to what heights of intellectual and moral character they had attained as men and women. Thoroughly informed as to these matters, he could go forward with the preparation of an opinion in whose essential soundness he would have the largest possible confidence. If I say that I would gladly see the schools of Brookline tested in this way, I do but repeat an oft stated opinion of the high average excellence of our teaching staff. We are fortunate in the stability of this staff. The first payroll for the year 1906-07, prepared in October of the former year, contained one hundred fifty-three names and on the last payroll of the year, prepared in June, 1907, appear one hundred forty-nine of the same names. In three of these cases teachers retired for reasons personal to themselves, and death claimed the fourth. Miss Mary I. Platt began her service in the High School in September, 1899, and continued a respected and beloved member of its staff up to her death, which occurred on June 10, 1907. As I have recalled the strength and beauty of this life among us, as I have realized that like strength and beauty may be still seen in many another teacher, there has come to my mind from a volume comparatively little known a chapter called by its author the "Pressure of Gentleness." And this chapter I quote in full as a tribute to the happy memory of Miss Platt, and for the encouragement and strengthening of the many teachers who in their daily practice so well exemplify its spirit.

THE PRESSURE OF GENTLENESS.

A close relation of my own was for twelve years an officer in almost the severest of all continental services. In that chivalric army is conserved a traditional discipline, whose details would appall a democrat, and the exactions of which could only be endured by an obedient and military race. He tells me that, in his long experience, he only met with one captain who in dealing with his company avowedly ignored all means of physical coercion. On this captain's breast were the Orders of two kingdoms and two empires: after one well-fought day he had been voted by acclamation as a candidate for the Order of the Iron Crown, which he would have obtained had he added his own signature to those of all his brother officers; and yet so soft-hearted was this *chevalier sans peur* that any slattern beggar-woman could draw from him an ill-spared florin. In a village where a portion of the regiment were once quartered, the good curé, at the close of a sermon on Christian character, told his flock that, if they wished to see Christianity in action, they might see it in a captain of grenadiers who clothed their poorest children with his pocket-money, and whose closest companion was ignorant of his good deeds. This captain's company was noted as being the best-dressed and the best-conducted in the regiment. There were at Solferino (and there are, alas, such cases in all engagements) cases of gallant but stern officers that fell by a traitorous bullet from behind. There was not one man in the company of this captain that would not have taken in his stead a bullet aimed at him from the front.

A year and a half ago I met in Yorkshire an invalid young sailor. From his smooth face, short stature, and attenuated form, I should have taken him for a senior midshipman. To my complete astonishment I found he was commander of a Pacific liner, with a numerous crew under his orders, and in receipt of a splendid income. He had been third in command, when the two seniors had taken fever, and his gallantry under trying circumstances of all kinds had procured him unusually early promotion. I discussed with him the theory of discipline. He considered physical chastisement as brutal; swearing as unchristian; and hectoring as unmanly. "The man who cannot control himself is not fit to command a crew," he said, tritely and truly. I looked in wonder at this shrimp of a man, that was speaking with such calm confidence. "I never," he continued, "raise my voice above its usual tone to enforce an order." He was worn to skin and bone by a chest disorder of long continuance, which he considered would close his life at no distant date. I could have pushed him over with a rude jostle of my elbow. But there was something in his face that told you unmistakably he was not the man with whom to take a liberty.

He gave me a remarkable anecdote of himself. His ship was alongside of an American liner in the Liverpool docks. The Yankee captain was dining with him, and the conversation fell upon the means of maintaining order in a crew. The Yankee scouted all means but the

stick. He and his mates used on principle the most brutal means of coercion. During their argument, the steward came to announce that the English crew were fighting the Yankees on the neighboring vessel. The captains went on deck, and the Englishman, slinging himself by a rope, alighted in the midst of an uproarious crowd. "Well, my men," said he, "so you are making beasts of yourselves, and disgracing your captain." And the big fellows slunk off without a word to their own vessel, and one or two of the ring leaders were set for an hour or two to swab the decks. But of the quarreling tars there was not a man but could have lifted his wee captain, and dropped him overboard without an effort. I trust to God he may yet be living, and may long be spared, as a specimen of a quiet, resolute English, Christian skipper.

My chiefest friend at school was a man of widest mental culture, of even temper, and of sound judgment. Among his friends and my own at Trinity I knew a few men of a similarly high stamp. I remember one man in particular, in whom the scholar and the Christian so curiously blended, that it would be difficult to say where his Latin ended and his religion began. He was a spiritual and mental Merman. But if I were called upon to name the Aristides of my life-acquaintance, I should name a man whom I never knew till I had crossed the Tweed. I believe it would be as hard to warp a Carlyle into sentimental or religious cant, and a prophet-Cumming into common-sense and modesty, as to twist the nature of my friend into petty words or illiberal action.

He was once the superintendent of a public educational institution. He had been present one day in the drill-ground, where an honest sergeant with a good deal of superfluous bluster was putting a little regiment through its facings. When the boys were dismissed, the sergeant approached his superior, and said: "Excuse the liberty, sir, but really, when you are more used to boys, you'll find that you must put more pepper into what you do and say." "Well," said my friend, "every man has his own way: for my own part, I don't believe in pepper."

A few weeks afterwards the principal was in his library, when the sergeant was ushered in. "I've come, sir," said the latter, "to ask a favor. Those boys are a little troublesome at times. If you'd be kind enough just to stand at your drawing-room window for a few minutes when drill was going on, it would do a deal of good; if you'd only stand for a few minutes, reading a newspaper."

Ah! worthy sergeant, your pepper won't do, after all. No, friend keep it for your vegetables, and use it then in moderation.

I hold that men may be called of God to more offices than the holy one of the Christian ministry. There was an under-officer at my old school, who to me seemed always to partake largely of some of the finest attributes of the gentleman. He had failed through continued ill-health in business as a bookseller, and was a well-read man. He was uniformly civil and respectful to us, senior scholars; but,

while we could tip and bribe others, we could never venture on the liberty of an unadorned surname with him.

This man was called to the humble office of maintaining order in the school yard. So there are men called to command men on the field of battle, and boys in the schoolroom. I have met with a schoolmaster in Scotland who could govern a crowd of boys in one room, though they might be divided into scattered groups, and engaged in varied work; and his only implements of discipline were a word or two of good-natured banter or kindly encouragement, and occasionally a calm and stern rebuke. I have been much struck by the expression of his opinion, that physical coercion cannot be dispensed with altogether. In defiance, however, of a kindness, a sagacity, and a judgment that I respect, I do most firmly believe that the necessity for physical chastisement rests mainly upon two blemishes in our ordinary school system: the mechanical nature of our routine of work, and the crowding of our classrooms.

In the latter respect we are more at fault than our English brethren; in the former we are far less sinning. In the teaching of our elementary classes we employ far more spirit, and far less wood; and I wish I could add, no leather. There is less of a gulf between pupil and master. The severest means of physical chastisement at the disposal of the latter is almost innocuous. But mild as our implement may be from the point of view of physical pain inflicted, its employment is of necessity associated with some degree of odium, and a more formidable amount of ridicule. I am convinced that many children imagine that we schoolmasters were as naturally born with tawse as foxes with tails. Did you ever see children in a nursery play at school? The rule seems to be for the elder brother to play our part; and that part is limited to the fun or business of flogging all his little sisters.

We have gone a great way already in Scotland in the way of civilized teaching, in forbearing to use an instrument of acute pain and an instrument of indecent brutality. Let us make a further advance, and if we can invent some intellectual and moral substitute for our ridiculous scourges, let us send the latter in bundles to the public schools of England, to be there adopted when their system is sufficiently ripened by a few extra centuries of Christianity. Let us clothe their scholastic nakedness with the best rags of our barbarism. Our boys will be none the less manly and respectful. Flogging can never instill courage into a child, but it has helped to transform many an one into a sneak. And sneakishness is a vice more hard to eradicate than obduracy. So far from curing an ill-conditioned boy of rude and vulgar ways, it is calculated rather to render inveterate in him a distaste for study, and a solid hatred of our craft.

Let us be less careful of the mere number of our classes, and more careful of their intellectual culture. Let us care more of what we think of ourselves, than what the public think of us. The respect of others follows close upon self-respect. Let us not care to be called of men, Rabbi, Rabbi. Let us be content with classes of limited num-

bers, every member of which can keep pace with a properly advancing curriculum. Let us aim at a broad and invigorating culture, not a narrow and pedantic one; let us ignore examinations of college or civil service, and aim only at the great and searching examination of actual life. Let our aims be high and generous, irrespective of the exactions of unreasoning parents and well-meaning but unqualified intermeddlers; let our means of coercion be dignified, in spite of the trials to which our tempers may be exposed. Let us endeavor to make our pupils love their work without fearing us. They may live—God knows—to love us. Whether they ever love us or not perhaps matters but little, if we do our work single-heartedly. The *mens conscia recti* is of itself no mean reward. I am, perhaps, an enthusiast; but I have an idea that, ere a generation is passed away, the last sound of the last tawse will be heard in the leading grammar schools of Scotland. Her scholars will be none the worse taught, and her schoolmasters none the less respected, when instruction has been made less rugged in her aspect, and discipline is maintained by the more than hydraulic pressure of a persistent and continuous gentleness.

And, O brother schoolmaster, remember evermore the exceeding dignity of our calling! It is not the holiest of all callings; but it runs near and parallel to the holiest. The lawyer's wits are sharpened, and his moral sense not seldom blunted, by a life-long familiarity with ignorance, chicanery, and crime. The physician, in the exercise of a more beneficent craft, is saddened continually by the spectacle of human weakness and human pain. We have usually to deal with fresh and unpolluted natures. A noble calling, but a perilous. We are dressers in a moral and mental vineyard. We are undershepherds of the Lord's little ones; and our business it is to lead them into green pastures, by the sides of refreshing streams. Let us into our linguistic lessons introduce cunningly and imperceptibly all kinds of amusing stories; stories of the real kings of earth, that have reigned in secret, crownless and unsceptred; leaving the vain show of power to gilded toy-kings and make-believe statesmen; of the angels that have walked the earth in the guise of holy men and holier women; of the seraph-singers, whose music will be echoing forever; of the cherubim of power, that with the mighty wind of conviction and enthusiasm have winnowed the air of pestilence and superstition.

Yes, friend, throw a higher poetry than all this into your linguistic work; the poetry of pure and holy motive. Then, in the coming days, when you are fast asleep under the green grass, they will not speak lightly of you over their fruit and wine, mimicking your accent, and retailing dull, insipid boy-pleasantries. Enlightened by the experience of fatherhood, they will see with a clear remembrance your firmness in dealing with their moral faults, your patience in dealing with their intellectual weakness. And, calling to mind the old school-room, they will think: "Ah! it was good for us to be there. For, unknown to us, were made therein three tabernacles: one for us, and

one for our schoolmaster, and one for Him that is the friend of all children, and the Master of all schoolmasters."

Ah! believe me, brother mine, where two or three children are met together, unless He who is the spirit of gentleness be in the midst of them, then our Latin is but sounding brass, and our Greek a tinkling cymbal.

REPORT OF TRUANT OFFICER.

Brookline, Mass., Feb. 1st, 1908.

Mr. George I. Aldrich, Supt. of Schools:—

Dear Sir,—I herewith submit my annual report on truancy, for the year ending January 31st, 1908, as follows:—

Number of cases of absence investigated	848
Number found to be truants	33
Number released from Truant School	3
Number sent to Truant School	3
Number placed on probation	4
Number now at Truant School	3
Number parents brought before the Court for being negligent in sending children to school	2
Cost of support of truants	\$131 82

I have visited the workshops and mercantile establishments in the town and found only three violations of the employment laws, and I had those corrected at once.

In addition to my duties as Truant Officer, I have investigated cases of contagious disease as follows:—

Scarlet Fever	37
Diphtheria	19
Measles	9

Respectfully submitted,

JAMES G. THOMPSON,

Truant Officer.

 6, 1907, discounted at 5¼% per annum 50,000
 Cost \$823.95.

Total \$250,000

Total cost, \$6,917.33.

For Purchasing Playgrounds \$100,000

At the adjourned annual meeting, March 28th, 1906, it was—

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow one hundred thousand dollars (\$100,000), appropriated at this meeting, for the purchase of land for public playgrounds. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1st, 1906, and shall be made payable in such annual proportionate payments as will extinguish the same in twenty years from their date.

July 2, 1907, there was borrowed of the Commonwealth of Massachusetts, \$19,000.00 on nineteen bonds of \$1,000 each, Nos. M93 to M111, inclusive, payable one each, January 1st, 1908, to January 1st, 1926, inclusive. The bonds bear 4% per annum interest, payable semi-annually, January 1st and July 1st, and were negotiated at par.

**For the Cost of a Public Gymnasium { \$100,000
20,000**

At the adjourned annual meeting, March 28th, 1906, it was—

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow one hundred thousand dollars (\$100,000) appropriated at the town meeting held on January 31st, 1906, for defraying the cost of a public gymnasium. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1st, 1906, and shall be made payable in such annual proportionate payments as will extinguish the same in twenty years from their date.

At the adjourned special meeting, May 14th, 1906, it was—

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow twenty thousand dollars (\$20,000) appropriated at this meeting, in addition to the hundred thousand dollars (\$100,000) authorized March 28, 1906, for defraying the cost of a public gymnasium. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1st, 1906, and shall be made payable in such annual proportionate payments as will extinguish the same in twenty years from their date.

Between August 10th, 1907 and January 31st, 1908, there was borrowed of E. H. Rollins & Sons \$108,000.00 on eighteen bonds of \$5,000 each, odd Nos. PG1 to PG35, inclusive, and eighteen bonds of \$1,000 each, even Nos. PG2 to PG36, inclusive, payable \$6,000 each year, January 1st, 1909, to January 1st, 1926, inclusive. The bonds bear 4% per annum interest, payable semi-annually, January 1st and July 1st, and were negotiated at par.

For Erecting a Consolidated Heating, Lighting and Power Plant for the Manual Training High School, Bath House, Gymnasium and High School \$35,000

At the adjourned annual meeting, March 28th, 1906, it was—

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow thirty-five thousand dollars (\$35,000) appropriated at the town meeting held on January 31st, 1906, to erect a Consolidated Heating, Lighting and Power Plant. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually, at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1st, 1906, and shall be made payable in such annual proportionate payments as will extinguish the same in ten years from their date.

January 28th, 1908. \$28,000 was borrowed of E. H. Rollins & Sons on 24 notes of \$1,000 each, Nos. HLP1, 2, 3, 5, 6, 7, 9, 10, 11, 13, 14, 15, 17, 18, 19, 21, 22, 23, 25, 26, 27, 29, 30, 31, and 8 notes of \$500 each, Nos. HLP4, 8, 12, 16, 20, 24, 28, 32, payable four each year, (\$3,500,) from January 1st, 1909, to January 1st, 1916, inclusive. All bear interest at 4% per annum, payable semi-annually, January 1st and July 1st. They were negotiated at par.

For Harvard and Washington Streets Widening \$30,000

At the special meeting, January 28th, 1907, it was —

Voted, That the Town Treasurer be authorized, when so directed by the Selectmen, to borrow the sum of thirty thousand dollars (\$30,000) appropriated at this meeting, for the alteration and widening of Harvard and Washington streets. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1, 1907, and shall be made payable in five annual proportional payments, so as to extinguish the same January 1, 1912.

January 31st, 1908, \$24,000 was borrowed of E. H. Rollins & Sons on 24 notes of \$1,000 each, V27 to V50, inclusive, payable six each, January 1st, 1909, to January 1st, 1912, inclusive. All bear interest at 4% per annum, payable semi-annually, January 1st and July 1st, and were negotiated at par.

For Washington and Walnut Streets Widening \$65,000

At the special meeting, January 28th, 1907, it was —

Voted, That the Treasurer be authorized, when so directed by the Selectmen, to borrow sixty-five thousand dollars (\$65,000) appropriated at this meeting, to pay land damages occasioned by the takings of land for the widening of Washington and Walnut streets, and of land outside of the boundaries of the same. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum per annum. Such bonds or notes shall be dated January 1st, 1907, and shall be made payable in such annual proportionate payments as will extinguish the same in ten years from their date.

Between October 15th, 1907, and January 31st, 1908, \$58,500 was borrowed of E. H. Rollins & Sons on 9 notes of \$5,000 each, Nos. LD1, 4, 7, 10, 13, 16, 19, 22, 25; 9 notes of \$1,000 each, Nos. LD2, 5, 8, 11, 14, 17, 20, 23, 26; 9 notes of \$500 each, Nos. LD3, 6, 9, 12, 15, 18, 21, 24, 27, payable \$6,500 annually, January 1st, 1909, to January 1st, 1917, inclusive. All bear interest at 4% per annum, payable semi-annually, January 1st and July 1st, and were negotiated at par.

For the Construction of Washington, Walnut and High Streets, Village Square Improvements and Land Damages \$50,000

At the adjourned annual meeting, May 28th, 1907, it was —

Voted, That the Treasurer be authorized, when so directed by the Selectmen, to borrow fifty thousand dollars (\$50,000) appropriated at this meeting, to pay for the construction of Washington, Walnut and High streets, and for improvements in Village Square and land damages. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum (4%) per annum; such bonds or notes shall be dated January 1st, 1907, and shall be made payable in such annual proportionate payments as will extinguish the same in ten (10) years from their date.

Nothing has been borrowed under this vote; \$6,568 has been expended for the purpose from unemployed funds in the Treasury.

Land for New Engine House \$30,000

At the adjourned annual meeting, May 28th, 1907, it was —

Voted, That the Treasurer be authorized, when so directed by the Selectmen to borrow thirty thousand dollars (\$30,000) appropriated at this meeting, to settle and pay compensation for the land voted at this meeting to be taken for the purpose of erecting an engine house thereon. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum (4%) per annum; such bonds or notes shall be dated January 1st, 1907, and shall be made payable in such annual proportionate payments as will extinguish the same in ten (10) years from their date.

Nothing has been borrowed under this vote; \$9,674 has been expended for the purpose from unemployed funds in the Treasury.

Village Square Engine House \$61,000

At the adjourned annual meeting, May 28, 1907, it was —

Voted, That the Treasurer be authorized, when so directed by the Selectmen, to borrow sixty-one thousand dollars (\$61,000) for the purpose of erecting an engine house and to provide temporarily for the apparatus now maintained in the present building. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum (4%) per annum; such bonds or notes shall be dated January 1st, 1907, and shall be made payable in such annual proportionate payments as will extinguish the same in ten (10) years from their date.

January 31st, 1908, \$54,000 was borrowed of E. H. Rollins & Sons on 9 notes of \$1,000 each, Nos. EH1, 3, 5, 7, 9, 11, 13, 15, 17, and 9 notes of \$5,000 each, Nos. EH2, 4, 6, 8, 10, 12, 14, 16, 18, payable \$6,000 each year, January 1st, 1909, to January 1st, 1917, inclusive. All bear interest at 4% per annum, payable semi-annually, January 1st and July 1st, and were negotiated at par.

Hammond Street Widening \$80,000

At the adjourned annual meeting, May 28th, 1907, it was —

Voted, That the Treasurer be authorized, when so directed by the Selectmen, to borrow eighty thousand dollars (\$80,000) appropriated at this meeting, to pay for the construction of Hammond street and land damages. Bonds or notes shall be issued therefor, signed by the Treasurer and countersigned by a majority at least of the Selectmen, with interest payable semi-annually at a rate not exceeding four per centum (4%) per annum; such bonds or notes shall be dated January 1st, 1907, and shall be made payable in such annual proportionate payments as will extinguish the same in twenty (20) years from their date.

July 23d and August 2d, 1907, there was borrowed of E. H. Rollins & Sons, the entire amount on twenty bonds of \$4,000 each, Nos. HSW1 to HSW20, inclusive, payable one each, January 1st, 1908, to January 1st, 1927, inclusive, bearing 4% per annum interest, payable semi-annually, January 1st and July 1st. Negotiated at par.

THE LIMIT OF INDEBTEDNESS.

Under the existing statutes governing municipal indebtedness, the amount which the town can borrow in addition to its present debt is as follows:—

Valuation for the assessment of taxes in Brookline for 1907 \$95,957,900

Gross Capacity (Revised Laws, chap. 27, sec. 4) for Funded

Debt, 3% \$2,878,737

Present Debt \$1,559,191

Deduct Water Debt 287,281

Net Debt for the purpose of this calculation 1,271,910

Available Margin between the present net debt and the

3 per cent statutory limit \$1,606,827

TOWN DEBT.

The Total Debt at the beginning of the year was . . . \$1,337,552 00

There was Borrowed during the year :

In Anticipation of Taxes	\$250,000 00	
In Anticipation of Funded Loans	200,000 00	
For Public Playgrounds	19,000 00	
For Municipal Gymnasium	108,000 00	
For Heating, Lighting and Power Plant	28,000 00	
For Harvard and Washington Sts. Widening	24,000 00	
For Washington and Walnut Sts. Widening	58,500 00	
For Engine House, Village Square	54,000 00	
For Hammond St. Widening	80,000 00	821,500 00

\$2,159,052 00

The Payments were the amounts borrowed

In Anticipation of Taxes	\$250,000 00
In Anticipation of Funded Loans	200,000 00

and the following-described notes and bonds :

Mar. 1, 1892, Riverdale Park Construction	4%	4,000 00
Mar. 1, 1898, Longwood Bridge	3 $\frac{1}{10}$	2,500 00
April 2, 1900, Boylston Street Widening	3 $\frac{1}{10}$	20,000 00
May 1, 1895, New High School Building	3 $\frac{1}{8}$	5,000 00
May 1, 1895, Druce St. Schoolhouse Site	3 $\frac{1}{8}$	1,500 00
June 1, 1901, Boylston Street Widening	3 $\frac{1}{10}$	3,500 00
June 1, 1901, Pumping Engine	3 $\frac{1}{10}$	1,200 00
June 15, 1892, Miscellaneous	3 $\frac{1}{8}$	8,315 00
June 15, 1894, Miscellaneous	3 $\frac{1}{8}$	10,300 00
July 1, 1893, Water	4	4,466 00
July 1, 1891, Riverdale Park Constuction	4	3,500 00
Aug. 1, 1890, Park Construction	4	2,000 00
Aug. 1, 1890, Riverdale Park Construction	4	1,000 00
Aug. 1, 1895, Water	3 $\frac{1}{4}$	600 00
Oct. 1, 1897, Longwood Bridge	3 $\frac{1}{8}$	1,250 00
Dec. 1, 1898, Court House and Police St'n	3 $\frac{1}{8}$	7,500 00
Jan. 1, 1891, Riverdale Park Construction	4	1,000 00
Jan. 1, 1891, Water	4	1,000 00
Jan. 1, 1895, Miscellaneous	3 $\frac{1}{4}$	3,580 00
Jan. 1, 1897, Water	3 $\frac{1}{8}$	750 00
Jan. 1, 1898, Water	3 $\frac{1}{8}$	700 00
Jan. 1, 1901, Miscellaneous	3 $\frac{1}{10}$	7,500 00
Jan. 1, 1902, Miscellaneous	3 $\frac{1}{10}$	7,500 00
Jan. 1, 1903, Water	3 $\frac{1}{8}$	1,000 00
Jan. 1, 1903, Pumping Engine	3 $\frac{1}{8}$	1,000 00
Jan. 1, 1903, Land, Tappan Street	3 $\frac{1}{8}$	1,000 00
Jan. 1, 1903, Reed Lot	3 $\frac{1}{8}$	1,800 00
Jan. 1, 1903, Manual Training High School	3 $\frac{1}{8}$	4,000 00
Jan. 1, 1903, Land off Hammond Street	3 $\frac{1}{8}$	1,200 00
Jan. 1, 1903, Old Reservoir	3 $\frac{1}{4}$	5,000 00
Jan. 1, 1903, Covered Reservoir	3 $\frac{1}{4}$	3,700 00
Jan. 1, 1903, Playgrounds	3 $\frac{1}{4}$	5,000 00
Jan. 1, 1904, Water	3 $\frac{1}{4}$	2,000 00
Jan. 1, 1904, Alt'ng and Enl'ng Pierce Sch'l	3 $\frac{1}{4}$	8,000 00
Jan. 1, 1904, Harvard & Wash'n St. wid'ng	3 $\frac{1}{4}$	2,000 00
Jan. 1, 1904, Land Wash., Sch'l & Pros. Sts.	3 $\frac{1}{4}$	5,500 00
Jan. 1, 1905, Water Meters	3 $\frac{1}{10}$	3,000 00
Jan. 1, 1905, Harvard & Wash'n St. wid'ng	3 $\frac{1}{10}$	2,000 00
Jan. 1, 1906, Public Playgrounds	4	1,000 00
Jan. 1, 1907, Hammond St. Widening	4	4,000 00

599,861 00

Leaving the Debt now \$1,559,191 00

An increase of \$221,639.00.

(E. & O. E.)

BROOKLINE, February 14th, 1908.

GEORGE H. WORTHLEY,
Treasurer and Collector.

REPORT OF THE AUDITORS.

For the financial year ending January 31, 1908, the Auditors have examined the accounts of George H. Worthley, Treasurer of the Town of Brookline, Treasurer of the Warren Tree Fund, and Treasurer of the Walnut Hills Cemetery, and report that they have been found correct, with proper vouchers and warrants. They have also examined his accounts as Collector of the Town and find them as reported.

GARDNER C. BROOKS,

CHARLES F. READ,

GEORGE ROGERS,

Auditors.

Brookline, Mass., February 28th, 1908.

REPORT OF THE TOWN ACCOUNTANT.

Brookline, Mass., Feb. 17, 1908.

To the Board of Selectmen:—

GENTLEMEN,—In compliance with Article X., Section 6, of the town by-laws, I herewith submit the eleventh annual report of the Accounting department.

TREASURY RECEIPTS

The total receipts as shown by the Treasurer's books for the year ending January 31st, 1908, were \$2,389,519 34

1. Temporary Loans.

Amounts borrowed and repaid during the year	\$450,000 00
In anticipation of taxes	\$250,000 00
In anticipation of funded debt	200,000 00
(No account of the payment of this amount will be made in the expenditures.)	

2. Reimbursements.

For materials furnished and services rendered persons, firms and corporations, the town having been reimbursed for the outlay, together with receipts credited to various departments, as follows:—

During the town's financial year ending January 31, 1908, I have examined the accounts of George H. Worthley, the Treasurer, at the close of each month's business, and have found them to be correct, with the balances, cash on hand and in bank, as entered in his books. I have had in my hands all the notes and bonds paid during the year and found them properly canceled.

I have also verified his accounts as Collector,—the taxes collected and uncollected, and in connection with those abated by the Assessors. The Receipts from Water Rates I have compared with the books of the Water department and find everything as recorded on the Collector's books. I have compared the Sewer Assessments reported collected with the original entries made by the Town Engineer, and find the amounts to be correct.

His accounts as Treasurer of the Trustees of the Walnut Hills and Brookline Cemeteries and of the Warren Tree Fund have been examined from time to time, and all are found to be as reported by him.

The accounts of Moses Williams, Treasurer of the Trustees of the Public Library, were examined at the close of the year and found to be correct, with all the securities registered in the name of the Trustees of the Public Library.

A statement giving the estimated value of town property and a classified statement of the maturing debt are appended.

Respectfully submitted,

EDWARD H. FENTON,
Town Accountant.

VALUATION OF TOWN PROPERTY—January 31st, 1908.

TOWN OF BROOKLINE ASSESSORS' DEPARTMENT

REPORT
OF THE
BOARD OF ASSESSORS
OF
BROOKLINE
MASSACHUSETTS

FOR THE YEAR 1907

BROOKLINE
THE RIVERDALE PRESS: C. A. W. SPENCER
1908

REPORT OF THE ASSESSORS.

The Assessors of the Town of Brookline submit the following report:—

The members of the Board elected at the annual March meeting were the same as in the preceding year, viz.: Charles H. Stearns, Charles A. Bowditch and Daniel J. Daley. The Board organized with the choice of Charles H. Stearns, chairman, and Irving L. Shaw, clerk. Mr. Bowditch was assigned the northerly district of the town, Mr. Stearns the central, and Mr. Daley the southerly.

The increase in the rate of taxation from nine dollars to ten and 80-100 dollars per thousand was made necessary by the large increase in state, county and town appropriations, viz.:

Increase in state taxes	\$49,328 59	
Decrease in county tax	22,232 39	
Net increase		\$27,096 20
Increase in town appropriations		152,657 92
Total increase		\$179,754 12

And it is well just here to remind the voters that generally speaking, with the town's present valuation, an increase of \$100,000 in appropriation means an increase of one dollar per thousand in the rate.

A special endeavor has been made the past year to better equalize the valuations laid upon land, and to reduce where the situation appeared to warrant: and an actual decrease of \$148,500 has been made in the valuation of land, the increase of \$696,700 in real estate values being accounted for by the new buildings erected during the year.

At the last session of the Legislature a law was enacted in regard to the tenure of office of the Assessors in the Commonwealth, looking to a term of office of three years in each town

where this term did not prevail, the same to take effect January 1, 1908; so that at the next election of town officers the voter will be required to vote for one Assessor for three years, one for two years and one for one year, looking ultimately to an annual election of one Assessor for three years. The desirability of thus making the board a more continuous one is manifest.

As the requirements and expenses of the office have necessarily increased with the growth of the town, the Assessors recommend an appropriation of \$9500 for the coming year. The sum of \$9000 was appropriated in 1901 and has been continued until now.

A comparison of some of the details of the Assessors' work of 1907 with those of the previous year may be of interest:

	1906.	1907.	Increase.
Polls assessed	6,910	6,992	82
Polls only	4,267	4,336	69
Number of tax bills	9,749	9,847	98
